*One Gospel - Many Cultures*, 2021-08-04 The gospel is directed to people in the concreteness of their lives For this reason the understanding of the gospel is always of a contextual nature i e is at all times related to the situations in which people live and is therefore influenced by various cultures The one gospel is understood in and shaped by many cultures In *One Gospel Many Cultures* authors from various parts of the world describe examples of such contextual understandings of the gospel message The volume contains accounts of Jesus as rice in a Korean and as guru in a South Indian setting churches in secular and individualistic societies on both sides of the Atlantic struggling to understand the gospel anew Christians in East Asian megalopolises trying to inculturate faith in their local cultures poverty stricken people in massive urban areas in Latin America who cannot read eating fragments of the Psalms women in African countries suffering poverty and threatened by the spread of diseases raising the question whether the churches should stick to monogamy or make room for polygamy These examples entail serious questions for the churches In what does the unity of the worldwide church consist and how strong is its witness if various contexts yield different interpretations of the gospel Is cross cultural understanding in the church possible Is the World s Day of Women s Prayer perhaps a better example of cross cultural sharing and unity women listening to women from parts of the world other than their own praying together sharing songs and if needed money and thereby demonstrating one faith one gospel one God And to take another completely different case was apartheid not a cruel form of contextualization a parody of the gospel of liberation a negation of the gospel that calls for and makes possible the breaking down of existing walls of separation between people of different races colours nations and genders The contributors to the work in hand do not merely present case studies of attempts to bring the gospel into rapport with diverse cultural and human situations but also discuss the pro s and con s of the examples of contextualization they describe The papers included in the present work are the fruit of a study project which forms part of the larger long standing and ongoing program of theological reflection undertaken by the World Alliance of Reformed Churches With its fascinating cases studies and thorough discussions of the problems and issues involved in contextualization this volume will be recognized as an important textbook for academic courses in intercultural theology ecumenical studies and theological hermeneutics Contributors Marcella Althaus Reid Russell Botman Heup Young Kim Christine Lienemann Perrin Mercy Amba Oduyoye Joseph Small M Thomas Thangaraj Hendrik M Vroom and Choo Lak Yeow **Picking the "right" Bible Study Program** Macrina Scott, 1992 *One Gospel, Many Cultures* Arren Bennet Lawrence, 2022-09-06 Culture is defined as the shared values and practices found in a community Cultural values are then varied from one social group to the other In contrast gospel is static The values and principles from Scripture do not change Moreover when gospel and culture tensions occur especially in the application of the gospel message in a specific culture do believers from a specific culture adopt the culture of the Bible If so is there one unified culture in the Bible From the Canaanite culture to the Greco Roman and Jewish cultures Scripture

exhibits many cultures Should the believers from a specific worldview follow all the cultural practices of the Bible Can the believers from Kerala or Bihar in India hold on to their own indigenous cultures How might one appropriate the message of the gospel in their respective cultures Contextualizing the gospel is an important task in the practice of Christianity This means that the identification of the principles of contextualization is important in order to answer the aforementioned questions One Gospel Many Cultures will be a valuable addition as these pertinent questions on gospel and culture are addressed by renowned scholars

*One of a Kind* Adam Sparks, 2010-01-01 A fundamental requirement in an inclusivist understanding of the relationship between Christianity and other religions is evidence of God's salvific activity outside any knowledge of Christ This is commonly identified in the religion of Old Testament Israel On this basis an analogy the Israel analogy is drawn between the religion of the old covenant and contemporary non-Christian religions Closely related is the parallel argument that as Christ has fulfilled the Old covenant he can also be seen as the fulfillment of other religious traditions and their scriptures This study outlines the use of the Israel analogy and the fulfillment model subjecting these concepts to a biblical and theological critique revealing that the exegetical and patristic data are misconstrued in support of these concepts Furthermore the Israel analogy and the fulfillment model undermine the sui generis relationship between the old and new covenants and fail to respect the organic progressive nature of salvation history They also misconstrue the old covenant and the nature of its fulfillment in the new covenant The Israel analogy and fulfillment model rely on a correspondence between the chronologically pre-messianic Israel and the epistemologically pre-messianic other religions and therefore consider the BC condition to continue today In so doing they undermine the significance of the Christ event by failing to appreciate the decisive effect of this event on history and the nature of existence It marks a radical turn in salvation history a crisis point rendering the BC period complete and fulfilled Therefore the concept of a continuing pre-messianic condition or state is seriously flawed as are the Israel analogy and fulfillment model Thus the inclusivist paradigm reliant in large part on these defective concepts is also problematic and proponents of this paradigm need to reconsider its basis **Black Hebrew**
