Maori And The Crown An Indigenous Peoples Struggle For Self Determination:

The Maori and the Crown Dora Alves,1999-10-30 This account deals with the various efforts of the British government during colonial times and the New Zealand government since the country's autonomy to redress the grievances of New Zealand's Maori people Maori and the State Richard S. Hill,2010-04-01 Presenting the most recent research and written by an expert in the field this examination explores the principal interrelationships between the British Crown and the Maori people in the 1950s and 1960s when Crown assimilation policies intensified and during the 1970s when the pressure of the Maori renaissance encouraged policies and goals based on biculturalism A subject central to New Zealand's culture this is an important and historical analysis of the country and the wider issue of indigenous peoples rights **Indigenous Peoples, Racism and the United Nations** Martin N. Nakata,2001 This book is published as both a record of conference proceedings the workshops and the papers given and a series of recommendations to be taken forward as agenda items for the United Nations at the World Conference in Durban South Africa September 2001 *Minority Rights in the Pacific Region* Joshua Castellino,David Keane,2009 Countries in the Pacific face unique challenges of survival and progress in establishing themselves and participating fully in international society Their geographic isolation from the rest of global society is compounded by complex layers of often competing national and indigenous identities among their populations built through wave upon wave of migration This has created rich diversity competing regimes and real challenges in terms of state building ethnic identity social policy cohesion and development in post colonial settings The issues studied here would be of interest to scholars from a range of different disciplines such as Law Politics Sociology and Anthropology By examining the theory and practice of minority rights law in states such as Fiji and Papua New Guinea alongside their more familiar neighbours Australia and New Zealand this book makes a unique contribution in a region often ignored in the literature **War at the Margins** Lin Poyer,2022 War at the Margins offers a broad comparative view of the impact of World War II on Indigenous societies Using historical and ethnographic sources Lin Poyer examines how Indigenous communities emerged from the trauma of the wartime era with social forms and cultural ideas that laid the foundations for their twenty first century emergence as players on the world's political stage With a focus on Indigenous voices and agency a global overview reveals the enormous range of wartime activities and impacts on these groups connecting this work with comparative history Indigenous studies and anthropology The distinctiveness of Indigenous peoples offers a valuable perspective on World War II as those on the margins of Allied and Axis empires and nation states were drawn in as soldiers scouts guides laborers and victims Questions of loyalty and citizenship shaped Indigenous combat roles from integration in national armies to service in separate ethnic units to unofficial use of their special skills where local knowledge tilted the balance in military outcomes Front lines crossed Indigenous territory most consequentially in northern Europe Southeast Asia and the Pacific Islands but the impacts of war go well beyond combat Like others around the world Indigenous civilian men and women suffered

bombing and invasion displacement forced labor military occupation and economic and social disruption Infrastructure construction and demand for key resources affected even areas far from front lines World War II dissolved empires and laid the foundation for the postcolonial world Indigenous people in newly independent nations struggled for autonomy while other veterans returned to home fronts still steeped in racism National governments saw military service as evidence that Indigenous peoples wished to assimilate but wartime experiences confirmed many communities commitment to their home cultures and opened new avenues for activism By century s end Indigenous Rights became an international political force offering alternative visions of how the global order might make room for greater local self determination and cultural diversity In examining this transformative era War at the Margins adds an important contribution to both World War II history and to the development of global Indigenous identity

'A Bloody Difficult Subject' Bain Attwood,2023-05-11 Ruth Ross is hardly a household name yet most New Zealanders today owe the way they understand the Treaty of Waitangi or te Tiriti o Waitangi as Ross called it to this remarkable woman s path breaking historical research Taking us on a journey from small university classes and a lively government department in the nation s war time capital to an economically poor but culturally rich Maori community in the far north and from tiny schools and cloistered university offices to parliamentary committees and a legal tribunal Attwood enables us to grasp how and why the place of the Treaty of Waitangi in New Zealand law politics society and culture has been transformed in the last seven decades A frank and moving meditation on the making of history and its advantages and disadvantages for life in a democratic society A Bloody Difficult Subject is a surprising story full of unforeseen circumstances unexpected twists unlikely turns and unanticipated outcomes

