Kirylo, Drick Boyd, 2017-07-18 Paulo Freire 1921-1997 is well known around the world for his innovative educational philosophy which has led many to consider him the father of both critical pedagogy and popular education What is less known about Freire however is that his politics and pedagogy were informed by a faith birthed in Roman Catholicism but which also challenged the church to move beyond individual piety to prophetic action Freire's spirituality was rooted in the conviction that God calls all people of goodwill to work toward fulfilling the vision of a new humanity given by God To that end this book one of the first of its kind discussing Freire examines the spirituality that was foundational to his life and teaching inviting all who have been influenced by Freire to consider the deeper spiritual dimensions of their pedagogical and political work James D Kirylo and Drick Boyd's powerful text on the faith spirituality and theology of Paulo Freire provide a unique and much needed contribution to our understanding of one of the most influential educational philosophers of the 20th century Antonia Darder Leavey Endowed Chair of Ethics Moral Leadership at Loyola Marymount University and Distinguished Visiting Professor at the University of Johannesburg James D Kirylo and Drick Boyd have made an important contribution to our understanding of Freire and his work and in so doing have taken us further down the long road to justice Peter McLaren Distinguished Professor in Critical Studies Co Director The Paulo Freire Democratic Project and International Ambassador for Global Ethics and Social Justice College of Education Chapman University This book is indeed an invaluable read for anyone interested in exploring the often overlooked spiritual dimension in the work of one of the most influential educators of the 20th century Freire's pedagogy was deep rooted and substantiated by his Christian faith which provided him the inspiration to work relentlessly to denounce all systems of oppression that dehumanize people and steal their agency and to announce the sacredness of life which implies dignity for all Dora B Agra Junker Founder and Director of the Center Paulo Freire at Garrett Evangelical Theological Seminary

relationship between education and politics more broadly It offers a new and timely reading of Freire s work and life The book is structured around five key themes that provide a new perspective on Freire s work life equality love errantry and childhood It includes a contextualization of Freire s work within the past and current political terrain in Brazil and encourages educators to put themselves and their educational work into question by highlighting some of Freire s lesser known thoughts on time The book also includes a conversation with Lutgardes Costa Freire Paulo s Freire s youngest son a dialogue with the co founder of the Latin American Philosophy of Education Society Jason Wozniak West Chester University USA and a foreword by the renowned Freirean scholar and activist Antonia Darder Loyola Marymount University USA

Rethinking Freire and Illich Rosa Bruno-Jofré,Michael Attridge,Jon Igelmo Zaldívar,2023-10-02 Marking the fiftieth anniversary of two of the most influential books in modern educational and social theory Rethinking Freire and Illich introduces readers to the results of the symposium of Paulo Freire s Pedagogy of the Oppressed and Ivan Illich s Deschooling Society The collection uniquely analyses Freire and Illich together although not in a comparative way It

acknowledges that both Freire and Illich led in different ways to a new approach to perceiving and understanding the concept of liberation as a human condition while also presenting current criticisms of their work from a gendered perspective and by Indigenous scholars in the US and Canada Drawing on contributions from historians of education theologians digital experts and philosophers of education the book offers a historical analysis using extensive primary sources and an originality of topics It introduces the ways in which the current generation reads the overall works of Freire and Illich in the search for a reconstructed democratic education As a result *Rethinking Freire and Illich* presents Freire and Illich in light of contemporary issues in this generation and offers renewed searches for a good and just life and a reconstructed democratic education

Education for the People Asoke Bhattacharya, 2010-01-01 Yeats the celebrated Irish poet said in his introduction to the book *Gitanjali* or *Song Offering* 1912 these prose translations from Rabindranath Tagore have stirred my blood as nothing has for years The book received Nobel Prize in 1913 Ezra Pound said of the same work We have found our new Greece suddenly I am not saying this hastily nor in an emotional flurry nor from a love of brandishing statement This Bengali poet of India was founder of a University called Visva Bharati an institution founded on an Indian philosophy of education Albert Einstein said of Gandhi generations to come it may be will scarce believe that such a one as this ever in flesh and blood walked upon this earth For Gandhi too the path of India's deliverance was through education Their thoughts have been brought into a living interaction with the thoughts of Grundtvig the innovator of Scandinavian Folk High School and Paulo Freire the Rousseau of the twentieth century This book provides a strong North South trans contextual anti colonial dimension to adult education should be of interest to those engaged in post colonial studies and comparative education

Toward a New, Praxis-Oriented Missiology Rosalia Meza, 2020-06-17 The new and different frontiers and factors discussed in missiology are reshaping the meaning of mission Christian mission today is searching for new directions to approach the postmodern postcolonial and ecumenical paradigms This book argues that mission is the process of embodying the content and praxis of the gospel not the transmission of knowledge that keeps an established structure and culture alive often justified by a specific ecclesiological model Thus mission initiates a transformative process of faith which leads to personal and social transformation This work brings into dialogue Stephen Bevans's notion of mission as prophetic dialogue and Paulo Freire's concept of conscientiza o The aim is not to discover a method to do mission but to rescue the process that leads to transformation allowing one to encounter the other where they are while respecting the uniqueness of every person culture church and society Prophetic dialogue enriched by conscientiza o and vice versa can open new perspectives within missiology and provide a new approach to mission praxis This approach is then analyzed through the experiential and transformative elements of the Verbum Dei charism applied in ministry demonstrating the effectiveness of prophetic dialogue and conscientiza o in the Verbum Dei Missionary Fraternity mission praxis
