Pauline Partnership In Christ Christian Community Commitment In Light Of Roman Law

Murray J. Harris

Pauline Partnership In Christ Christian Community Commitment In Light Of Roman Law:

Pauline Partnership in Christ J. Paul Sampley, 1980 **Paul's Emotional Regime** Ian Y. S. Jew, 2020-10-15 In his letters Paul speaks often of his emotions and also promotes certain feelings while banishing others This indicates that for Paul emotion is vital However in New Testament studies the study of emotions is still nascent current research in the social sciences highlights its cognitive and social dimensions Ian Y S Jew combines rigorous social scientific analysis and exegetical enquiry to argue that emotions are intrinsic to the formation of the Pauline communities as they encode belief structures and influence patterns of social experience By taking joy in Philippians and grief in 1 Thessalonians as representative emotions and contrasting Paul's approach with that of his Stoic contemporaries Jew demonstrates that authorized feelings have socially integrating and differentiating functions by reinforcing the shared theological realities upon which emotional norms are based group belonging is bolstered Simultaneously authorized emotions fortify the theological boundaries between Christians and others which strengthens group solidarity in the Church by accentuating its members insider status Using this framework heuristically Jew explores how the interplay of symbolic ritual and social elements within Paul's eschatological worldview reinforces emotional norms and demonstrates that attention to emotion can only deepen our understanding of the social formation of the early believers Paul's Corporate Christophany Rob A. Fringer, 2019-02-28 Paul's Christophany in his Damascus Road Experience has been the subject of much scholarly analysis However treatments of this phenomenon while widely varied have tended to extract the various references from their literary contexts in order to reconstruct the event to discover the foundations and content of Paul's Christology or to analyze Paul's experience of conversion and or call The current study focused on the undisputed Pauline epistles evaluates how and why Paul employed the various Christophanic references in their particular literary and sociohistorical contexts Through this assessment the importance of Paul's Christophanic references as part of his larger arguments is established It is shown how Paul uniquely shapes the various Christophanic references to fit the needs of his argument and through it the needs of each community Furthermore this study demonstrates that Paul's Christophanic references do not primarily establish his apostolic status or assert his apostolic authority Through this study the corporate nature of Paul's Christophanic references becomes increasingly evident and multiple general conclusions are drawn which provide a possible glimpse into Paul's understanding of his Christophanic experience *The Mission of the Church: In Paul's Letter to the Philippians in the Context of Ancient Judaism* J. Patrick Ware, 2005 Illuminating the Jewish context of early Christian mission this study through close exegesis of Paul's letter to the Philippians reveals the crucial place of the mission of the church in Paul's thought **Philippi, From Colonia Augusta to Communitas Christiana**, 2021-11-29 This volume provides a review of recent research in Philippi related to archaeology demography religion the New Testament and early Christianity Careful reading of texts inscriptions coins and other archaeological materials allow the reader to examine how religious practice in Philippi changed as the city moved from being

a Hellenistic polis to a Roman colony to a center for Christian worship and pilgrimage The essays raise questions about traditional understandings of material culture in Philippi and come to conclusions that reflect more complicated and diverse views of the city and its inhabitants **Paul the Convert** Alan F. Segal, 1990-01-01 In this revisionist work Segal maintains that Paul's life can be better understood by taking his Jewishness seriously and that Jewish history can be greatly illuminated by examining Paul's writings a blockbuster of a book about Paul that blazes a new trail New Theology Review

Archaeology and the Letters of Paul Laura Salah Nasrallah, 2019 This study illuminates the social political economic and religious lives of those to whom the apostle Paul wrote It articulates a method for bringing together biblical texts with archaeological remains *The Second Epistle to the Corinthians* Murray J. Harris, 2013-08-22 The reputation of the NIGTC series is so outstanding that the appearance of each new volume is noteworthy This book on 2 Corinthians is no exception Master New Testament exegete Murray J Harris has produced a superb commentary that analyzes the Greek text verse by verse against the backdrop of Paul's tumultuous relations with his converts at Corinth Believing that Scripture cannot be understood theologically unless it has first been understood grammatically Harris provides a careful thoroughgoing reading of the text of 2 Corinthians He gives special attention to matters of translation making regular references not only to the standard modern English translations but also to influential older versions such as The Twentieth Century New Testament and those by Weymouth Moffatt and Goodspeed His close attention to matters of textual criticism and grammar leads to discussions of the theology of 2 Corinthians that show the relevance of Paul's teaching to Christian living and church ministry Other notable features of the book include a comprehensive introduction in which all the relevant literary and historical issues are discussed an expanded paraphrase of the letter that conveniently shows Harris's decisions on exegetical issues and indicates the flow of Paul's argument a chronology of the relations of Paul Timothy and Titus with the Corinthian church and an excursus on Paul's affliction in Asia 1811 and its influence on his outlook and theology **Colossians and Philemon** David W. Pao, 2016-05-24 Concentrate on the biblical author's message as it unfolds Designed to assist the pastor and Bible teacher in conveying the significance of God's Word the Zondervan Exegetical Commentary on the New Testament series treats the literary context and structure of every passage of the New Testament book in the original Greek With a unique layout designed to help you comprehend the form and flow of each passage the ZECNT unpacks The key message The author's original translation An exegetical outline Verse by verse commentary Theology in application While primarily designed for those with a basic knowledge of biblical Greek all who strive to understand and teach the New Testament will benefit from the depth format and scholarship of these volumes **Paul and Secular Singleness in 1 Corinthians 7** Barry N. Danylak, 2024-04-04 Unlocks the ascetic conundrum in Paul's discussion of singleness in 1 Corinthians 7 leveraging material sources and Epicureanism This book offers a fresh understanding of singleness in Paul's day that clarifies his argument and portrays a picture of Paul's audience that resonates with our modern world

Pauline Partnership In Christ Christian Community Commitment In Light Of Roman Law Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable.
