some of China's most famous women warriors and wartime spies through history. Focusing on key figures including Hua Mulan, Zheng Pingru, and Liu Hulan, this book examines the ways in which these extraordinary women have been commemorated through a range of cultural mediums including film, theatre, museums, and textbooks. Whether perceived as heroes or anti-heroes, Edwards shows that both the popular and official presentation of these women and their accomplishments has evolved in line with China's shifting political values and circumstances over the past one hundred years. Written in a lively and accessible style with illustrations throughout, this book sheds new light on the relationship between gender and militarisation and the ways that women have been exploited to glamorise war both historically in the past and in China today.

Espionage and Subversion in an Industrial Society Peter Hamilton, 2023-03-24. First Published in 1967. *Espionage and Subversion in an Industrial Society* presents a comprehensive overview of the true significance of industrial espionage and its relationship with the struggle for economic supremacy of a nation. Industrial espionage is a growth industry and the new battlefield where nations and ideologies struggle for economic supremacy. This and subversive activity may seem relatively harmless in comparison with a hot war. It is however precisely because the temperature of an all-out war would destroy the civilization we know that industrial espionage and subversion assume importance. In this book, Mr. Hamilton has combined his own extensive security knowledge with thorough research in his subjects. This is an interesting read for scholars of diplomacy, international economics, and international politics.

Espionage's Most Wanted™ Tom E. Mahl, 2003-03-31. In *Espionage's Most Wanted*, readers will learn that America's first spymasters included Benjamin Franklin and John Jay. Otto von Bismarck's chief spy, Wilhelm Stieber, posed as an itinerant peddler and sold religious artifacts and pornography to enemy troops as a cover for collecting intelligence. During the cultural competition of the Cold War, the CIA helped popularize abstract expressionism by spending millions to promote the careers of artists such as Jackson Pollock. The East Germans once traded two captured West German agents for one dead East German agent. CIA officer E. Howard Hunt cleverly disrupted an intimate dinner meeting between Mexican Communists and a Soviet delegation by distributing party invitations to the general public. During the 1980s and early 1990s, the CIA employed psychics to remotely view places of interest in the Soviet Union. *Espionage's Most Wanted* chronicles 500 of the most daring spies, ingenious plots, bungled operations, and surprising facts about the history of espionage and intelligence from around the world. Its fifty lists include the top ten intelligence agencies, master spies, traitors, spy gadgets, code breaking, coups, covert operations, blunders, and colorful dirty tricks. History buffs and espionage enthusiasts will enjoy this irreverent but illuminating look at the world of spies and intelligence.
