## **Matthew Flinders Cat:**

**Matthew Flinder's Cat** Bryce Courtenay, 2004 Billy O Shannessy once a prominent barrister is now on the street where he sleeps on a bench outside the State Library Above him on the window sill rests a bronze statue of Matthew Flinders cat Trim Ryan is a ten year old a near street kid heading for the usual trouble The two of them form an unlikely bond In telling Ryan the story of Flinders circumnavigation of Australia as seen through Trim s eyes Billy is drawn deeply into Ryan s life and into the Sydney underworld

**Trim, The Cartographer's Cat** Matthew Flinders, Gillian Dooley, Philippa Sandall, 2019-10-17 Not many ships cats have even one memorial statue let alone six But Trim does including one outside Euston Station in London proudly unveiled by Prince William on the bicentenary of Matthew Flinders s death 19 July 2014 Trim was the ship s cat who accompanied Matthew Flinders on his voyages to circumnavigate and map the coastline of Australia from 1801 to 1803 He lived quite the adventurous life As a small kitten he fell overboard while at sea but managed to swim back to the vessel and climb back on board by scaling a rope This cemented his position as Flinders s beloved companion and together they survived a Pacific voyage the circumnavigation of Australia and a shipwreck When Flinders was imprisoned by the French in Mauritius in 1803 Trim shared his captivity until one day he mysteriously disappeared which heartbreakingly Flinders attributed to his being stolen and eaten by a hungry slave Trim The Cartographer s Cat is an ode to this much loved ship s cat which will warm the heart of any cat lover The first part of the book reproduces Flinders own whimsical tribute to Trim written while in captivity in the early 1800s with added friendly footnotes to provide some background to Flinders s numerous literary allusions and nautical terms Next the book discusses where Flinders was when he wrote his tribute and why and what his letters and journals from that time tell us about his sporting affectionate and useful companion Finally we learn what Trim s views on all of this might have been in a fun and fanciful observation on his premature epitaph Accompanying all of this are beautiful maps historical photographs quirky original illustrations by illustrator Ad Long and excerpts from Flinders original script showing his beautiful handwriting This book will make a unique and treasured gift for Flinders fans Trim fans and cat lovers around the world *The Cat and the Captain: Trim the Cat & Matthew Flinders* Ruth Taylor, 2024-07-11

**A Man and His Cat** Valerie Sitters, 2001 **A Biographical Tribute to the Memory of Trim** Matthew Flinders, 2017-11-12 I can never speak of cats without a sentiment of regret for my poor

Trim the favourite of all our ship s company on the Spyall This good natured purring animal was born on board His Majesty s ship the Roundabout in 1799 during a passage from the Cape of Good Hope to Botany Bay and saving the rights and titles of the Parish of Stepney was consequently an Indian by birth The signs of superior intelligence which marked his infancy procured for him an education beyond what is usually bestowed upon the individuals of his tribe and being brought up amongst sailors his manner acquired a peculiarity of cast which rendered them as different from those of other cats as the actions of a fearless seaman are from those of a lounging shame faced ploughboy It was however from his gentleness and the innate goodness of his heart that I gave him the name of my uncle Toby s honest kind hearted humble companion In playing with his little brothers and sisters upon deck by moonlight when the ship was lying tranquilly in harbour the energy and elasticity of his movements sometimes carried him so far beyond his mark that he fell overboard but this was far from being a misfortune he learned to swim and to have no dread of water and when a rope was thrown over to him he took hold of it like a man and ran up it like a cat In a short time he was able to mount up the gangway steps quicker than his master or even than the first lieutenant

*Cats in Australia* Chris Dickman, John Woinarski, Sarah Legge, 2019-06-01 Across the world cats are loved as pets or are kept or tolerated for their role in controlling some animal pests But cats both pets and feral also kill many native animals and this toll can be enormous Cats have been remarkably successful in Australia spreading pervasively across the continent and many islands occurring in all environments and proving to be adept and adaptable hunters A large proportion of Australia s distinctive fauna is threatened and recent research highlights the significant role that cats play in the decline and extinction of native species *Cats in Australia* brings this research together documenting the extent to which cats have subverted and are continuing to subvert Australia s biodiversity But the book does much more than spotlight the impacts of cats on Australian nature It describes the origins of cats and their global spread their long standing and varying relationship with people their global impacts and their ecology It also seeks to describe the challenge of managing cats and the options available to constrain their impacts

