Patterns Of Democracy Government Forms And Performance In Thirty Six Countries

Arend Lijphart,Professor of Political Science Arend Lijphart

Patterns Of Democracy Government Forms And Performance In Thirty Six Countries:

Patterns of Democracy Arend Lijphart,Professor of Political Science Arend Lijphart,1999-01-01 Trata sobre a atua o e formas de governo em 36 pa ses Patterns of Democracy Arend Lijphart,2012-01-01 Examining 36 democracies from 1945 to 2010 this text arrives at conclusions about what type of democracy works best It demonstrates that consensual systems stimulate economic growth control inflation and unemployment and limit budget deficits **Power-Sharing** Allison McCulloch,John McGarry,2017-04-21 Power sharing is an important political strategy for managing protracted conflicts and it can also facilitate the democratic accommodation of difference Despite these benefits it has been much criticised with claims that it is unable to produce peace and stability is ineffective and inefficient and obstructs other peacebuilding values including gender equality This edited collection aims to enhance our understanding of the utility of power sharing in deeply divided places by subjecting power sharing theory and practice to empirical and normative analysis and critique Its overarching questions are Do power sharing arrangements enhance stability peace and cooperation in divided societies Do they do so in ways that promote effective governance Do they do so in ways that promote justice fairness and democracy Utilising a broad range of global empirical case studies it provides a space for dialogue between leading and emerging scholars on the normative questions surrounding power sharing Distinctively it asks proponents of power sharing to think critically about its weaknesses This text will be of interest to students scholars and practitioners of power sharing ethnic politics democracy and democratization peacebuilding comparative constitutional design and more broadly Comparative Politics International Relations and Constitutional and Comparative Law Citizenship in Hard Times Sara Wallace Goodman,2022-01-20 What do citizens do in response to threats to democracy This book examines the mass politics of civic obligation in the US UK and Germany Exploring threats like foreign interference in elections and polarization Sara Wallace Goodman shows that citizens respond to threats to democracy as partisans interpreting civic obligation through a partisan lens that is shaped by their country s political institutions This divided partisan citizenship makes democratic problems worse by eroding the national unity required for democratic stability Employing novel survey experiments in a cross national research design Citizenship in Hard Times presents the first comprehensive and comparative analysis of citizenship norms in the face of democratic threat In showing partisan citizens are not a reliable bulwark against democratic backsliding Goodman identifies a key vulnerability in the mass politics of democratic order In times of democratic crisis defenders of democracy must work to fortify the shared foundations of democratic citizenship **Comparing Political Journalism** Claes de Vreese,Frank Esser,David Nicolas Hopmann,2016-07-15 Comparing Political Journalism is a systematic in depth study of the factors that shape and influence political news coverage today Using techniques drawn from the growing field of comparative political communication an international group of contributors analyse political news content drawn from newspapers television news and news websites from 16 countries to assess what kinds of media systems are most conducive

to producing quality journalism Underpinned by key conceptual themes such as the role that the media are expected to play in democracies and quality of coverage this analysis highlights the fragile balance of news performance in relation to economic forces A multitude of causal factors are explored to explain key features of contemporary political news coverage such as Strategy and Game Framing Negativity Political Balance Personalization Hard and Soft News Comparing Political Journalism offers an unparalleled scope in assessing the implications for the ongoing transformation of Western media systems and addresses core concepts of central importance to students and scholars of political communication world wide

