Rock Stars Girl:

Rock Star Superstar Blake Nelson, 2006-04-06 Music is Pete's life From playing in a jazz band to jamming at 2 AM with his guitar playing dad Pete is almost never without his bass He's sure his treasured Fender Precision bass along with his vow never to be a sell out will lead him to a record deal one day Then he meets the Carlisle brothers They can't sing and they can barely play their instruments but somehow they have a following And they desperately need a bass player Pete can play circles around these amateurs but there's a raw power to their sound that's surprisingly appealing He can't resist and he joins The Tiny Masters of Today When the band gets a chance at real superstardom Pete wonders if he's ready for the big leagues He knows the quality of the music should come first but who knew selling out could be so much fun Blake Nelson's riveting novel shows the realities of life in a band and all the temptations that come with it *Commie Girl in the OC*

Jordan, 2019-05-02 Work in Progress Curatorial Labor in Twenty First Century American Fiction interrogates contemporary texts that showcase forms of reading practices that feel anachronistic and laborious in times of instantaneity and short buffering times Objects of analysis include the graphic narrative Building Stories by Chris Ware the music album Song Reader by the indie rock artist Beck Hansen and the computer game Kentucky Route Zero by the programming team Cardboard Computer These texts stage their fragmentary nature and alleged unfinishedness as a quintessential part of both their narrative and material modus operandi These works in and of progress feel both contemporary and retro in the 21st century They draw upon and work against our expectations of interactive art in the digital age incorporating and likewise

rejecting digital forms and practices This underlines the material and narrative flexibilities of the objects for no outcome or reading experience is the same or can be replicated It becomes apparent that the texts presuppose a reader who invests her spare time in figuring these texts out diagnosing a contorted work leisure dichotomy working these stories out is a significant part of the reading experience for the reader curatorial labor This conjures up a reader who as the author argues is turned into a curator and creative entity of and in these texts for she implements and reassembles the options made available

Female Musicians Abigail Gardner, 2019-07-11 Ageing and Contemporary Female Musicians focuses on ageing within contemporary popular music. It argues that context, genres, memoirs, racial politics, and place all contribute to how women are aged in popular music. Framing contemporary female musicians as canonical grandmothers, Rude Girls, neo-Afrofuturist, and memoirists settling accounts, the book gives us some respite from a decline or denial narrative and introduces a dynamism into ageing. Female rock memoirs are age-appropriate survival stories that reframe the histories of punk and independent rock music. Old age has a functional and canonical place in the work of Shirley Collins and Calypso Rose, Janelle Monáe, Christine and the Queens, and Anohni, performing queer age specifically, a kind of going beyond both corporeal and temporal borders. Genres, age, and the book introduces the idea of the time crunch, an encounter between an embodied, represented age and a genre age, which is itself produced through historicity and aesthetics. Lastly, the book goes behind the scenes to draw on interviews and questionnaires with 19 women involved in the contemporary British and American popular music industry: DIY and ex-musicians, producers, music publishers, music journalists, and audio engineers. Ageing and Contemporary Female Musicians is a vital intergenerational feminist viewpoint for researchers and students in gender studies, popular music, popular culture, media studies, cultural studies, and ageing studies.
