**The Manuscript History of the Psalms of Solomon** Robert R. Hann,1982-01-01      **The Psalms of Solomon** Patrick Pouchelle,G. Anthony Keddie,Kenneth Atkinson,2021-06-21 Explore new approaches to the Psalms of Solomon The Psalms of Solomon Texts Contexts and Intertexts explores a unique pseudepigraphal document that bears witness to the 63 BCE Roman conquest of Jerusalem Essays address a variety of themes notably their political social religious and historical contexts through the lens of anthropology of religion cognitive science socioeconomic theory and more Contributors include Kenneth Atkinson Eberhard Bons Johanna Erzberger Angela Kim Harkins G Anthony Keddie Patrick Pouchelle Stefan Schreiber Shani Tzoref and Rodney A Werline      **Psalms of Solomon** Robert B. Wright,2007-08-15 The Psalms of Solomon the most important early psalm book outside the canonical psalter reflects the turmoil of events in the last pre Christian century and gives an apparently eyewitness account of the first invasions of the Romans into Jerusalem The Psalm of Solomon provides the most detailed expectation of the Jewish Messiah before the New Testament Wright s critical edition is the first complete critical edition of the Greek texts of the Psalms of Solomon      **Septuagint: Psalms of Solomon** Scriptural Research Institute,2020-06-28 Psalms of Solomon was once in the Codex Alexandrinus appendix however that section was ripped out at some point and only the title survives So far only eleven copies of the Psalms of Solomon have been found in ancient Septuagint manuscripts all dating to between the 11 and 15 centuries however scholars generally assume the translation found in the Peshitta was made from a copy of the Septuagint sometime between the 3 and 5 centuries AD and that it was in early Christian era copies of the Septuagint as there are several references to it found in early Christian writing It is universally agreed that the Psalms of Solomon is a pre Christian work as early Christian writers referred to it even though it is clearly not about the life of Jesus as described in the gospels The question of when it was written remains largely debatable and currently the consensus is that it was likely written sometime between 63 and 1 BC and that some chapters may be older composed in the 2 century BC The idea that the bulk of the Psalms were written after 63 BC hinges on the interpretation of the dragon in chapter 2 as the Roman General Pompey who sacked Jerusalem in 63 BC Overall the sack of Jerusalem by Pompey does fit the dragon story as he did enter at the invitation of the princes and he did occupy the city and tear down its fortifications and then drag of many Jews as slaves however he was not the only one to do this In 609 BC Pharaoh Necho II did the same thing The psalm describes the dragon as wanting to rule both the land and the sea which might have also been accurate for Pompey however by the 1 century BC naval battles were common and hardly worth mentioning especially in regards to Pompey s battles in Syria and Judea where no ships were used However in Necho s time naval warfare was new and he was the first Egyptian king to establish a national navy hiring Greeks to sail his ships as Egyptians were superstitious about sailing on open waters Regardless of when it was composed it is likely one of the only pre Christian Nazarene text to make it into any version of the Christian Bible although it was ultimately dropped in the Middle

Agnes It appears to have never been used by any Jewish sect unless one counts the ancient Nazarenes as Jewish The author of the Psalms of Solomon s intent is to place a descendant of David on the throne of Judea foreshadowing the events on the first few decades AD surrounding John Jesus James and Jude **The Psalms of Solomon** Eberhard Bons,Patrick

