Lothian Except Edinburgh:

Lothian Jane Geddes, Ian Gow, Aonghus Mackechnie, Chris Tabraham, Colin McWilliam, 2023-11-28 This is the first fully revised and expanded guide to the buildings of Lothian since Colin McWilliam's pioneering volume of 1978 with new colour photography maps and plans to accompany the unrivalled coverage of the area Lothian surrounds the capital city of Edinburgh which has done much to influence the character of its buildings Among these are some important medieval relics including the internationally famous Rosslyn Chapel the royal Renaissance palace at Linlithgow and the ruins of great castles and tower houses Among major country houses none are more splendid than Hopetoun and the ducal seat of Dalkeith Palace but Lothian also has the extraordinarily well preserved Newhailes and mighty Gosford House This is also an area of picturesque small towns and resorts along the Firth of Forth with outstanding villas for the Edwardian elite and rural villages of unspoiled character preserving remains of their agricultural heritage The industrial legacy is important including not only one of the most complete collieries in Scotland but also the world famous Forth Rail Bridge This volume is an essential reference for visitors and residents alike **Lothian, Except Edinburgh** Colin McWilliam, 2003 Princelie Majestie

Andrea Thomas, 2005-08-10 The lifestyle of a Renaissance prince and his court was a work of art in itself a dazzling spectacle which propagated the power dignity and fame of the monarch The domestic routine of the royal household with its palatial surroundings restless itinerary and occasional public pageants provided the framework for cultural activity in its widest possible sense Fine art architecture scholarship literature music and piety jostled for attention alongside hunting feasting jousting politics diplomacy and war Emerging defiantly from a long and turbulent minority the adult James V managed to create for Scotland an exuberant and cosmopolitan court which imitated in miniature those of France England and the Netherlands and which carried important political messages His ambitious programme of royal patronage combined humanist scholarship neo classical and imperial imagery the cult of chivalry and medieval traditions in a blend which sought to galvanise Scottish national identity and enhance the status of the House of Stewart For many years the reputation of James V has been overshadowed by the tragic glamour of his father James IV killed at Flodden and his daughter Mary Queen of Scots Princelie Majestie reveals that he was an energetic and innovative patron who in a brief fourteen years created a court culture of remarkable quality and diversity Princelie Majestie was originally published by Tuckwell Press **A**

Anderson, 2016-12-05 A selection of the best in travel writing with both fiction and non fiction presented together this

companion is for all those who like travelling like to think about travelling and who take an interest in their destination It covers guidebooks as well as books about food history art and architecture religion outdoor activities illustrated books autobiographies biographies and fiction and lists books both in and out of print Anderson s Travel Companion is arranged first by continent then alphabetically by country and then by subject cross referenced where necessary There is a separate section for guidebooks and comprehensive indexes Sarah Anderson founded the Travel Bookshop in 1979 and is also a journalist and writer on travel subjects She is known by well known travel writers such as Michael Palin and Colin Thubron Michael Palin chose her bookshop as his favourite shop and Colin Thubron and Geoffrey Moorhouse among others made suggestions for titles to include in the Travel Companion Prophecy, Fate and Memory in the Early Medieval Celtic World Professor Jonathan Wooding,2020-03-02 Prophecy Fate and Memory in the Early and Medieval Celtic World brings together a collection of studies that closely explore aspects of culture and history of Celtic speaking nations Non narrative sources and cross disciplinary approaches shed new light on traditional questions concerning commemoration sources of political authority and the nature of religious identity Leading scholars and early career researchers bring to bear hermeneutics from studies of religion and literary criticism alongside more traditional philological and historical methodologies All the studies in this book bring to their particular tasks an acknowledgement of the importance of religion in the worldview of antiquity and the Middle Ages Their approaches reflect a critical turn in Celtic studies that has proved immensely productive across the last two decades Anglican Ritualism in Victorian Britain, 1830-1910 Nigel Yates,1999 This innovative book challenges many of the widely held assumptions about the impact of ritualism on the Victorian church Through a detailed analysis of the geographical spread of ritualist churches in the British Isles Dr Yates shows that the impact of ritualism was as strong if not stronger in middle class and rural parishes as in working class and urban areas He gives a detailed reassessment of the debates and controversies surrounding the attitudes of the Anglican bishops towards ritualism the impact of public opinion on discussions in parliament and the implementation of the Public Worship Regulation Act of 1874 The book examines the wider historical implications by not simply focusing on ritualism during the Victorian period but extrapolating this to show the impact that ritualism has had on the longer term development of Anglicanism in the twentieth century **A Glossary of Terms Used in Grecian, Roman, Italian, and Gothic Architecture: Chronological table and general index** John Henry Parker,1846 *Genealogie of the Sainteclaires of Rosslyn* Richard Hay,1835 *A Companion to the Fourth Edition of A Glossary of Terms Used in Grecian, Roman, Italian, and Gothic Architecture* John Henry Parker,1846 *The Saint-Clairs of the Isles* Roland William Saint-Clair,1898 **A Companion to the Fourth Edition, containing four hundred additional examples, a chronological table and a general index** ,1846 Books, Buildings and Social Engineering Alistair Black,Simon Pepper,Kaye Bagshaw,2017-05-15 Public libraries have strangely never been the subject of an extensive design history Consequently this important and comprehensive book represents a ground breaking socio

architectural study of pre 1939 public library buildings A surprisingly high proportion of these urban civic buildings remain intact and present an increasingly difficult architectural problem for many communities The book thus includes a study of what is happening to these historic libraries now and proposes that knowledge of their origins and early development can help build an understanding of how best to handle their future **Georgian Gothic** Peter Lindfield,2016 Conclusion Appendix Bibliography Glossary Index **The Secret Scroll** Andrew Sinclair,2012-09-28 This is the story of a how a little known manuscript in a Masonic Lodge in Kirkwall has become one of the most important historical documents of the Middle Ages It is also the story of the Templars who were its guardians and of what happened to them after the Crusades Although references to this famous order of military knights rarely appears in standard histories of the time a great deal of information about them can be gleaned from other more esoteric sources such as sculpture and architecture Suppressed by Philip of France out of greed the Templars were gradually driven underground in more and more European countries Yet they continued to exist still guarding the knowledge and relics that they had gathered for the defence of the Holy Land It is this that connects all this to Henry St Clair Earl of Orkney and Grand Master of the Knights Templar and discoverer of America All of these threads come together in one extraordinary scroll still in Kirkwall which reveals in full the secrets of the Knights Templar **The Ecclesiastical Architecture of Scotland from the Earliest Christian Times to the Seventeenth Century** David MacGibbon,Thomas Ross (architect.),1897
