shade for an underplanting of choice bulbs columnar or weeping trees for very restricted spaces and specimen shrubs that provide an effective foil for herbaceous perennials in a mixed border At the heart of this book is a comprehensive plant directory that provides detailed descriptions including full cultivation advice for over 400 top performing trees and shrubs Further advice on pruning information on planting to encourage wildlife and handy lists that allow readers to search by colour height and other characteristics are invaluable *Proceedings: Symposium on Ecology and Management of Riparian Shrub Communities, Sun Valley, ID* Anne F.
