Burke, 2020-03-10 A captivating spirited account of the intense relationship among four artists whose strong personalities and aesthetic ideals drew them together pulled them apart and profoundly influenced the very shape of twentieth century art New York 1921 acclaimed photographer Alfred Stieglitz celebrates the success of his latest exhibition the centerpiece a series of nude portraits of his soon to be wife the young Georgia O Keeffe The exhibit acts as a turning point for the painter poised to make her entrance into the art scene There she meets Rebecca Salsbury the fianc of Stieglitz s prot g Paul Strand marking the start of a bond between the couples that will last more than a decade and reverberate throughout their lives In the years that followed O Keeffe and Stieglitz become the preeminent couple in American modern art spurring on each other s creativity Observing their relationship leads Salsbury to encourage new artistic possibilities for Strand and to rethink her own potential as an artist **A Sense of Things** Bill Brown, 2010-12-28 In May 1906 the Atlantic Monthly commented that Americans live not merely in an age of things but under the tyranny of them and that in our relentless effort to sell purchase and accumulate things we do not possess them as much as they possess us For Bill Brown the tale of that possession is something stranger than the history of a culture of consumption It is the story of Americans using things to think about themselves Brown s captivating new study explores the roots of modern America s fascination with things and the problem that objects posed for American literature at the turn of the century This was an era when the invention production distribution and consumption of things suddenly came to define a national culture Brown shows how crucial novels of the time made things not a solution to problems but problems in their own right Writers such as Mark Twain Frank Norris Sarah Orne Jewett and Henry James ask why and how we use objects to make meaning to make or remake ourselves to organize our anxieties and affections to sublimate our fears and to shape our wildest dreams Offering a remarkably new way to think about materialism A Sense of Things will be essential reading for anyone interested in American literature and culture
