Making History Alex Callinicos, 2004-01-01 Making History seeks systematically to address the problem widely discussed by social scientists and historians of the relative roles played by social structures and human agency in social change Alex Callinicos has added an introduction to this new edition updating the argument of this influential book first published in 1987

Signal Mountain Mary Scott Norris, Priscilla N. Shartle, 2008 Signal Mountain occupies a portion of Walden's Ridge a plateau on the lower end of the Appalachian Mountains just outside of Chattanooga The Creek and Cherokee Indians who used this area for hunting sent smoke signals from the palisades overlooking Moccasin Bend Williams Island and the Tennessee River Union soldiers also sent signals from this lookout which is now part of Signal Point Park In 1913 Charles E James opened the Signal Mountain Inn beginning the community's development Resort amenities included golf swimming and boating on Rainbow Lake a casino and dance hall and daily walks to the mineral waters of Burnt Cabin Springs During World War I soldiers stationed at Fort Oglethorpe visited the area to spend time with their families Dignitaries and movie stars arrived for the fine dining and clear mountain air From this time on the community grew by leaps and bounds

The Star and the Cross Leonard Traines, 2005-07 This book is a love story that relates how two young people of different religions came together and overcame the differences to enter a happy and loving marriage When I first conceived the idea of writing it was to expound on the subject of anti-Semitism I soon learned the amount of books on this old subject was monumental and so I decided to turn it into fiction However within the context of the book I endeavor to bring out the messages I wish to express to anyone willing to read this Hatred has become vogue and it has spread across the modern world with a vengeance not seen in many a year I have been astounded at the gullibility of people who subscribe to hate and the injustices they are able to commit in its name My primary focus although on anti-Semitism has been embellished by knowledge of modern day genocide in many more countries than one would imagine I have included some of this information in the text Some of the killing especially in Africa has subsided but hatreds are popping up anew in other areas In Russia for example ethnic people of darker skin are being attacked and in some cases murdered by thugs who have nothing better to do with their lives The most visible and the largest hate group appears to be the militant Muslims who

see the entire world under Islam The lies being taught to their young will be a very long time in dying if ever As usual it is America America the beautiful who is leading the fight against terrorism throughout the world but it is an uphill battle Politics here at home as well as world politics and greed make the task more difficult One would think as the world grows smaller and becomes more global in the relationships of the world s countries to each other that there would be more enlightenment However it seems we keep making the same mistakes over and over again I want to believe in the All Mighty that there is a whatever watching over us and interceding when man goes too far with evil actions Perhaps God is very present and doing His thing but we don t recognize or understand it Perhaps the Lord moves in mysterious ways his wonders to perform Until I am convinced he is not there I ll go on believing because I want him to be there for us No one religion is all right or all wrong Consequently we must not harbor in our hearts hatred for those who are different from us for they are our brothers My wish my prayer is to bring the world to its senses and I only wish I could live to see the day when man will accept man as his brother and when they will beat their swords into pruning hooks and plowshares Then and then only hatred will die and there will be no more wars
