

*Early Comments for
The Presidential Game*

"A rich and evocative survey of the rise of Presidential politics, with significant implications for the pressing questions today as to whether we wish to return to some of the 'old-fashioned' methods of choosing Presidents—by one of our foremost political historians."

James MacGregor Burns
Williams College

"An imaginative and important overview of a complex political process, distinguished by McCormick's ability to uncover new understanding of how the discrete facts of individual presidential elections fit into a broader perspective of constitutional rules and shifting political cultures. It is unique in conception and execution, important in effect. . . . This book will be greatly welcomed by American political historians and widely consulted and often quoted by them."

Joel H. Silbey
Cornell University

"From a lifetime of learning, Richard McCormick has given us a 'presidential synthesis' which is remarkably fresh and lively . . . particularly stimulating in its sense of the uncertainties, the anxieties, the many trials and errors which were part of a process of tacit rule-making for the presidential game. Nobody to my knowledge has come at the subject quite in these terms before. The result is a serious and useful book. . . . Highly recommended."

David Hackett Fischer
Brandeis University

Oxford University Press, New York

Presidential Game The Origins Of American Presidential Politics:

The Presidential Game Richard P. McCormick, 1994-05-05 This book explains why the presidential selection process deviated from its originally intended course and points out the historical disparity between the republican ideal and actual political practices

Origins of American Political Parties John F. Hoadley, 2014-07-15 The first appearance of parties on the American political scene has been a subject of debate in both history and political science most scholars have argued that parties did not develop until the nineteenth century John F Hoadley challenges that conclusion arguing convincingly that substantial parties emerged within the first decade after creation of the new government Examining patterns of roll call voting in the early congresses he finds that discernible coalitions existed between 1789 and 1803 These coalitions began to assume the form of parties as early as the Second Congress and the evidence for their functioning as parties becomes overwhelming by the time of the Jay Treaty debate in 1796 The distinctive contribution of this study lies in its quantitative analysis of congressional voting From this analysis emerges a picture derived from multidimensional scaling of the rise of voting coalitions Thus one can clearly see evidence of party formation in Congress as well as the impact of issues and external alliances on these voting coalitions Origins of American Political Parties makes a valuable contribution to political science and to history Political scientists will find that insights into the emergence of the first parties in the United States shed light on the shifts in party alignments in later years and will help them to understand the forces that shaped a nation s first use of this key political institution Historians will find here new evidence on the development of a fundamental element in America s early political history

[A Companion to the Antebellum Presidents, 1837 - 1861](#) Joel H. Silbey, 2014-01-06 A Companion to the Antebellum Presidents presents a series of original essays exploring our historical understanding of the role and legacy of the eight U S presidents who served in the significant period between 1837 and the start of the Civil War in 1861 Explores and evaluates the evolving scholarly reception of Presidents Van Buren Harrison Tyler Polk Taylor Fillmore Pierce and Buchanan including their roles behaviors triumphs and failures Represents the first single volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history

The American Presidency Sidney M. Milkis, Michael Nelson, 2019-01-24 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it Authors Sidney M Milkis and Michael Nelson broadly examine the influence of each president focusing on how these leaders have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched the modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American history and the larger

