an indispensable aid to those looking for new and different ideas and responses to the challenges we face      **The Church School Journal** ,1913      **Trust Matters** S. Bibb,J. Kourdi,2004-02-24 Trust is seemingly in decline in contemporary society yet its significance and value is undiminished Numerous scandals afflicting business and politics the growth of spin and a loss of faith in leaders as people with strong values have all eroded levels of trust As trust becomes a scarcer commodity those people and organizations that possess it have a distinct advantage Trust matters in fact it is essential for Organizational Success and Profitability Winning and Retaining Customers Effective Leadership Innovation and Creativity Motivating and Energising People Managing Risk Personal Satisfaction Fulfilment and Success This book is about trust What can be achieved when it s present what can happen when it s not and how to develop it      The Methodist Review ,1904      Plato's Theaetetus as a Second Apology Zina Giannopoulou,2013-06-27 Zina Giannopoulou argues that Theaetetus Plato s most systematic examination of knowledge is a philosophically sophisticated elaboration of Apology that successfully differentiates Socrates from the sophists In Apology Socrates defends his philosophical activity partly by distinguishing it from sophistic practices and in Theaetetus he enacts this distinction the self proclaimed ignorant and pious Socrates of Apology poses as the barren practitioner of midwifery an art that enjoys divine support and helps his pregnant interlocutor to engender his ideas Whereas sophistic expertise fills others souls with items of dubious epistemic quality Socratic midwifery removes tests and discards falsities In Theaetetus Plato drapes the Socrates of Apology with obstetric garb and stages a philosophical contest between him and the seemingly wise men with whose definitions Theaetetus soul teems chief among whom is Protagoras By proving the indefensibility of these definitions Socrates challenges their authors wisdom since for him no one can justifiably be said to have knowledge if he cannot give an account of knowledge On the other hand his own inability to procure the definition he seeks confirms his assertion that he lacks wisdom Giannopoulou goes on to explore how in Apology Socrates claims that his wisdom consists in his awareness of his lack of wisdom and in Theaetetus he validates this claim his attempt to discover what knowledge is coupled with his intellectual barrenness shows both that he does not have what he is looking for and why this is the case      **Return to Meaning** Andrew Cort,2008-04-28 If God exists and God is all powerful and good why did God create an imperfect world Does religion have a credible answer Morality as secularists know does not require a deity Blind faith as atheists know often leads to hatred and war Taking scriptural stories as literal history as scientists know borders on the nonsensical There has to be more And there is In their most important sense these are symbolic psychological stories Everything that happens the wars the joys the obstacles that are overcome must occur in one s own soul In other words all the great myths and scriptures are how to manuals for Initiation In this groundbreaking work Andrew Cort describes the inner journey of Creation and Return that is revealed by the Greek Myths the Torah the Gospels and the Qur an He demonstrates the stunning unity of our western religious traditions whose common aim is to enlighten the soul and restore a sense of meaning to our lives and culture      **Methodist Magazine and Quarterly Review** ,1917      The IMPACT
