The World Situation and the Direction of the Lord's Move Witness Lee,1991-06-01 It is a historical fact that the

world situation has always been the indicator of the Lord's move on earth. Some have said that the Bible is a history of the Jews. This understanding however is not entirely correct. It is correct to say that the history in the Bible is centered around Israel but the Bible is not just a history of the Jews. The Bible is a history of God's economy. Israel has been the center of the carrying out of God's economy on earth. God is not interested merely in the history of the Jews. His interest is in His economy which is being carried out by Him on earth. The carrying out of His economy has much to do with the world situation.
