Galinsky, 2025-05-15 In 1277 Rabbi Isaac of Corbeil produced a concise work of accessible religious law This handbook Amudei Golah Pillars of Exile began as a list of religious commandments mitzvot meant to be recited weekly It was divided into seven pillars drawn primarily from the limbs of the human body and its activities heart hand mouth monetary transactions etc and dealt exclusively with laws relevant to Jews living in the Diaspora in medieval times This handbook of religious law written in Hebrew became the most widespread book of its kind during the late Middle Ages within the various French and German speaking Jewish communities known as Ashkenaz Nearly two hundred medieval copies of the work are found in public libraries and private collections today an astounding number for a Hebrew work at the time In The Making of a Medieval Bestseller Judah Galinsky approaches his study in three parts The first surveys the ideological and cultural reasons that Rabbi Isaac composed the work and describes how the book evolved over time The second part traces the book s impressive circulation and analyzes the various reasons behind the book s success suggesting that readers who were outside

the scholarly class may have been key to the work s popularity In the third part Galinsky addresses the readers themselves who ordered copies of the work from a scribe Galinsky discerns the cultural profile of the patrons who commissioned the codex by paying attention to the books they requested to have copied alongside it or its fellow travelers.