Pouchelle,2015-05-31 A fresh analysis of that sheds new light on the Psalms of Solomon Researchers whose work focuses on the Psalms of Solomon experts on the Septuagint and scholars of Jewish Hellenistic literature take a fresh look at debates surrounding the text Authors engage linguistic historical and theological issues including the original language of the psalms their historical setting and their theological intentions with the goal of expanding our understanding of first century BCE Jewish theology Features New methods applied to open questions of authorship and historical context Focusd scholarly attention on a work of theological and literary importance Revised essays originally presented at the First International Meeting on the Psalms of Solomon Psalms of Solomon Heerak Christian Kim,2008 Psalms of Solomon is an ancient Jewish writing from the Second Century BC As a primary source written by a Jewish writer living during the turmoil of the desecration of the Jerusalem Temple by King Antiochus IV Epiphanes of Syria who forced Jews to eat non kosher food abstain from circumcision and break the Sabbath Day Psalms of Solomon accurately depicts the angst and trepidation that seized the whole Jewish populace in Jerusalem Although the poet composer of Psalms of Solomon witnessed the eventual victory of Jews over the Syrians in Jerusalem along with other Jewish survivors he did not see the victory of the Hasmonean Revolt and the Maccabees as a total victory The Maccabees kicked out the Zadokite priests from the leadership of the Jerusalem Temple when they rededicated the Temple This Temple leadership of the descendants of Zadok who was the first High Priest of the Jerusalem Temple was established by King Solomon and maintained by the descendants of King Solomon It was understood that the Zadokites continue to be the leaders of the Jerusalem Temple in the Second Temple Period after returning from the Exile and rebuilding the Jerusalem Temple destroyed by the Babylonians King David and his descendants would rule over Israel forever and the Zadokites would be the High Priests of the Jerusalem Temple forever When the Hasmoneans rededicated the Jerusalem Temple without Zadokite priests in Jerusalem Temple leadership it was going against tradition held for hundreds of years But the Jerusalem Jewish populace went along with the Maccabean program of placing their own in the office of the High Priest and top leadership in the Jerusalem Temple against long held Jewish tradition The military victory over Syrians made them untouchable heroes And in the lapse of continuity with past tradition in terms of Jerusalem leadership the Hasmoneans were not only able to seize the office of the High Priest but they managed to set in motion the usurpation of kingship by the Hasmoneans Psalms of Solomon was written by a Zadokite in protest of all that was happening in Jerusalem The poet composer wanted the Zadokites back in position in the Jerusalem Temple as has been the tradition for hundreds of years But the Zadokite poet composer could not write a blatant condemnation of the Hasmoneans because the Hasmoneans were already entrenched in their power positions Thus the Zadokite poet composer wrote Psalms of Solomon

using metaphors and symbolic language that couched his propaganda for the Zadokites

**The History of the Jewish People in the Age of Jesus Christ: Volume 3.i** Emil Schürer, Geza Vermes, Fergus Millar, 2014-01-30 Emil Schürer's *Geschichte des jüdischen Volkes im Zeitalter Jesu Christi* originally published in German between 1874 and 1909 and in English between 1885 and 1891 is a critical presentation of Jewish history institutions and literature from 175 B C to A D 135 It has rendered invaluable services to scholars for nearly a century The present work offers a fresh translation and a revision of the entire subject matter The bibliographies have been rejuvenated and supplemented the sources are presented according to the latest scholarly editions and all the new archaeological epigraphical numismatic and literary evidence including the Dead Sea Scrolls and the Bar Kokhba documents has been introduced into the survey Account has also been taken of the progress in historical research both in the classical and Jewish fields This work reminds students of the profound debt owed to nineteenth century learning setting it within a wider framework of contemporary knowledge and provides a foundation on which future historians of Judaism in the age of Jesus may build

*The Provenance of the Pseudepigrapha* James Davila, 2005-12-01 The Old Testament pseudepigrapha are ancient quasi biblical texts inspired by the Hebrew Bible Although frequently mined as Jewish background by New Testament specialists they were transmitted almost entirely in Christian circles often only in translation Christian authors wrote some pseudepigrapha and did not necessarily always mention explicitly Christian topics This book challenges the assumption that pseudepigrapha are Jewish compositions until proven otherwise It proposes a methodology for understanding them first in the social context of their earliest manuscripts inferring still earlier origins only as required by positive evidence while considering the full range of possible authors Jews Christians God fearers Samaritans etc It analyzes a substantial corpus of pseudepigrapha distinguishing those that are probably Jewish from those of more doubtful origins