National Parks beyond the Nation Adrian Howkins,Jared Orsi,Mark Fiege,2016-03-31 The idea of a national park was an American invention of historic consequences marking the beginning of a worldwide movement the U S National Park Service asserts in its 2006 Management Policies National Parks beyond the Nation brings together the work of fifteen scholars and writers to reveal the tremendous diversity of the global national park experience an experience sometimes influencing sometimes influenced by and sometimes with no reference whatever to the United States Writer and historian Wallace Stegner once called national parks America s best idea The contributors to this volume use that exceptionalist claim as a starting point for thinking about an international history of national parks They explore the historical interactions and influences intellectual political and material within and between national park systems in Canada New Zealand South Africa Indonesia Antarctica Brazil and other countries What is the role of science in the history of these preserves Of politics What purposes do they serve Conservation Education Reverence

toward nature Tourist pleasure People have thought differently about national parks at different times and in different places and neat physical boundaries have been disrupted by wandering animals human movements the spread of disease and climate change Viewing parks around the world at various scales and across national frontiers these essays offer a panoptic view of the common and contrasting cultural and environmental features of national parks worldwide If national parks are as Stegner said absolutely American they are no less part of the world at large National Parks beyond the Nation tells us as much about the multifarious and changing ideas of nature and culture as about the framing of those ideas in geographic temporal and national terms

English Language as Hydra Vaughan Rapatahana, Pauline Bunce, 2012-06-22 English Language as Hydra argues that far too often the English language industry has become a swirling beguiling monster unashamedly intent on challenging local lingua diversity and threatening individual identities This book brings together the voices of linguists literary figures and teaching professionals in a wide ranging expos of this enormous Hydra in action on four continents

Global Encounters Paoi Hwang 卞, 2013-01-01 Taiwan's status as an island surrounded by powerful nation states has forced upon it a history of permeable borders and an ever fluctuating cultural subjectivity Originally inhabited by Austronesian tribal peoples the island has over the centuries fallen under the political economic and cultural influences of the Spanish Dutch Japanese and Chinese occupiers Globalization has further transformed and complicated Taiwan's vistas of political reforms cultural productions and ethnic re composition Such gradual but radical transformation has in countless ways encouraged the nation state identity and identification to vacillate between insularism and globalization This collection is an example of the multitude of voices that speak for Taiwan These selected essays contributed by scholars from different countries Canada Hong Kong Singapore Taiwan UK and USA engage with the debates on Taiwan's identity and nationhood while also attempting to step beyond the nationalistic frame Whereas the openness to new ideas may alter our perspectives this collection reminds us to embrace external influences without forgetting to celebrate our unbroken unique historical legacy

Crime and Empire 1840 - 1940 Barry Godfrey, Graeme Dunstall, 2013-06-17 This book is a major contribution to the comparative histories of crime and criminal justice focusing on the legal regimes of the British empire during the nineteenth and early twentieth centuries Its overarching theme is the transformation and convergence of criminal justice systems during a period that saw a broad shift from legal pluralism to the hegemony of state law in the European world and beyond

Facing Empire Kate Fullagar, Michael A McDonnell, 2018-11-01 A major reframing of world history this anthology interrogates eighteenth and

nineteenth century European imperialism from the perspective of indigenous peoples Rather than casting indigenous peoples as bystanders in the Age of Revolution Facing Empire examines the active roles they played in helping to shape the course of modern imperialism Focusing on indigenous peoples experiences of the British Empire the volume s comparative approach highlights the commonalities of indigenous struggles and strategies across the globe Facing Empire charts a fresh way forward for historians of empire indigenous studies and the Age of Revolution Covering the Indian and Pacific Oceans Australia and West and South Africa as well as North America this book looks at the often misrepresented and underrepresented complexity of the indigenous experience on a global scale Contributors Tony Ballantyne Justin Brooks Colin G Calloway Kate Fullagar Bill Gammage Robert Kenny Shino Konishi Elspeth Martini Michael A McDonnell Jennifer Newell Joshua L Reid Daniel K Richter Rebecca Shumway Sujit Sivasundaram Nicole Ulrich *State Authority, Indigenous Autonomy* Richard S.
