sensory experience in places that share a geographical location or cultural orientation in Asia this collection links the conception of place with understandings of how the senses work With contributions from an international team of experts Everyday Life in Asia will be of interest to anthropologists geographers and sociologists with interests in culture everyday life and their relation to the senses of place and space

Art Hats In Renaissance City: Reflections & Aspirations Of Four Generations Of Art Personalities Renee Foong Ling Lee,2015-03-30 Art Hats in Renaissance City is an anthology of the personal reflections and aspirations of four generations in the new ecostructure in Singapore from those who help formulate policies to that of the individual artists who have helped develop and build an exciting arts and cultural scene from scratch and into a viable economic model As evidenced by the professions featured in this anthology the scope of work within the creative and cultural industries is diverse from backgrounds such as history communications management economics law science art psychology and entertainment Beyond theory the anthology offers an authentic voice of real and lived experiences of the go to people their personal role in heritage development and their thoughts and insights on our albeit developing art scene since Singapore's independence In this anthology discover the following and more

Crafting A Legacy: The Incredible Lives Of Asian-pacific Hand Surgery Pioneers Dawn Chia,Sandeep Sebastin,Raja Sabapathy,2023-05-30 This book is a compilation of the remarkable journeys of 48 hand surgery pioneers from the Asian Pacific region They came from diverse backgrounds one being the 21st generation doctor in the family to another being the first ever orthopaedic surgeon of a major university While some pioneers delved deep in the lab to push the boundaries of surgical care others strived to make high quality hand surgery available to the masses However what united them all was an unwavering commitment to their patients well being and a willingness to go above and beyond to attain their objectives The International Federation of Societies for Surgery of the Hand IFSSH celebrates the spirit of enthusiasm sacrifice and commitment to the cause of hand surgery by recognising these pioneers during the triennial IFSSH congress Each biographical article in this anthology was written by someone who has closely known or collaborated with the featured pioneer Each of these trailblazers has a story that will stir emotions and inspire others We believe it's important to share these narratives to motivate the younger generation By doing so we hope to inspire them to follow in their footsteps provide exceptional care to their patients and collectively create a better world to live in

The Routledge Handbook of Audio Description Christopher Taylor,Elisa Perego,2022-04-06 The American Council of the Blind ACB Recipient of the 2022 Dr Margaret Pfanstiehl Audio Description Achievement Award for Research and Development This Handbook provides a comprehensive overview of the expanding field of audio description the practice of rendering the visual elements of a multimodal product such as a film painting or live performance in the spoken mode for the benefit principally of the blind and visually impaired community This volume brings together scholars researchers practitioners and service providers such as broadcasters from all over the world to cover as thoroughly as possible all the theoretical and practical aspects of this discipline In 38 chapters the expert authors chart how

the discipline has become established both as an important professional service and as a valid academic subject how it has evolved and how it has come to play such an important role in media accessibility From the early history of the subject through to the challenges represented by ever changing technology the Handbook covers the approaches and methodologies adopted to analyse the multimodal text in the constant search for the optimum selection of the elements to describe This is the essential guide and companion for advanced students researchers and audio description professionals within the more general spheres of translation studies and media accessibility
