DAVID THELEN

Paths Of Resistance Tradition And Democracy In Industrializing Missouri

Paul E. Parker

Paths Of Resistance Tradition And Democracy In Industrializing Missouri:

Paths of Resistance David Paul Thelen, 1991 *A Portrait of Missouri, 1935-1943* Paul E. Parker, 2002 One tool the FSA used to defend itself against political attacks was its Photographic Section under the direction of Roy Stryker Paths of Resistance David Paul Thelen, 1986 This book looks at economic development and social change in one specific state Missouri between the Civil War and the First World War *Paths of Resistance* David R. Thelen, 1986-01-23 The years between 1865 and 1920 were eventful ones for the sake of Missouri It was not only the time of Jesse James Scott Joplin and Mark Twain of progressive governors Joseph Folk and Herbert Hadley of the first general strike in St Louis and some especially vicious vigilante activity it was also the time when Missouri like many other states was being transformed by the tides of industrialism and economic growth This social history examines the social and economic forces that resisted economic development in Missouri Here Thelen explores the various ways that people attempted to maintain their values and dignity in the face of overwhelming new economic cultural and political pressures and analyzes the grassroots patterns that emerged in response to rapid social change Thelen who is one of the leading historians of the Progressive period in America contends that people found their strength not in class solidarity or other Marxist responses but in what he calls the resistance of folk memories which allowed them to call upon the best elements of their collective past to help them cope with the new situation

The Other Missouri History Thomas Morris Spencer, 2004 The essays in *The Other Missouri History* explore a wide range of topics in Missouri social history By dealing with the lives of ordinary Missourians these pieces examine the effects of significant social and economic change at all levels of society With a broader scope in Missouri history than previous studies this book demonstrates how Missourians have been affected by issues of race class and gender Gregg Andrews s essay *The Racial Politics of Reconstruction in Ralls County 1865 1870* examines how race shaped the political culture in Ralls County during the Reconstruction Era Andrews argues that race baiting was used prominently by editors of the *Ralls County Record* to discredit Radicals in the county and was perhaps the most powerful political weapon that conservatives and later Democrats could use to gain the allegiance of voters Farmers are another popular topic for those practicing the other Missouri history Michael J Steiner s *The Failure of Alliance Populism in Northern Missouri* provides insight into the economic and rhetorical reasons for the failure of Populism in Missouri Steiner contends that white farmers in northern Missouri were happy with the status quo and rejected calls for radical reform and major change in the agricultural economy Women began to become active in public life during the late nineteenth and early twentieth centuries Janice Brandon Falcone s *Constance Runcie and the Runcie Club of St Joseph* examines the first two decades of an important women s club that still exists in St Joseph Missouri Also included in *The Other Missouri History* are essays by Deborah J Henry Daniel A Graff Bonnie Stepenoff Robert Faust and Amber R Clifford Because of the diverse issues addressed this volume will appeal to general readers of Missouri and Midwestern history as well as to those who teach courses in history and have sought a supplemental text

Duels and the Roots of Violence in Missouri Dick Steward, 2000 In early nineteenth century Missouri the duel was a rite of passage for many young gentlemen seeking prestige and power In time however social groups outside the ruling class engaged in a variety of violent acts and symbolic challenges under the rubric of the code duello In *Duels and the Roots of Violence in Missouri* Dick Steward takes an in depth look at the evolution of dueling tracing the origins course consequences and ultimate demise of one of the most deadly art forms in Missouri history By focusing on the history of dueling in Missouri Steward details an important part of our culture and the long reaching impact this form of violence has played in our society

Women in Missouri History LeeAnn Whites, Mary C. Neth, Gary R. Kremer, 2014-03-03 *Women in Missouri History* is an exceptional collection of essays surveying the history of women in the state of Missouri from the period of colonial settlement through the mid twentieth century The women featured in these essays come from various ethnic economic and racial groups from both urban and rural areas and from all over the state The authors effectively tell these women s stories through biographies and through techniques of social history allowing the reader to learn not only about the women s lives individually but also about how groups of ordinary women shaped the history of the state The essays in this collection address questions that are at the center of current developments in the field of women s history but are written in a manner that makes them accessible to general readers Providing an excellent general overview of the history of women in Missouri this collection makes a valuable contribution to a better understanding of the state s past

