Paul's Letter Collection David Trobisch, 2001 In this fascinating book David Trobisch looks at the Pauline letters of the New Testament by examining the oldest manuscripts of the letters of Paul Then he describes characteristic features of the Pauline letters and interprets them in the light of documented editorial practices by comparing them to other published letter collections of the time Cicero Plinius etc He comes to the conclusion that the New Testament collection of Pauline letters is best understood if one assumes that the Apostle Paul himself prepared some of them for publication Romans I II Corinthians and Galatians It is written in accessible language for anyone interested in New Testament scholarship With footnotes tables and illustrations

Paul the Letter-Writer and the Second Letter to Timothy Michael Prior, 1989-03-01 This study argues for new perspectives on the letters of Paul especially the Second Letter to Timothy It examines striking aspects of Paul s letters especially the fact that many of them are co authored that six of them acknowledge that a secretary has penned the letter and that 1 Timothy 2 Timothy and Titus are the only ones addressed to individuals It investigates the implications of these facts for the concept of Pauline authorship Prior maintains that the received arguments statistical as well as literary which exclude 2 Timothy from the influence of Paul are less than convincing The author suggests an original reading of 2 Timothy arguing it was composed by Paul towards the end of his first Roman imprisonment Contrary to all interpretations of the letter which argue that Paul was about to be martyred Prior claims that Paul was confident that he would be released and was assembling a mission team to bring his proclamation of the Gospel to a completion Timothy s courage and missionary zeal needed rekindling for he and Mark were to be key figures in this new team
