**John Ashley Soames Grenville**

## **Lord Salisbury And Foreign Policy The Close Of The Nineteenth Century:**

**Lord Salisbury and Foreign Policy** John Ashley Soames Grenville,1970      **Lord Salisbury's World** Michael Bentley,2001-09-06 Lord Salisbury 1830 1903 is now a subject of intense historical attention This important study moves away from conventional biography and presents an original portrait of the mental world inhabited by late Victorian Conservatives at the time when their world view was coming under severe strain At the centre of the picture is the 3rd Marquess of Salisbury but Lord Salisbury s World does not simply tell the story of his life and politics Instead it asks sensitive questions about how the political intellectual and religious environments of the late Victorian period seemed to one of its sharpest intellects and it situates Salisbury and his immediate entourage in a wide landscape of relationships perceptions and problems Professor Bentley takes the reader into Conservative assumptions about time and space property and society religion and the state and the past and the future the very language in which they expressed themselves      **For the File on Empire** NA NA,2016-02-25      *Protectorate Cyprus* Gail Dallas Hook,2015-02-17 A strategic outpost in the Eastern Mediterranean Cyprus was vital to British imperial ambitions in the East as the Ottoman Empire grew increasingly fragile in the nineteenth century Here Gail Dallas Hook describes the British occupation of Cyprus from 1878 to 1914 during which British government science and capital investment were installed alongside a new British colonial community building British Cyprus long before the island became a formal part of the British Empire Protectorate Cyprus further demonstrates how the British attempted to bring good government to Cyprus yet failed to resolve the issues of Muslim and Greek Orthodox divisions It is a unique representation of Britain s informal empire before World War I that has been little studied Protectorate Cyprus is a crucial addition to the history of the British Empire      **Chocolate on Trial** Lowell Joseph Satrie,2005 At the turn of the twentieth century Cadbury Bros Ltd was a successful Quaker owned chocolate manufacturer in Birmingham England celebrated for its model village modern factory and concern for employees In 1901 the firm learned that its cocoa beans purchased from Portuguese plantations on the island of S o Tom off West Africa were produced by slave labor Chocolate on Trial Cadbury Slavery and the Economics of Virtue in Imperial Britain gives a lively and highly readable account of the events surrounding the libel trial in which Cadbury Bros Ltd sued the London Standard following the newspaper s accusation that the firm was hypocritical in its use of slave grown cocoa As compelling now as at the turn of the previous century the issues probed by Lowell J Satrie give invaluable historical background to contemporary issues of business ethics corporate social responsibility and globalization The story Satrie tells illuminates what a stubbornly persistent institution slavery was and shows how Cadbury a company with a well regarded brand name and logo endured ethical dilemmas and challenges to its record for social responsibility Chocolate on Trial brings to life the age old conflict between economic interests and the value of human life Satrie illuminates the stubborn persistence of the institution of slavery and shows how Cadbury a company with a well regarded brand name from the nineteenth century faced ethical dilemmas and

challenges to its record for social responsibility Chocolate on Trial brings to life the age old conflict between economic interests and regard for the dignity of human life **Britain and the Armenian Question** Akaby Nassibian,2023-11-06

First published in 1984 Britain and the Armenian Question examines the direction changes and ramifications of British policy towards Armenia during 1915 to 1923 The author has made extensive use of parliamentary papers and those of the Cabinet Foreign Office War Office and India office as well as documents produced by pro Armenian groups during the period This material is used to build up a detailed and incontrovertible study of British policy which shows the extent to which it was governed by self interest even when support for Armenia was its most altruistic Once Britain secured predominance in the Persian Gulf she lost all her interest in Armenian territory and the dilemma was posed when the war ended not only did she no longer need Armenia but also had to decide who to support in Russia Armenia lost out on all sides and was compelled eventually to adapt herself to the policies of the surrounding countries This is an interesting read for scholars and researchers of international relations and international political history *British Political Leaders* Keith

Laybourn,2001-08-16 This A Z biographical dictionary profiles Britain s prime ministers foreign secretaries home secretaries and Chancellors of the Exchequer from 1730 through the present all in clear concise language These leaders guided the nation through the loss of empire through two devastating world wars and into a new role as members of the European Union In clear accessible language this new dictionary shows how in the 18th century and to a lesser extent in the 19th century many of Britain s top leaders were linked more closely by family and factional interests than by party It also illustrates and helps to explain the rise of the Labour Party and the emergence of New Labour *The Origins of World War I*

