Paul McCartney Many Years From Now:

Paul McCartney Barry Miles, 1997 An authorized portrait of one of the world's most famous musicians draws on exclusive interviews and access to personal archives to chronicle his private life and successful career *The Beatles and the Historians* Erin Torkelson Weber, 2016-04-28 Hundreds of books have been written about The Beatles Over the last half century their story has been mythologized and de-mythologized and presented by biographers and journalists as history Yet many of these works do not strictly qualify as history and the story of how the Beatles mythology continues to be told has been largely ignored This book examines the band's historiography exploring the four major narratives that have developed over time The semi-whitewashed Fab Four account the acrimonious breakup era Lennon Remembers version the biased Shout narrative in the wake of John Lennon's murder and the current Mark Lewisohn orthodoxy Drawing on the most influential primary and secondary sources Beatles history is analyzed using historical methods **Paul McCartney** Peter Ames Carlin, 2009-11-03 From the acclaimed biographer who brought you the rock biography of Bruce Springsteen comes the life of musician Paul McCartney from his groundbreaking years with the Beatles to Wings to his work as a solo artist and activist More than a rock star more than a celebrity Paul McCartney is a cultural touchstone who helped transform popular music as one half of the legendary Lennon McCartney songwriting duo In this definitive biography Peter Ames Carlin examines McCartney's entire life casting new light not just on the Beatles era but also on his years with Wings and his thirty-year relationship with his first wife Linda McCartney He takes us on a journey through a tumultuous couple of decades in which Paul struck out on his own as a solo artist reached the top of the charts with a new band and once again drew hundreds of thousands of screaming fans to his concerts Carlin presents McCartney as a musical visionary but also as a layered and conflicted figure as haunted by his own legacy and particularly his relationship with John Lennon as he was inspired by it Built on years of research and fresh revealing interviews with friends bandmates and collaborators spanning McCartney's entire life Carlin's lively biography captures the many faces of the living legend *Lennon and McCartney* Thomas MacFarlane, 2022-09-30 Lennon and McCartney Painting with Sound explores the work of two of the most influential composers of the twentieth century Five decades after the breakup of the Beatles the music of John Lennon and Paul McCartney continues to fascinate and inspire Evidence suggests that their uniquely eclectic approach can be traced back to the Liverpool College of Art Following on that idea this book explores the creative dialogue between John Lennon and Paul McCartney both with the Beatles and on their own that grew out of that early influence The book is presented in three sections I Stretching the Canvas considers the Liverpool College of Art as the backdrop for John and Paul's early collaborations with painter and musician Stuart Sutcliffe This is followed by discussions of select works created by the Beatles between 1962-69 II Extending the Space focuses on the long distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s III New Colours considers the final works of the

Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon's death in 1980. Here the focus is on Paul's development as a painter, its effect on his creativity and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world class arts conservatory. **Fab Howard** Sounes, 2010-10-26. He is one of the most famous, most wealthy people on the planet and yet he remains little known and understood as a personality. At long last Paul McCartney is the subject of a major, deeply researched, psychologically acute biography. It tells a story that will illuminate and surprise. The publication finds McCartney, who turns 70 in 2012, revitalized as a performer touring with a set of mostly Beatles songs and a man buffeted by profound changes in recent years: the death of his first wife Linda, the death of George Harrison, a second marriage to Heather Mills and its spectacular failure, the fall out from which is still crashing around him. **Grammar First** Ray Barker, Christine Moorcroft, 2002. Grammar First is a differentiated programme designed to compliment Write First and Spelling First. This supplementary series of textbooks and teacher files for Years 7, 8 and 9 uses a keep it simple approach to enable both specialists and non specialists to teach writing for their own subject. The texts examine model texts that illustrate rules, encouraging students to apply the grammar they learn and to consolidate it in their writing across all curriculum subjects. It develops grammar skills within a textual context targeting the Sentence Level Objectives of the Framework for Teaching English with a cross curricular emphasis. It builds on Primary NLS models by providing a complete supplementary course. Maharishi & Me Susan Shumsky, 2018-02-13. Susan Shumsky is a successful author in the human potential field. But in the 1970s in India, the Swiss Alps and elsewhere she served on the personal staff of the most famous guru of the 20th century, Maharishi Mahesh Yogi. Maharishi died in 2008 at age ninety, but his influence endures through the spiritual movement he founded, TM Transcendental Meditation. Other books have been written about him, but this spellbinding page turner offers a rare insider's view of life with the guru, including the time the Beatles studied at his feet in Rishikesh, India, and wrote dozens of songs under his influence. Both inspirational and disturbing, Maharishi and Me illuminates Susan's two decades living in Maharishi's ashrams where she grew from a painfully shy teenage seeker into a spiritually aware teacher and author. It features behind-the-scenes myth busting stories and over 100 photos of Maharishi and his celebrity disciples: the Beatles, Deepak Chopra, Mia Farrow, Beach Boys and many more. Susan's candid, honest portrayal draws back the curtain on her shattering, extreme emotional seesaws of heaven and hell at her guru's hands. This compelling, haunting memoir will continue to challenge readers long after they turn its last page. It dismantles all previous beliefs about the spiritual path and how spiritual masters are supposed to behave. Susan shares, merely by being in his presence, we, disciples, entered an utterly timeless place and rapturous feeling and at the same time realized the utter futility and insanity of the mundane world. Susan's heartfelt masterwork blends her experiences, exacting research, artistically descriptive and humorous writing, emotional intelligence and intensely personal inner exploration into a feast for thought and contemplation. Neither starry-eyed nor antagonistic, it captures from a balanced viewpoint the essence of life in an ashram.
