Coco,2012-06-20 Right from the get go I was never going to believe that we were not meant to be happy At just 15 years of
age the thought of spending the rest of my life in misery because we werent put on this earth to be happy was a thought too
frightening to conceive As I projected this sentiment forward and imagined the long years ahead then and there I made the
commitment that I was going to find the pathway to happiness that I would live a joyful life By the time I had reached my
middle years this commitment had become an obsession During this lifetime I would find the keys to happiness Whatever it
took joy was my goal and I wouldnt rest until I found it With glimpses of happiness along the way I was motivated and driven
Love yourself first What does that mean How do you do that There were lots of great suggestions but very few helpful
guidelines Entrenched in a middle income mindset I held many limiting beliefs that kept me squarely where I was But for an
enquiring mind and a fearless heart that had almost lost its desire to fight on I may have drowned in the mire of
unworthiness Little by little the pieces of the puzzle came together My journey took me to explore both inside and out what
others had to offer and the filters through which I was living my life A woman on a mission I wouldnt let it go until I had
discovered the answers Joy We are meant to be joyful We are meant to be happy *How to Lose Weight Fast: A Round-Up
