Patterns Of Grace Human Experience As Word Of God:

Patterns of Grace Tom Faw Driver,1977 *Through a Glass Darkly* Donald L. Berry,2006-10-02 The origin basic texts central affirmations and life policy proposals of the Christian tradition are more ambiguous than either Christianity s critics or advocates often acknowledge *Through a Glass Darkly* considers how one might grant authority to the biblical texts without

Patterns of grace Tom F. Driver,1977 *Speaking from the Heart* Richard F. Ward,2001-06-05 The Genesis of Doctrine Alister E. McGrath,1997-05 Alister E McGrath begins his book by critically engaging the views of George Lindbeck on doctrine before moving on to present a fresh understanding of the nature and function of Christian doctrine within the church Particular attention is paid to the way in which doctrine acts as a demarcator between communities of faith providing important insights into contemporary ecumenical debates McGrath also explores the crucial issue of the authority of the past in Christian theology focusing especially on how doctrine serves to maintain continuity within the Christian tradition The Genesis of Doctrine represents an exploration of a middle way in relation to the significance of Christian doctrine rejecting both those approaches that insist on the uncritical repetition of the doctrinal heritage of the past and those that disallow the authority of past doctrinal formulations The book concludes by considering whether doctrine has a future within the church answering this question in the affirmative on the basis of a number of important theological and cultural considerations

Product Description Explores the crucial issue of the authority of the past in Christian theology focusing especially on how doctrine serves to maintain continuity within the Christian tradition That They May be Many Ann Kirkus

Wetherilt,2016-10-06 The relationship of The Word to notions of unity and oneness has often served as a tool of tyranny and oppression in Christian history Static authoritarian religious institutions have formed and developed the central tenets of their faith excluding from participation the voices of those who do not mirror the reality of the power brokers overwhelmingly white Western heterosexual and male Yet other voices have continually emerged in multiple locations to challenge the hegemony of The Word and to claim authority and agency in the struggle for basic rights and justice Some of these voices are explicitly religious others not All challenge the adequacy of a unilateral Word to embody the dynamic and all encompassing movement of the sacred in the world This book suggests that a metaphor of voices provides possibility for the intercourse of many diverse expressions of holy power in the world without insisting upon either a primal or an ultimate oneness The implications of this shift are many The sources where such revelations of the divine appear are broadened to include many texts not traditionally seen as theological Conceptions of community are revolutionized to include not only groupings of like minded individuals coming together for support and nourishment but also coalitions of diverse persons who share no particular social or cultural identity but rather their commitment to work together for a more just world Traditional theological categories are renamed and redefined as their original definition and subsequent development are disclosed as limiting and inadequate And the God whom we have been told is One is revealed as many faceted and articulate speaking

through and among a radical multiplicity of created and creative beings who struggle together to live authentically in the world

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

The Myth of Christian Uniqueness John Hick, Paul F. Knitter, 2005-01-25 A new model of Christian theology the pluralistic model is taking shape moving beyond the traditional models of exclusivism Christianity as the only true religion and inclusivism Christianity as the best religion toward a view that recognizes the possibility of many valid religions In this volume a widely representative group of eminent Christian theologians Protestant and Catholic male and female from East and West First and Third Worlds explores genuinely new attitudes toward other believers and traditions expanding and refining the discussion and debate over pluralistic theology Contributors are Gordon D Kaufman John Hick Langdon Gilkey Wilfred Cantwell Smith Stanley J Samartha Raimundo Panikkar Seiichi Yagi Rosemary Radford Ruether Marjorie Jewett Suchocki Aloysius Pieris Tom F Driver and Paul F Knitter

God Has a Story Too James A. Sanders, 2000-06-14

Book 10 Miracles PB Kurt Jurgensmeier, 2012-08-22 How does God supernaturally reveal Himself This book is a detailed introduction to the complex controversial but vital topic of miracles The topic would be difficult enough but the claims and teaching of charismaticism have made a biblical understanding of miracles even more critical but also more complicated In the course of this Bible study we endeavor to answer such questions as What is a miracle How do we avoid the extremes between anti supernaturalism which claims there are no miracles and super supernaturalism which claims an abundance of them What are the different types of miracles and why is it critical to distinguish them What are the myriad of ways that God has miraculously spoken and which of these can we expect today What is the biblical place and attributes of dreams and visions What is the embarrassing history and alarming dangers of the super supernaturalism at the heart of the charismatic movement