Richard F. Hamilton,Holger H. Herwig,2003-02-24 This work poses a straightforward yet at the same time perplexing question about World War I Why did it happen Several of the oft cited causes are reviewed and discussed The argument of the alliance systems is inadequate lacking relevance or compelling force The arguments of mass demands those focusing on nationalism militarism and social Darwinism it is argued are insufficient lacking indications of frequency intensity and process how they influenced the various decisions The work focuses on decision making on the choices made by small coterie in Austria Hungary Germany Russia France Britain and elsewhere The decisions made later by leaders in Japan the Ottoman Empire Italy the Balkans and the United States are also explored The final chapters review the basic causes once again An alternative position is advanced one focused on elites and coterie their backgrounds and training and on their unique agendas *Bankers and Diplomats in China 1917-1925* Roberta Allbert Dayer,2013-11-05 First Published in 1981 Contrary to Chairman Mao s assertion that political power comes from the barrel of a gun this study contends that political power in China in the early 1920s emanated from the boardrooms of foreign banks The author s interest in the way financial concerns have shaped foreign policy began with the discovery that the Lloyd George government attempted to influence the American government s policy on the British war debts by offering concessions concerning the renewal of the Anglo Japanese

Alliance This study should provide understanding concerning the causes of Chinese bitterness as well as suggest the conflicts experienced by diplomats in balancing public and private interests **British Imperialism** P.J. Cain,A. G.

Hopkins,2014-01-14 A milestone in the understanding of British history and imperialism and truly global in its reach this magisterial account received numerous accolades from reviewers in its first edition The first to coin the phrase gentlemanly capitalism Cain and Hopkins make the strong and provocative argument that it is impossible to understand the nature and evolution of British imperialism without taking account of the peculiarities of her economic development In particular the growth of the financial sector and above all the City of London played a crucial role in shaping the course of British history and Britain s relations overseas Now with a substantive new introduction and a conclusion the scope of the original account has been widened to include an innovative discussion of globalization The Lion and the Eagle Kathleen Burk,2018-08-23

An invigorating history of the arguments and cooperation between America and Britain as they divided up the world and an illuminating exploration of their underlying alliance Throughout modern history British and American rivalry has gone hand in hand with common interests In this book Kathleen Burk brilliantly examines the different kinds of power the two empires have projected and the means they have used to do it What the two empires have shared is a mixture of pragmatism ruthless commercial drive a self righteous foreign policy and plenty of naked aggression These have been aimed against each other more than once yet their underlying alliance against common enemies has been historically unique and a defining force throughout the twentieth century This is a global and epic history of the rise and fall of empires It ranges from America s futile attempts to conquer Canada to her success in opening up Japan but rapid loss of leadership to Britain from Britain s success in forcing open China to her loss of the Middle East to the US and from the American conquest of the Philippines to her destruction of the British Empire The Pax Americana replaced the Pax Britannica but now the American world order is fading threatening Britain s belief in her own world role The Strange Survival of Liberal Britain Vernon

Bogdanor,2022-10-20 Masterly A fascinating tour d horizon of the Edwardian political scene This must be a definitive account Professor Jane Ridley author of George V Never a Dull Moment A tour de force sympathetic in its treatment of the subject eminently wise in its judgement and invariably fair in its verdicts It purrs along like a Rolls Royce engine Professor T G Otte author of Statesman of Europe A Life of Sir Edward Grey This brilliant book from Britain s most important constitutional historian upends the orthodoxy about the decadent Edwardians A masterpiece of intelligent history both forceful and subtle which transforms how we view not just those most complex Edwardians but also our own equally complex times Professor Richard Aldous author of The Lion and the Unicorn Gladstone vs Disraeli Brilliant Instantly the leading history of this turbulent and critical period in Britain s transition towards a modern democracy Professor Robert Blackburn King s College London Vernon Bogdanor has the habit of unearthing gems that have been missed by others He does it again in this magisterial work on post Gladstonian Britain by challenging some of the long established myths about this period that

deserve to be cast aside Professor Malcolm Murfett King's College London Professor Bogdanor argues with conviction and sometimes passion but always with judiciousness and in the light of deep reflection The result is a masterly work which speaks to the politics of our own time Alvin Jackson Richard Lodge Professor of History University of Edinburgh An extraordinary exploration of a political world whose dynamics continue to shape the future of liberal constitutionalism Bruce Ackerman Sterling Professor of Law and Political Science Yale University Crisp authoritative and lucid Nicholas Owen associate professor of politics University of Oxford The turbulent years of 1895 to 1914 changed Britain's political landscape for ever They saw a transition from aristocratic rule to mass politics and heralded a new agenda which still dominates today The issues of the period economic modernisation social welfare and equality secondary and technical education a new role for Britain in the world were complex and difficult Indeed they proved so thorny that despite the efforts of the Edwardians they remain among the most pressing problems we face in the twenty first century The period has often been seen as one of decadence of the strange death of liberal Britain In contrast Vernon Bogdanor believes that the robustness of Britain's parliamentary and political institutions and her liberal political culture with the commitment to rational debate and argument were powerful enough to carry her through one of the most trying periods of her history and so make possible the remarkable survival of liberal Britain In this wide ranging and sometimes controversial survey one of our pre eminent political historians dispels the popular myths that have grown up about this critical period in Britain's story and argues that it set the scene for much that is laudable about our nation today *Diplomacy Before the Russian Revolution* M.