context of politics and government in the United States this award winning book offers vital perspective and insight on the limitations and possibilities of presidential power The Eighth Edition examines recent events and developments including the latter part of the Obama presidency the 2016 election the first twenty months of the Trump presidency and updated coverage of issues involving race and the presidency The Making of the Presidential Candidates 2008 William G. Mayer,2008 Discusses the presidential election process with eight chapters that cover such topics as how television covers the nomination process the origins of the presidential selection process and nomination finance in the post Bipartisan Campaign Reform Act era *The Presidency and the Political System* Michael Nelson,2018-03-08 Written by top notch presidency scholars and carefully edited into a text reader format The Presidency and the Political System Eleventh Edition showcases a collection of original essays focused on a range of topics institutions and issues relevant to understanding the American presidency Enduring Controversies in Presidential Nominating Politics Emmett H. Buell Jr.,William G. Mayer,2004-08-29 The process of nominating and electing a president is a spectacle that never fails to engage and excite millions of Americans and rarely fails to enrage us as well Enduring Controversies in Presidential Nominating Politics retraces the more than two hundred year history of presidential elections in the United States to provide a primer on how the process has evolved from the days of the founders through the heyday of nominating conventions to today s overwhelming interest in early primaries Original essays by the editors introduce critique and occasionally even refute a wide variety of historical readings including Alexander Hamilton s defense of election procedures excerpts of individual states nominations of candidates in 1824 an overview of the impact television has had on nominating conventions and calls for a national rotating primary scheme in 2004 As a whole the collection reveals the common threads that run through the history of the nominating process and points out that today s litany of complaints is not at all new *The Presidency of John Quincy Adams* Mary W. M. Hargreaves,1985 Historians have not been generous in judging the presidency of John Quincy Adams Those who have most conspicuously upheld Adams s fame have at the same time virtually ignored his service in the White House Critics on the other hand have described his administration as a failure founded upon bargain and corruption and marked by exclusion of the United States from the British West Indian trade the ineffectiveness of its efforts to promote strong Pan American relationships and the enactment of the tariff of abominations Some analysts have even argued that it generated the sectionalism which terminated the Era of Good Feelings Mary Hargreaves contends instead that the basic effort of Adams s presidency was to harmonize divergent sectional interests To ignore the Adams administration s commitment to nationalism she argues is to overlook a fundamental stage in the establishment of the federal government as guardian of the general interest The volume contains new information on the development of United States commercial policy the nation s early relationships with Latin America and difficulties of local and regional adjustment to the growth of the national economy It will be of keen interest to all students of the economic and political history of the early national period **Guide to U.S. Elections** Deborah

Kalb,2015-12-24 The CQ Press Guide to U S Elections is a comprehensive two volume reference providing information on the U S electoral process in depth analysis on specific political eras and issues and everything in between Thoroughly revised and infused with new data analysis and discussion of issues relating to elections through 2014 the Guide will include chapters on Analysis of the campaigns for presidency from the primaries through the general election Data on the candidates winners losers and election returns Details on congressional and gubernatorial contests supplemented with vast historical data Key Features include Tables boxes and figures interspersed throughout each chapter Data on campaigns election methods and results Complete lists of House and Senate leaders Links to election related websites A guide to party abbreviations

The Presidency in the Twenty-First Century Charles W. Dunn,2011-08-26 These essays by political scientists provide an effective snapshot of where the presidency appears to be heading in the 21st century thoughtful insights Choice Magazine The US president is under constant scrutiny from both colleagues and the American people Questions about the proper role of the president have been especially prevalent in recent decades This book explores the growth of presidential power investigating its social political and economic impact on America s present and future Editor Charles W Dunn and a team of the nation s leading political scientists examine a variety of topics from the link between campaigning and governing to trends in presidential communication with the public The book discusses the role of the presidency in a government designed to require cooperation with Congress and how this relationship is further complicated by the expectations of the public Several contributors take a closer look at the Obama administration in light of President George W Bush s emphasis on the unitary executive a governing style that continues to be highly controversial Dunn and his contributors provide a thorough analysis of a rapidly changing political role provoking important questions about the future of America s political system

