Reports, 1895 **Golden Nuggets** Branwen Christine Patenaude, 1998 When gold was discovered on the Fraser River the
rush was on By early spring of 1858 the need for shelter food rest stops and stores became very apparent as miners and
would be miners made their way up into the hinterland From Yale to Barkerville roadhouses sprung up along the Cariboo s
gold rush trail From their crude beginning the roadhouses soon grew to be more than just stopovers The roadhouses are
gone but the communities villages towns and cities remain Golden Nuggets with pictures and written text brings the
roadhouses back to life and gives us a glimpse of yesterday Canada and Its Provinces: Pacific province, 1914 Essays
in the History of Canadian Law Hamar Foster, John McLaren, 1995-12-15 This sixth volume in the Osgoode Society s
distinguished series on the history of Canadian law turns to the a central theme in the history of British Columbia and the
Yukon law and order In the early days of British sovereignty the frenzied activity of the fur trade and the gold rush along with
clashes between settlers and Natives made law enforcement a difficult business Later although law and order were more
firmly established tensions continued between the dominant populations committed to the practice and rhetoric of British
justice and those groups owing allegiance to other value systems such as Native peoples Asian immigrants and Doukhobors
or those resisting authority criminals and the criminally insane These essays look at key social economic and political issues
of the times and show how they influenced the developing legal system The essays cover a wide range of topics and explore
the human as well as the legal dimensions of their subjects relating specific cases to broader theory They demonstrate that
English law has been flexible enough to accommodate diversity and is therefore pragmatic The volume also proves that there
is no single Canadian legal culture geography demography politics economics and military considerations have had an impact
on the shape of our legal culture The introduction by John McLaren and Hamar Foster pulls together the many regional
themes to provide a clear overview of the legal complexities of the period Reports of Mining Cases Decided by the Courts