The Missouri Supreme Court Gerald T. Dunne, 1993 In *The Missouri Supreme Court* distinguished legal historian Gerald T Dunne captures the people and personalities conflicts and controversies of Missouri s rich legal history Using a lively anecdotal approach to examine the key cases and political disputes as well as the strong minded incumbents who have served on the court s bench he places Missouri s judicial system in the context of the overall political and legal developments in the United States as a whole Dunne sets the scene by presenting Missouri before it became a state tracing the evolution of Indian Spanish and French legal influences until the final adoption of a legal system based on the English common law Then through a compelling narrative he recounts not only the factual background of major cases but also interesting biographical information about the disputants Dunne reveals the fascinating history of the Missouri Supreme Court from the basic violation of human rights in the Dred Scott case up through the ethical questions addressed in the case of Nancy Cruzan s right to die These are only two of the important decisions of the United States Supreme Court that had their origins in Missouri and are discussed here These cases are landmarks not only because of what the higher courts said about them but because of their intrinsic historical interest Dunne concludes with portraits of key judges who served on the supreme court He tells how diminutive Abiel Leonard killed a man in a duel on his way to the Missouri Supreme Court bench And we learn of The Sage of Sedalia Henry Lamm if not the greatest certainly the most quotable member of the court who left behind a sparkling sequence of aphorisms By incorporating such colorful details and enlivening his subject with gusto charm and humor Dunne personalizes the

Missouri Supreme Court beyond its institutional function The Missouri Supreme Court is an enduring work that reflects the human condition in both the law and the society it serves in all its weakness and strength error and achievement and occasional glory

Beyond Left & Right David A. Horowitz, 1997 *Beyond Left and Right* is a sweeping overview of political insurgency in the United States from the 1880s to the present It is at once a stunning synthesis drawing on a large number of scholarly works and an ambitious and original piece of research The book ranges over diverse individuals and groups that have attacked the established order from the left and the right from the Populists of the 1890s to Ross Perot and the religious right of our times dealing along the way with non interventionists Klans monetary radicals McCarthyites Birchers and Reaganites among many others

Queering Kansas City Jazz Amber R. Clifford-Napoleone, 2018-11 The Jazz Age a phenomenon that shaped American leisure culture in the early twentieth century coincided with the growth of Kansas City Missouri from frontier town to metropolitan city Though Kansas City's music culture and stars are well covered *Queering Kansas City Jazz* supplements the grand narrative of jazz history by including queer identities in the city's history while framing the jazz scene experience in terms of identity and space Cabarets gender impressionism clubs and sites of sex tourism in Kansas City served as world making spaces for those whose performance of identity transgressed hegemonic notions of gender sexuality race and class Amber R Clifford Napoleone takes an interdisciplinary approach to provide a critical deconstruction of how the jazz scene offered a space for nonnormative gender practice and performance and acted as a site of contested identity and spatial territory Few books examine the changing ideas about gender in the turn of the century Great Plains under the false assumption that people in middle American places experienced cultural shifts only as an aftershock of events on the coasts This approach overlooks the region's contested territories identities and memories and fails to adequately explain the social and cultural disruptions experienced on the plains Clifford Napoleone rectifies this oversight and shows how Kansas City represents the complexity of the jazz scene in America as a microcosm of all the other people who made the culture clubs music and cabarets of the age possible

As recognized, adventure as competently as experience about lesson, amusement, as with ease as treaty can be gotten by just checking out a ebook **Paths Of Resistance Tradition And Democracy In Industrializing Missouri** plus it is not directly done, you could agree to even more approaching this life, roughly the world.

We come up with the money for you this proper as skillfully as simple mannerism to acquire those all. We find the money for Paths Of Resistance Tradition And Democracy In Industrializing Missouri and numerous book collections from fictions to scientific research in any way. in the course of them is this Paths Of Resistance Tradition And Democracy In Industrializing Missouri that can be your partner.