Old Tip vs. the Sly Fox Richard J. Ellis,2020-06-18 Usually remembered for its slogan Tippecanoe and Tyler too the election of 1840 is also the first presidential election of which it might be truly said It s the economy stupid Tackling a contest best known for log cabins cider barrels and catchy songs this timely volume reveals that the election of 1840 might be better understood as a case study of how profoundly the economy shapes the presidential vote Richard J Ellis a veteran scholar of presidential politics suggests that the election pitting the Democratic incumbent Martin Van Buren against Whig William Henry Harrison should also be remembered as the first presidential election in which a major political party selected rather than merely anointed its nominee at a national nominating convention In this analysis the convention s selection as well as Henry Clay s post convention words and deeds emerge as crucial factors in the shaping of the nineteenth century partisan nation Exploring the puzzle of why the Whig Party s political titan Henry Clay lost out to a relative political also ran Ellis teases out the role the fluctuating economy and growing antislavery sentiment played in the party s fateful decision to nominate the Harrison Tyler ticket His work dismantles the caricature of the 1840 campaign a k a the carnival campaign as all froth and no substance instead giving due seriousness to the deeply held moral commitments as

well as anxieties about the political system that informed the campaign In Old Tip vs the Sly Fox the campaign of 1840 can finally be seen clearly for what it was a contest of two profoundly different visions of policy and governance including fundamental still pressing questions about the place of the presidency and Congress in the US political system

Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array topics of campaigns elections and electoral behavior The encyclopedia s diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library

The Man of the People Nathaniel C. Green, 2020-10-23 Donald Trump s election has forced the United States to reckon with not only the political power of the presidency but also how he and his supporters have used the office to advance their shared vision of America one that is avowedly nationalist and unrepentantly rooted in nativism and white supremacy It might be easy to attribute this dark vision and the presidency s immense power to reflect and reinforce it to the singular character of one particular president but to do so this book tells us would be to ignore the critical role the American public

played in making the president the man of the people in the nation's earliest decades. Beginning with the public debate over whether to ratify the Constitution in 1787 and concluding with Andrew Jackson's own contentious presidency, Nathaniel C. Green traces the origins of our conception of the president as the ultimate American, the exemplar of our collective national values, morals, and character. The public divisiveness over the presidency in these earliest years, he contends, forged the office into an incomparable symbol of an emerging American nationalism that cast white Americans as dissenters, lovers of liberty who were willing to mobilize against tyranny in all its forms, from foreign governments to black enemies and Indian savages, even as it fomented partisan division that belied the promise of unity. The presidency symbolized, with testimony from private letters, diaries, newspapers, and bills, Green documents the shaping of the disturbingly nationalistic vision that has given the presidency its symbolic power. This argument is about a different time than our own. And yet it shows how this time, so often revered as a mythic founding era from which America has precipitously declined, was in fact the birthplace of the president-centered nationalism that still defines the contours of politics to this day. The lessons of *The Man of the People* contextualize the political turmoil surrounding the presidency today. Never in modern US history have those lessons been more badly needed.

The Concise Princeton Encyclopedia of American Political History Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-08. An essential guide to US politics from the founding to today. With 150 accessible articles written by more than 130 leading experts, this essential reference provides authoritative introductions to some of the most important and talked-about topics in American history and politics from the founding to today. Abridged from the acclaimed Princeton Encyclopedia of American Political History, this is the only single-volume encyclopedia that provides comprehensive coverage of both the traditional topics of US political history and the broader forces that shape American politics, including economics, religion, social movements, race, class, and gender. Fully indexed and cross-referenced, each entry provides crucial context, expert analysis, informed perspectives, and suggestions for further reading. Contributors include Dean Baker, Lewis Gould, Alex Keyssar, James Kloppenberg, Patricia Nelson Limerick, Lisa McGirr, Jack Rakove, Nick Salvatore, Stephen Skowronek, Jeremi Suri, Julian Zelizer, and many more. Entries cover key political periods from the founding to today: Political institutions, major parties, and founding documents; The broader forces that shape US politics from economics, religion, and social movements to race, class, and gender; Ideas, philosophies, and movements; The political history and influence of geographic regions.

Encyclopedia of American Political Parties and Elections Larry Sabato, Howard R. Ernst, 2014-05-14. Presents a complete reference guide to American political parties and elections, including an A-Z listing of presidential elections with terms, people, and events involved in the process.

