Ruffin,2015-07-10 Discover the mysterious controversial and sometimes downright eerie history of flights that didn t end as planned The history of aviation is full of accounts of history s most spectacular flights But what about the ones from which someone failed to return A celebrated millionaire who also happened to be the

world's foremost aviator lifted off in a small plane one clear morning in 2007 and disappeared. The glamorous son of a beloved fallen president took off on a hazy summer night in 1999 and plunged himself and two others into the Atlantic Ocean. A US Navy blimp landed one Sunday morning in 1942 in the middle of a city street in California with no one aboard. Some of these non-returns occurred because of errors in judgment; others were intentional and some resulted from causes still unknown. Get the full meticulous account of the fascinating people involved in these flights, the mistakes they made and the ways in which their flight of no return affected the world. Pilot and aviation writer Steven A. Ruffin covers the entire 230-year span of manned flight in all types of aircraft through war and peace. Balloons, blimps, biplanes, jets and spaceships have all suffered mishaps over the years. Don't miss the mystery, adventure, intrigue and a sprinkling of the supernatural and extraterrestrial in *Flights of No Return*. **The Earhart Enigma** Dave Horner, 2013-04-17 Florida Book Awards Silver Medal Winner. New answers to one of the greatest mysteries of the twentieth century: What really happened to Amelia Earhart? Since Earhart and her navigator disappeared during their around-the-world flight attempt in 1937, the world has searched in vain for an answer to this question. The culmination of thirteen years of research into this tantalizing mystery, *The Earhart Enigma* brings to life Earhart's final days in an attempt to reconstruct what exactly took place. Offering candid assessments of prevailing theories about Earhart's fate, Dave Horner marshals evidence from a variety of sources, proving that Earhart was neither lost at sea nor wrecked on Nikumaroro, where many search expeditions have failed to deliver concrete results. Integrating information garnered from numerous interviews, Pacific Islander folklore and US and Japanese military documents, Horner argues instead that Earhart ventured north of her intended destination in search of a place to land her Lockheed Electra. Blending drama, mystery and shocking revelations with the steady balance of an objective investigator, Horner's findings provide a definitive answer to this fascinating riddle based on firsthand accounts from Marshall Islanders and other powerful evidence. *Richard Halliburton and the Voyage of the Sea Dragon* Gerald Max, 2023-08-18 Richard Halliburton (1900-1939) considered the world's first celebrity travel writer, swam the length of the Panama Canal, recreated Ulysses' voyages in the Mediterranean, crossed the Alps on an elephant, flew around the world in a biplane and descended into the Mayan Well of Death, all the while chronicling his own adventures. Several books treat his life and travels, yet no book has addressed in detail Halliburton's most ambitious expedition: an attempt to sail across the Pacific Ocean in a Chinese junk. Set against the backdrop of a China devastated by invading Japanese armies and the storm clouds of World War gathering in Europe, Halliburton and a crew of fourteen set out to build and sail the *Sea Dragon*, a junk or ancient sailing ship from Hong Kong to San Francisco for the Golden Gate International Exposition. After battling through crew conflicts and frequent delays, the *Sea Dragon* set sail on March 4, 1939. Three weeks after embarking, the ship encountered a typhoon and disappeared without a trace. Richly enhanced with historic photographs, *Richard Halliburton and the Voyage of the Sea Dragon* follows the dramatic arc of this ill-fated expedition in fine detail. Gerry Max artfully unpacks the tensions

between Halliburton and his captain John Wenlock Welch owing much to Welch's homophobia and Halliburton's unconcealed homosexuality And while Max naturally explores the trials and tribulations of preparing constructing and finally launching the Sea Dragon he also punctuates the story with the invasion of China by the Japanese as Halliburton and his letters home reveal an excellent wartime reporter Max mines these documents many of which have only recently come to light as well as additional letters from Halliburton and his crew to family and friends photographs films and tape recordings to paint an intricate portrait of Halliburton's final expedition from inception to tragic end