*A Cat Called Trim: Voyages Around Australia and the World with Matthew Flinders* Corinne Fenton, 2026-01-06 A delightful and heartwarming picture book about Matthew Flinders s cat Trim and the first circumnavigation of Australia from best selling creators Corinne Fenton and Craig Smith

*Towards a Sociology of the Coast* Nick Osbaldiston, 2017-10-20 This book seeks to understand the coast as a place that has deep significance both historically and sociologically Using several case studies in Australia the author uses Max Weber s approach to rationalisation to understand the different ways coasts have been interpreted throughout modern history While today coastal places are known for their aspects of lifestyle or adventure their histories underpinned by colonialism and industrialization are vastly different The author examines the delicate dichotomy between the alternative experiences the coast provides today versus the ideals and values imposed upon it in times gone by The author makes an ethical argument about the ways in which we use and experience the coast today will adversely affect the lives of future generations in an attempt to generate further

discussion amongst students and scholars of the sociology of place as well as coastal managers and stakeholders **Cats' Most Wanted** Alexandra Powe Allred, 2005 Curiosity killed the cat Satisfaction brought it back *Human-Animal Interactions in the Eighteenth Century*, 2021-12-13 How did humans respond to the eighteenth century discovery of countless new species of animals This book explores the gamut of intense human animal interactions from love to cultural identifications moral reflections philosophical debates classification systems mechanical copies insults and literary creativity Dogs cats and horses of course play central roles But this volume also features human reflections upon parrots songbirds monkeys a rhino an elephant pigs and geese all the way through to the admired silkworms and the not so admired bookworms An exceptionally wide array of source materials are used in this volume s ten separate contributions plus the editorial introduction to demonstrate this diversity As eighteenth century humans came to realise that they too are animals they had to recast their relationships with their fellow living beings on Planet Earth And these considerations remain very much live ones to this day Trim, 2005 **100 Cats Who Changed Civilization** Sam Stall, 2011-12-06 THE ULTIMATE GIFT FOR CAT LOVERS Discover 100 illustrated and unbelievably true tales of the remarkable felines who made their mark on science history art government and religion If you don't believe that one cat has the power to alter civilization then you've obviously never heard of Tibbles the cat who single handedly wiped out an entire species Or Ahmedabad a Siamese kitten who sparked riots throughout Pakistan Or Snowball the cat who helped to convict dozens of murderers and criminals Or Felix the first cat to explore outer space These are just four of the 100 Cats Who Changed Civilization and this book honors their extraordinary contributions to science history art government religion and more Here you'll also meet cats who Filed a lawsuit Were slapped with a restraining order Inspired great works of literature and classical music Telephoned the police to save the life of their owner A perfect gift for cat moms and dads these beautifully illustrated true stories are a tribute to the intelligence bravery and loving nature of cats all over the world *A Biographical Tribute to the Memory of Trim* Matthew Flinders, 1997 Trim was a much loved cat who accompanied Matthew Flinders on several of his voyages Trim was to sail on four ships with Flinders travelling from the Cape of Good Hope to Botany Bay to England and back to Sydney Town Flinders wrote Trim's story whilst being held by the French in Mauritius **A Cat's Tale** Baba the Cat, Paul Koudounaris, 2020-11-10 A fun fanciful and even informative history of felines as revealed by a very learned tabby with a knack for hunting down facts People Since the dawn of civilization felines have prowled alongside mankind as they expanded their territory and spread the myth of human greatness And today cats are peddled on social media as silly creatures here to amuse humans with their antics But this is an absurd self centered fantasy The true history of felines is one of heroism love tragedy sacrifice and gravitas Not entirely convinced Well get ready because Baba the Cat is here to set the record straight Spanning almost every continent and thousands yes thousands of years Baba's complex story of feline survival presents readers with a diverse cast of cats long forgotten from her prehistoric feline ancestors and the ancient Egyptian cat goddess Bastet to the daring