*Judaic Religion in the Second Temple Period* Lester L. Grabbe, 2002-11 The developments in Judaism during the Second Temple period remain important to contemporary Jewish religion This volume provides a much needed encyclopedic

study of the period Includes bibliographies cross references and summaries      *Introduction to the New Testament* Helmut Koester,1995      **Jewish Literature Between the Bible and Mishnah** George W. E. Nickelsburg,2011-12-27 In this fully revised and expanded edition Nickelsburg introduces the reader to the broad range of Jewish literature that is not part of either the Bible or the standard rabbinic works This includes especially the Apocrypha such as 1 Maccabees the Pseudepigrapha such as 1 Enoch the Dead Sea Scrolls the works of Josephus and the works of Philo      **Septuagint's Solomon and the Testament of Solomon** Scriptural Research Institute,2020-07-07 King Solomon is arguably the most famous of all ancient Israelite kings with several books in the Septuagint dedicated to him or about him or even by him yet to date no archeological evidence for his life has been found Additionally the Testament of Solomon has survived from the Second Temple era which displays another side of King Solomon The lifetime of King Solomon falls during the Third Intermediate Period dark age in Egyptian history and therefore are no records of Solomon within the very limited Egyptian records from the time Egyptologists believe the Kingdom of Egypt collapsed at the beginning of the time period and by the time that Solomon would have lived in the early 9th century BC the king of Egypt only controlled the northern region while the rest of Egypt was under the rule of the High Priest of Amen Amun The various books associated with Solomon that made it into the Septuagint include 3rd Kingdoms Proverbs Ecclesiastes Song of Songs Wisdom of Solomon and Psalms of Solomon all of which have been retranslated into modern English The first book in this collection is 3rd Kingdoms which tells the life of Solomon likely from Ezra the Scribe's perspective 500 years later The book likely dates to before the reign of King Josiah circa 700 BC but is believed to have been redacted by Ezra the Scribe or someone else in his era The second book Proverbs also called Proverbs of Solomon is generally attributed to King Solomon who is explicitly referred to as the author of some of the proverbs A number of proverbs are known to have been copied from older collections of proverbs most notably the Wisdom of Amenemope which was apparently written by Amenemope son of Kanakht sometime before Pharaoh Akhenaten circa 1350 BC The third book Ecclesiastes is generally also attributed to King Solomon however he is not mentioned anywhere by name The idea that King Solomon was the author is found in the introduction to the text At some point before the Greek translation was made someone added an introduction and conclusion to the text in which the author is described as being the son of David and a King in Jerusalem The fourth book Song of Songs also called the Song of Solomon is a song about King Solomon theoretically written in his time circa 950 BC The book does not list its author but it was clearly written by a woman in love with Solomon She is believed to have been referring to herself as a Shulamite in chapter 7 which suggests she was Abishag the Shulamite King David's youngest concubine The fifth book Wisdom of Solomon was added to the Septuagint sometime between 250 and 132 BC and while it was traditionally attributed to King Solomon today scholars generally believed to have been composed in Greek shortly before it was added to the Septuagint The Wisdom of Solomon itself appears to have been redacted before the Greek translation as the first half is about the spirit of wisdom Sophia in Greek who is credited with

actually doing most of what the Lord Iaw Yahweh was credited with doing in the Septuagint and Masoretic Texts however this changes abruptly to crediting the Lord in chapter 11 and Sophia disappeared entirely from the rest of the book The sixth book Psalms of Solomon is also called Psalms of Salomon in many of the surviving manuscripts although it is not clear why At this time it is universally agreed that the Psalms of Solomon is a pre Christian work as early Christian writers referred to it even though it is clearly not about the life of Jesus as described in the gospels The seventh book Testament of Solomon was widely used by Christian and Gnostic astrologers in the first few centuries of the Christian era

**The Formation of the 'Book' of Psalms** David Willgren,2016-09-30 By conceptualizing the Book of Psalms as an anthology and by inquiring into its poetics by means of paratextuality David Willgren provides a fresh reconstruction of its formation and concludes that it preserves a selection of psalms that is best seen not as a book of psalms but as a canon of psalms back of book

**An Intertextual Study of the Psalms of Solomon** Kenneth Atkinson,2001 This is a study of the Psalms of Solomon which were composed between 63 37 BC as a series of reflections on the violence that accompanied the Roman dominance of Palestine

**Outside the Old Testament** Marinus de Jonge,1985 The writings collected in this volume belong to the Pseudepigrapha a term used to describe material connected to official Biblical books personalities or themes but not included in the Hebrew or Greek Old Testament canon on which the modern Bible is based Twelve works concerning prominent Old Testament figures are featured