The Development of the American Presidency Richard J. Ellis, 2015-06-26. A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present. This developmental lens, analyzing how historical turns have shaped the modern institution, allows for a richer, more nuanced understanding beyond the current newspaper headlines. *The Development of the American Presidency* pays

great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

The Oxford Handbook of American Political History Paula Baker,Donald T. Critchlow,2020-03-06 American political and policy history has revived since the turn of the twenty first century After social and cultural history emerged as dominant forces to reveal the importance of class race and gender within the United States the application of this line of work to American politics and policy followed In addition social movements particularly the civil rights and feminism helped rekindle political and policy history As a result a new generation of historians turned their attention to American politics Their new approach still covers traditional subjects but more often it combines an interest in the state politics and policy with other specialties urban labor social and race among others within the history and social science disciplines The Oxford Handbook of American Political History incorporates and reflects this renaissance of American political history It not only provides a chronological framework but also illustrates fundamental political themes and debates about public policy including party systems women in politics political advertising religion and more Chapters on economy defense agriculture immigration transportation communication environment social welfare health care drugs and alcohol education and civil rights trace the development and shifts in American policy history This collection of essays by 29 distinguished scholars offers a comprehensive overview of American politics and policy

American Studies Jack Salzman,American Studies Association,1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988

Divided Government Peter F. Galderisi,Roberta Q. Herzberg,Peter McNamara,1996 As the relationship between the executive and legislative branches of the federal government becomes increasingly hostile more Americans are wondering whether national politics can be described as gridlock or good government This provocative and insightful collection of original essays provides answers by exploring the complicated nature and multiple implications of divided government in the United States The distinguished contributors analyze the consequences of the 1992 and 1994 elections and argue that discussions of

divided government are too narrowly focused on the issue of partisan division of governmental institutions Divided Government convincingly shows how political scientists have downplayed the significance of Constitutional rules legislative policy disaggregation and the decline of party organization They conclude that divided government in its broader institutional context will continue regardless of which parties control the different branches

Presidents, Parties, and the State Scott C. James, Scott Curtis James, 2006-11-02 Dominant theories of regulatory choice privilege the goals and actions of district oriented legislators and organized groups Presidents Parties and the State challenges this conventional frame placing presidential elections and national party leaders at the centre of American regulatory state development Historically the out party in national politics between 1884 and 1936 the Democratic party of Grover Cleveland Woodrow Wilson and Franklin Roosevelt confronted a severe political quandary one which pit long term ideological commitments against short term electoral opportunities In short Democrats when in power were forced to choose between enacting the regulatory agenda of their traditional party base or legislating the programs of voting blocs deemed pivotal to the consolidation of national party power Coalition building imperatives drove Democratic leaders to embrace the latter alternative prompting legislative intervention to secure outcomes consistent with national party needs In the end the electoral logic that fuelled Democratic choice proved consequential for the trajectory of American state development

Getting the books **Presidential Game The Origins Of American Presidential Politics** now is not type of challenging means. Presidential Game The Origins Of American Presidential Politics Introduction

In today's digital age, the availability of Presidential Game The Origins Of American Presidential Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Presidential Game The Origins Of American Presidential Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Presidential Game The Origins Of American Presidential Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Presidential Game The Origins Of American Presidential Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Presidential Game The Origins Of American Presidential Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Presidential Game The Origins Of American Presidential Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Presidential Game The Origins Of American Presidential Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a

non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Presidential Game The Origins Of American Presidential Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Presidential Game The Origins Of American Presidential Politics books and manuals for download and embark on your journey of knowledge?

FAQs About Presidential Game The Origins Of American Presidential Politics Books

What is a Presidential Game The Origins Of American Presidential Politics PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Presidential Game The Origins Of American Presidential Politics PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Presidential Game The Origins Of American Presidential Politics PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Presidential Game The Origins Of American Presidential Politics PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I**

password-protect a Presidential Game The Origins Of American Presidential Politics PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