European Integration and Consensus Politics in the Low Countries Hans Vollaard,Jan Beyers,Patrick Dumont,2014-08-13 The Netherlands Belgium and Luxembourg are well known cases of consensus politics Decision making in the Low Countries has been characterized by broad involvement power sharing and making compromises These countries were also founding member states of the European Union EU and its predecessors However the relationship between European integration and the tradition of domestic consensus politics remains unclear In order to explore this relationship this book offers in depth studies of a wide variety of political actors such as governments parliaments political parties courts ministries and interest groups as well as key policy issues such as the ratification of EU treaties and migration policy The authors focus not only on Europeanization but also analyse whether European integration may gradually undermine the fundamental characteristics of consensus politics in the Low Countries Drawing on consociationalism and Europeanization research this volume provides a comprehensive overview of Europeanization in these three EU member states as well as a better understanding of the varieties of consensus politics across and within these countries This book will be of interest to students and scholars of European studies European integration European law political science European political economy and comparative politics *Austerity and Protest* Marco Giugni,Maria Grasso,2016-04-08 What is the relationship between economic crises and protest behaviour Does the experience of austerity or economic hardship more broadly defined create a greater potential for protest With protest movements and events such as the Indignados and the Occupy Movement receiving a great deal of attention in the media and in the popular imaginary in recent times this path breaking book offers a rigorously researched evidence based set of chapters on the relationship between austerity and protest In so doing it provides a thorough overview of different theories mechanisms patterns and trends which will contextualize more recent developments and provide a pivotal point of reference on the relationship between these two variables More specifically this book will speak to three crucial long standing debates in scholarship in political sociology social movement studies and related fields The effects of economic hardship on protest and social movements The role of grievances and opportunities in social movement theory The distinction between old and new movements The chapters in this book engage with these three key debates and challenge commonly held views of political sociologists and social movement scholars on all three counts thus allowing us to advance study in the field **Presidents versus Federalism in the National Legislative Process** Hirokazu

Kikuchi,2018-07-11 This book rethinks gubernatorial effects on national politics using the case of the Argentine Senate Simultaneously analyzing senatorial behavior in committees and on the floor Kikuchi argues that senators strategically change their actions according to stages in the legislative process and that longstanding governors may influence national politics causing their senators to shelve unwanted presidential bills at the committee stage He explains senatorial behavior focusing on varieties in the combinations of principals whose preferences senators must take into account and shows that legislators under the same electoral system do not necessarily behave in the same way He also demonstrates that this argument can be applied to cases from other federal countries such as Brazil and Mexico Based on rich qualitative evidence and quantitative data the book offers a theoretical framework for understanding how some governors may influence national politics **Understanding Democratic Politics** Roland Axtmann,2003-03-06 This textbook is designed for first time students of politics It provides an ideal introduction and survey to the key themes and issues central to the study of democratic politics today The text is structured around three major parts concepts institutions and political behaviour and ideologies and movements Within each section a series of short and accessible chapters serve to both introduce the key ideas institutional forms and ideological conflicts central to the study of democratic politics and provide a platform for further in depth studies Each chapter contains a bullet point summary a guide to further reading and a set of questions for tutorial discussion Designed and written for an undergraduate readership Understanding Democratic Politics An Introduction will become an essential guide and companion to all students of politics throughout their university degree *Legislation at Westminster* Meg Russell,Daniel Gover,2017-09-01 The Westminster parliament is a highly visible political institution and one of its core functions is approving new laws Yet Britain s legislative process is often seen as executive dominated and parliament as relatively weak As this book shows such impressions can be misleading Drawing on the largest study of its kind for more than forty years Meg Russell and Daniel Gover cast new light on the political dynamics that shape the legislative process They provide a fascinating account of the passage of twelve government bills collectively attracting more than 4000 proposed amendments through both the House of Commons and House of Lords These include highly contested changes such as Labour s identity cards scheme and the coalition s welfare reforms alongside other relatively uncontroversial measures As well as studying the parliamentary record and amendments the study draws from more than 100 interviews with legislative insiders Following introductory chapters about the Westminster legislative process the book focuses on the contribution of distinct parliamentary actors including the government opposition backbenchers select committees and pressure groups It considers their behaviour in the legislative process what they seek to achieve and crucially how they influence policy decisions The final chapter reflects on Westminster s influence overall showing this to be far greater than commonly assumed Parliamentary influence is asserted in various different ways ranging from visible amendments to more subtle means of changing government s behaviour The book s findings make an important contribution to understanding both

British politics and the dynamics of legislative bodies more broadly Its readability and relevance will appeal to both specialists and general readers with interests in politics and law in the UK and beyond
