Matter Of Two Chinas:

A Matter of Two Chinas William Roscoe Kintner, John Franklin Copper, 1979 **One Industry, Two Chinas** Lynda S. Bell, 1999-09-01 This book reopens and restructures the grand debate on the nature of economic development in China prior to the Communist revolution It rejects the debate's old contours in which quantitative data were used to argue that the trajectory of Chinese development was either positive or negative Instead the author combines quantitative analysis with a detailed study of local politics culture and gender to explain the shaping of the modern Chinese economy Focusing on silk production in Wuxi county in the Yangzi Delta the author argues that local elites used social dominance to build a silk industry continuum one industry fusing modern factory production with older patterns of peasant family farming The resulting social configuration was two Chinas one populated by wealthy urban elites transformed into a new silk industry bourgeoisie and the other by peasant families whose women became the workforce for cocoon production The author describes the roles of merchant guilds and other elite organizations established to protect the silk industry from outside competition and excessive taxation the methods and styles of elite networking and investment in building modern silk filatures and the roles of women elite women in sericulture reform and peasant women in silkworm raising She also reveals the cooperation between silk industry elites and Nationalist government officials in the 1920s and 1930s which resulted in an industry that was virtually state directed and designed to pass downward to the peasants the costs of building more competitive silk filatures This discovery challenges the prevailing tendency to think in terms of radical ruptures between Nationalist and Communist rule One Russia, Two Chinas George Fetherling, 2004-09-01 A travel narrative written over the course of ten years One Russia Two Chinas is about change and resistance to change in the postmodern world In 1991 when the Soviet Union was about to morph into the Russian Federation George Fetherling found himself in Moscow He both marched with the workers in the last ever Communist May Day parade and observed at ground level the new Russia's love of the marketplace Fetherling then went overland to China His entry point was Beijing which at that moment was girding itself for the first anniversary of the Tiananmen Square massacre Later that same year he journeyed to Taiwan then in its final days as a dictatorship He returned there mid decade when the Other China had become a democracy in order to note the differences and similarities This is old fashioned travel writing with vivid prose bizarre characters and crystallizing descriptions But it's also a valuable document that freezes some important world events for close inspection Can the Two Chinas Become One? Donald J. Senese, Diane D. Pikunas, 1989 **The Two Chinas** Martin L. Lasater, 1986 *Oppose U.S. Occupation of Taiwan and "two Chinas"* Plot Zhongguo ren min wai jiao xue hui, 1958 **One Author is Rankling Two Chinas** 1989 Structural changes of two Chinese communities in Alberta, Canada Ban Seng Hoe, 1976-01-01 Utilizing social surveys participant observation interviews life histories oral testimony and documentary evidence adherence to Chinese cultural traditions in Alberta is found to be inversely related to the accessibility of opportunity within the wider

social context Published in English Oppose the New U.S. Plots to Create "two Chinas" Wai wen chu ban she (Peking, China),1962 **Re-examining the Cold War: U.S.-China Diplomacy, 1954-1973** Robert S. Ross, Changbin Jiang, 2020-03-23 The twelve essays in this volume underscore the similarities between Chinese and American approaches to bilateral diplomacy and between their perceptions of each other's policy making motivations Much of the literature on U S China relations posits that each side was motivated either by ideologically informed interests or by ideological assumptions about its counterpart But as these contributors emphasize newly accessible archives suggest rather that both Beijing and Washington developed a responsive and tactically adaptable foreign policy Each then adjusted this policy in response to changing international circumstances and changing assessments of its counterpart's policies Motivated less by ideology than by pragmatic national security concerns each assumed that the other faced similar considerations **Journey Between Two Chinas** Seymour Topping, 1973 *Foreign Relations of the United States, 1969-1976, Volume V, United Nations, 1969-1972*, 2004 State Department Publication 11166 Editor Evan M Duncan General Editor Edward C Keefer Part of a subseries of volumes which document the most important issues in the foreign policy of the administration of President Richard M Nixon Presents a documentary record of major foreign policy decisions toward the United Nations during the period 1969 through 1972 *Congressional Record* United States. Congress, 1971 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 At Cross Purposes Richard C. Bush, 2015-02-12 Written by the former chairman and managing director of the American Institute in Taiwan this book sheds new light on key topics in the history of U S Taiwan relations It fills an important gap in our understanding of how the U S government addressed Taiwan and the Taiwan Strait issue from the early 1940s to the present One theme that runs through these essays is the series of obstacles erected that denied the people of Taiwan a say in shaping their own destiny Franklin Roosevelt chose to return Taiwan to mainland China for geopolitical reasons there was little pressure on the Kuomintang to reform its authoritarian rule until Congress got involved in the early 1980s Chiang Kai shek spurned American efforts in the 1960s to keep Taiwan in international organizations and behind the ROC's back the Nixon Carter and Reagan administrations negotiated agreements with the PRC that undermined Taiwan's position In addition to discussing how the United States reacted to key human rights cases from the 1940s to the 1980s the author also discusses the Bush and Clinton administrations efforts to preserve U S interests while accommodating new forces in the region All these episodes have an enduring relevance for the people of Taiwan and in his conclusion the author discusses where the relationship stands today The book includes related documents that helped shape the U S Taiwan relationship Daily Report, Foreign Radio Broadcasts United States.
