Manual Sandra Felton, 1984 The Messies Manual has helped over a quarter million readers overcome disorderly lives Reading it is not guaranteed to make you a professional housekeeper overnight but it is a real beginning for overcoming procrastination and conquering the battle against messiness once and for all The Messies Manual Sandra Felton, 2005 Most people think that the difficulty of balancing career and personal family relationships is the fault of present day society or is due to their own inadequacies But in this major new book eminent moral philosopher Michael Slote argues that the

difficulty runs much deeper than it is due to the essential nature of the divergent goods involved in this kind of choice. He shows more generally that perfect human happiness and perfect virtue are impossible in principle, a view originally enunciated by Isaiah Berlin but much more thoroughly and synoptically defended here than ever before. Ancient Greek and modern day Enlightenment thought typically assumed that perfection was possible and this is also true of Romanticism and of most recent ethical theory. But if as Slote maintains, imperfection is inevitable, then our inherited categories of virtue and personal good are far too limited and unqualified to allow us to understand and cope with the richer and more complex life that characterizes today's world. And *The Impossibility of Perfection* argues in particular that we need some new notions, new distinctions, and even new philosophical methods in order to distill some of the ethical insights of recent feminist thought and arrive at a fuller and more realistic picture of ethical phenomena.

The Messie Motivator Sandra Felton, 1996. With the principles in *The Messie's Manual*, 250,000 readers learned to overcome disorderly lives. Sandra Felton builds on those winning principles in *The Messie Motivator*, a strategic guide to conquering the battle against messiness once and for all.

When You Live with a Messie Sandra Felton, 2004-07. Organizational guru Sandra Felton offers good news for the spouse, parents, children, or roommates. MessieMates of hard-core Messies. Writing with the warmth and humor that have made her books best sellers, Felton shows beleaguered loved ones how to influence the most reluctant Messie to change and how to promote the best atmosphere to help that change occur.
