Ricks,2013-10-29 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of Fiasco and Churchill and Orwell While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In *The Generals* Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails **An "Unnecessary" War** Marshall William McMurran,2008-09-22 An Unnecessary War is a researched readable account of the Korean Conflict told an Air Force Officer who served with the 3rd Bomb Wing Light Not until 1986 did the US Congress declare the Korean War to be a real war The cost in human and material loss in the three war years was huge Any gain is still difficult to assess Communism was halted but a grim totalitarian regime was left in place that is now a nuclear thorn in the side of the planet The book discusses in some detail the political and financial yes financial decisions made by UN and US political leaders leading to Chairman Mao s and Joe Stalin s approval of Kim Il Sung s ill considered crusade to invade the South Kim Il Sung was the grandfather of our present pesky North Korean Kim who seems to blame his self inflicted ills on America Most recounts of the Korean War are either biased or too detailed for the non military reader This book was written for the rest of us and contains hopefully unbiased judgmental information not available elsewhere in a single writing The book contents are set in chronological order with descriptions of major battles discussions of conflicts weaknesses and interplay of US commanders particularly the actions sometimes inexplicable of Douglas MacArthur It also contains a summary of casualties and losses orders of battle of both the US Army and USAF and descriptions of Communist forces committed at critical times Discussions of the efforts of other UN members particularly the British Commonwealth and Turkish forces give an insight to the contribution and sacrifices of our comrades in arms With access to USAF frag orders at the time the air war descriptions here are likely more accurate than in USAF published histories tending to glorify USAF contributions Post Korean War discussions with National Guard comrades with the 2d Division during the disastrous Chongchon rout add an eyes on contribution to the discussion of this engagement **Interview** Matthew Bunker Ridgway,1969 General Interview conducted by Major Matthew P Caulfield and Lt Colonel Robert M Elton 29 August 1969 Topics covered include General

The Sword of St. Michael Guy LoFaro, 2011-08-30 From decorated veteran acclaimed West Point lecturer and inspirational military speaker Guy LoFaro the first complete history of America's legendary World War II airborne division.

From the Danube to the Yalu Mark Clark, 2025-07-07 A frank instructive and on the whole well written account of the problems both military and political which faced General Mark Clark between May 1952 when he was appointed Commander of United Nations Forces in Korea and the signing of the armistice in July 1953. The book is a combination of military prowess honesty of purpose and considerable political sagacity. International Affairs General Clark firmly believes that we could have obtained better truce terms quicker shortened the war and saved lives if we had got tough sooner. His book explains why he thought so and gives as well detailed accounts of the prisoner of war controversy truce negotiations relations with President Syngman Rhee and other matters of administration the honest opinions of a good soldier who obeyed orders even when they were contrary to his deepest convictions. International Journal General Clark gives a blow by blow account of the Korean negotiations leading up to the armistice. General Clark speaks for those Americans who deplore soft handling of Communism and feel that peace will come to us only if we are strong if the Russians and their followers know we are strong and if they are convinced we have the determination and courage to use that strength both politically and militarily to achieve victory. Ordnance A book that should be read by every American citizen who wishes to be well informed on the subject of dealing with the Communists a fascinating account of the first two years of the cold war.

Military Affairs **Truman and MacArthur** Michael D. Pearlman, 2008-03-12 Truman and MacArthur offers an objective and comprehensive account of the very public confrontation between a sitting president and a well known general over the military's role in the conduct of foreign policy. In November 1950 with the army of the Democratic Peoples Republic of Korea mostly destroyed Chinese military forces crossed the Yalu River. They routed the combined United Nations forces and pushed them on a long retreat down the Korean peninsula. Hoping to strike a decisive blow that would collapse the Chinese communist regime in Beijing General Douglas MacArthur the commander of the Far East Theater pressed the administration of President Harry S. Truman for authorization to launch an invasion of China across the Taiwan straits. Truman refused. MacArthur began to argue his case in the press a challenge to the tradition of civilian control of the military. He moved his protest into the partisan political arena by supporting the Republican opposition to Truman in Congress. This violated the President's fundamental tenet that war and warriors should be kept separate from politicians and electioneering. On April 11 1951 he finally removed MacArthur from command. Viewing these events through the eyes of the participants this book

explores partisan politics in Washington and addresses the issues of the political power of military officers in an administration too weak to carry national policy on its own accord It also discusses America's relations with European allies and its position toward Formosa Taiwan the long standing root of the dispute between Truman and MacArthur The Fifties David Halberstam, 2012-12-18 This vivid New York Times bestseller about 1950s America from a Pulitzer Prize winning journalist is an engrossing sail across a pivotal decade Time Joe McCarthy Marilyn Monroe The H bomb Ozzie and Harriet Elvis Civil rights It's undeniable The fifties were a defining decade for America complete with sweeping cultural change and political upheaval This decade is also the focus of David Halberstam's triumphant The Fifties which stands as an enduring classic and was an instant New York Times bestseller upon its publication More than a survey of the decade it is a masterfully woven examination of far reaching change from the unexpected popularity of Holiday Inn to the marketing savvy behind McDonald's expansion A meditation on the staggering influence of image and rhetoric The Fifties is vintage Halberstam who was hailed by the Denver Post as a lively graceful writer who makes you understand how much of our time was born in those years This ebook features an extended biography of David Halberstam This Kind of War T. Command Anthony King, 2019-01-31 In the wake of the troubled campaigns in Afghanistan and Iraq military decision making appears to be in crisis and generals have been subjected to intense and sustained public criticism Taking these interventions as a starting point Anthony King examines the transformation of military command in the twenty first century Focusing on the army division King argues that a phenomenon of collective command is developing In the twentieth century generals typically directed and led operations personally monopolising decision making They commanded individualistically even heroically As operations have expanded in range and scope decision making has multiplied and diversified As a result command is becoming increasingly professionalised and collaborative Through interviews with many leading generals and vivid ethnographic analysis of divisional headquarters this book provides a unique insight into the transformation of command in western armies