Hughes,1999-09-30 This book reassesses the transformation of European diplomacy which took place at the beginning of the twentieth century It focuses on the British and Russian diplomatic establishments during the years 1894-1917 in order to illustrate both the heterogeneity and complex nature of the Old Diplomacy The book will ground discussion in a series of case studies designed to illustrate both the benefits and the pitfalls of generalizing about a complicated process of transformation that had a range of social political administrative and psychological dimensions **British Foreign Secretaries in an**

**Uncertain World, 1919-1939** Michael Hughes,2004-08-02 The nature of international diplomacy and Britain's world role changed immeasurably after the end of the First World War and this book shows how the various men who headed the Foreign Office during the interwar years sought to operate in the shifting political and bureaucratic environments that confronted them *British Foreign Secretaries in an Uncertain World* examines the careers of each of the interwar Foreign Secretaries including Lord Curzon Ramsay MacDonald and Anthony Eden Using an extensive range of primary sources both published and unpublished official and private Michael Hughes provides a detailed assessment of how these men approached their role and how influential they were in international diplomacy The book also looks at the Foreign Secretaries successes or failures within the British political system analysing how influential the Foreign Office was under each Secretary in determining British foreign policy A fascinating book with a unique focus *British Foreign Secretaries in an Uncertain World*

takes a rigorous look at a key topic in British history      *Isolated States* Deon Geldenhuys,1990 This book examines a largely neglected phenomenon in the field of international relations the concept of the isolated state Deon Geldenhuys begins by discussing how he measures both voluntary and enforced international isolation by among other things membership of international organizations official visits and international censure He then presents a number of case studies of self isolation The remainder of the study is devoted to an analysis of the enforced isolation of Taiwan Israel Chile and South Africa Using a wealth of statistical material he demonstrates their varying degrees of isolation in the diplomatic military economic and socio cultural arenas of the international community      **Old World, New World** Kathleen Burk,2009 A history of the relationship between Great Britain and the United States ranges from the establishment of the first English colony in the New World to the present day examining both nations in terms of what connected them and what drove them apart      **A Peace to End All Peace** David Fromkin,2010-08-03 Published with a new afterword from the author the classic bestselling account of how the modern Middle East was created The Middle East has long been a region of rival religions ideologies nationalisms and ambitions All of these conflicts including the hostilities between Arabs and Israelis and the violent challenges posed by Iraq s competing sects are rooted in the region s political inheritance the arrangements unities and divisions imposed by the Allies after the First World War In *A Peace to End All Peace* David Fromkin reveals how and why the Allies drew lines on an empty map that remade the geography and politics of the Middle East Focusing on the formative years of 1914 to 1922 when all seemed possible he delivers in this sweeping and magisterial book the definitive account of this defining time showing how the choices narrowed and the Middle East began along a road that led to the conflicts and confusion that continue to this day A new afterword from Fromkin written for this edition of the book includes his invaluable updated assessment of this region of the world today and on what this history has to teach us      *Instruments of Peacemaking 1870-1914* Michael Reynolds,2021-07-01 This book focuses on Anglo American disputes arising out of the civil war in the United States and British interests in the American continent the Geneva Arbitration the Venezuela Guiana Arbitration and the Bhering Sea Arbitration It draws on those cases as model proceedings which laid the foundations and inspiration for a promotion of international law through the Hague Conferences and by the work of English and American jurists It considers the encouragement these cases gave to the promotion of public international law and how that contributed to the resolution of inter state disputes      **Status and the Challenge of Rising Powers** Steven Ward,2017-11-16 The rise of China and other great powers raises important questions about the persistence and stability of the liberal international order This book provides a new perspective on these questions by offering a novel theory of revisionist challenges to international order It argues that rising powers sometimes seem to face the condition of status immobility which activates social psychological and domestic political forces that push them toward lashing out in protest against status quo rules norms and institutions Ward shows that status immobility theory illuminates important but often overlooked dynamics that contributed to the most

significant revisionist challenges in modern history The book highlights the importance of status in world politics and further advances a new understanding of this important concept's role in foreign policy This book will be of interest to researchers in international politics and security especially those interested in great power politics status power transitions revisionism and order

**The Empire of the Raj** R. Blyth, 2003-04-15 British India as a result of history geopolitics and its unique status within the Empire controlled a chain of overseas agencies that stretched from southern Persia to eastern Africa This book examines how as the relative importance of British interests steadily eclipsed those of India throughout the region Indian sub imperial impulses clashed with the relentlessly advancing metropole The nature of the struggle over political control between Britain and India reveals differences in perception and approach during a period of profound change in Anglo Indian relations

Eventually, you will very discover a supplementary experience and ability by spending more cash. yet when? pull off you admit that you require to get those all needs when having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more just about the globe, experience, some places, like history, amusement, and a lot more?

It is your totally own period to measure reviewing habit. accompanied by guides you could enjoy now is **Lord Salisbury And Foreign Policy The Close Of The Nineteenth Century** below.
