Sexual Citizenship and Disability Julia Bahner, 2019-12-05 What does sexual citizenship mean in practice for people with mobility impairments who may need professional support to engage in sexual activity The book explores this subject through empirical investigation based on case studies conducted in four countries Sweden England Australia and the Netherlands and develops the abstract notion of sexual citizenship to make it practically relevant to disabled people professionals in disability services and policy makers Through a cross national approach it demonstrates the variability of how sexual rights are understood and their culturally specific nature It also shows how the personal is indeed political states different policy approaches change the outcomes for disabled people in terms of support to explore and express their sexualities By proposing a model of sexual facilitation that can be used in policy development to better cater to disabled service users needs as well as furthering the theoretical understanding of sexual rights and sexual citizenship this book will be of interest to professionals in disability services and policy makers as well as academics and students working in the following subject areas Disability Studies Sociology Social Policy Sexuality Studies Sexology Social Work Nursing Occupational Therapy and Public Health

Current Concepts in Spina Bifida and Hydrocephalus Carys M. Bannister, 1991 Over the past decade there have been great advances in the prognosis and treatment of neural tube defects New surgical techniques can increase the life expectancy and improve the quality of life of affected individuals while recent research into vitamin supplementation offers the prospect of hydrocephalus and spina bifida becoming largely a thing of the past The new study brings together these medical advances and also deals with the practical issues which every specialist student family doctor and even the worried parent needs to know For maximum clarity the chapters are arranged chronologically dealing with all the problems that may occur from the prenatal period to adolescence

Handicapped Married Couples Ann Craft, Michael Craft, 2023-07-05 Despite handicaps of low mental ability deprived backgrounds or psychiatric and physical disability most married couples with disabilities manage to give and receive much personal satisfaction and pleasure in their marriages This is of special interest to professionals and social workers who in the course of their jobs are called upon to give support and service to people with mental disabilities Originally published in 1979 Ann and Michael Craft had spent four years researching a sample of 45 marriages with at least one spouse with a mental disability In three quarters of the partnerships both spouses have a mental disability This was the largest group of married subjects with a mental disability studied in this country at the time and the Crafts conclusions were of considerable importance for with the recent trend towards normalization marriage was becoming a viable possibility for more and more people with mental disabilities The purposes of the study therefore were to give an account of the authors research concerning married couples
