Migration Joan Metge, 2021-03-24 Until 1939 the Maori people remained an almost wholly rural community but during and after the second world war increasing numbers of them migrated in search of work to the cities and urban groups of Maori were established This development has significantly affected relationships both between Maori and Europeans and within the Maori people as a whole The importance of Dr Metge s book lies in its presentation of a carefully documented comparative study of two Maori communities one in a traditional rural area and the other in Auckland New Zealand s largest industrial centre Housing and domestic organization marriage patterns kinship structure voluntary associations and leadership in both types of community are discussed The author s survey and conclusions make a valuable practical contribution to Maori social studies and also have a bearing on the world wide problem of the urbanisation of cultural minorities **Maori Agriculture**

Eldson Best, 1925 **Clinical Methods in Transcultural Psychiatry** Samuel O. Okpaku, 1998 As the international community shrinks into a global village cultures mix meld and blur presenting psychiatric professionals with new challenges a growing number of patients of different nationalities ethnicities and backgrounds These sociocultural identities so integral to personality must be recognized and taken into account when diagnosing and treating mental illness This is the premise behind transcultural psychiatry On the leading edge of an emerging discipline this compendium by respected clinicians from around the world is one of the first books to offer an in depth look at transcultural psychiatry Concise yet comprehensive *Clinical Methods in Transcultural Psychiatry* draws on a wealth of case studies and relevant clinical experience to provide practicing clinicians with a basic foundation of culturally informed psychiatry on which they can build Logically organized into six sections the book begins with an overview of transcultural psychiatry and then moves to the important topic of cultural psychiatry and mental health services Treatment approaches are addressed next followed by highlights of recent research special topics such as how religious and supernatural beliefs affect behavior and discussions and recommendations on education and training in transcultural psychiatry The final section emphasizes families in cultural transition focusing on

the needs of women and children Although transcultural psychiatry has never been more relevant than today most psychiatric textbooks only briefly address it This fascinating work covering everything from the impact of magic and religion in Italy to class culture and religion in London s inner city familiarizes readers with the principles and practices of transcultural psychiatry focusing on the significance of cultural factors in the causes and meanings behind the pain and suffering as well as the healing of mental illness Language Endangerment Elisabeth Piirainen,Ari Sherris,2015-10-15 Languages and language varieties around the globe have been diminishing at an astonishing rate Despite great efforts at language documentation scholarship on metaphors and figurative units often particularly fragile parts of language has been largely neglected until recently This book like its predecessor *Endangered Metaphors* CLSCC 2 2012 focuses on disappearing metaphors and idioms from languages of diverse continents Moreover the book analyzes work from online social interaction discusses topics such as language maintenance educational practice and revitalization as well as future directions for endangered metaphor studies The book is highly innovative and produces new findings for linguistics and cultural studies the more languages are examined especially minority varieties distant from western languages the more questionable becomes universality in the field of metaphor with unique linguistic data across chapters evidencing the non universality of conceptual metaphors and calling for a revision of existing metaphor theories The book will be of special interest to linguistics metaphor and phraseology research applied linguistics sociolinguistics linguistic anthropology public policy sociology community activists and educators of language maintenance and revitalization **Rautahi: The Maoris of New Zealand** Joan Metge,2013-09-13 A comprehensive study of the Maori in New Zealand this book covers Maori history and culture language and art and includes chapters on the following Basic concepts in Maori culture Land Kinship Education Association Leadership social control The Marae Hui Maori and Pakeha Maori spelling and pronunciation There is an extensive glossary bibliography and index First published in 1967 This edition reprints the revised edition of 1976 *The Mourner's Dance* Katherine Ashenburg,2004-09-01 When her daughter s fianc died suddenly Katherine Ashenburg was surprised to see how her daughter intuitively re created the traditional rituals of mourning even those of which she was ignorant Intrigued Ashenburg began to explore the rich and endlessly inventive choreographies different cultures and times have devised to mark a universal and deeply felt plight Contemporary North American culture favors a mourning that is private and virtually invisible But as Ashenburg reveals the grieving customs of the past were so integrated into daily life that ultimately they gave rise to public parks and ready to wear clothing Our keepsakes prescribed bereavement garb resting places mourning etiquette and ways of commiserating from wakes to Internet support groups remain clues to our most elemental beliefs and our most effective means of restoring selves and communities unraveled by loss The Fixed and the Fickle Hans Mol,2006-01-01 This volume describes the effect of religion on the identity of the native Maoris and Pakehas white settlers in New Zealand The description is woven around the idea that the fixed identity is constantly unglued by the fickle change The

Maori charismatic movements are seen as attempts to absorb the devastating effects of Pakeha incursion into a viable system of meaning. Yet the white settlers too had to tame the discontinuities with the past and the ravages of cultural change. Religion is seen to be at the forefront of the struggle to defend and reinforce the boundaries around the variety of identities. In presenting his thesis the author has brought together a wide range of information: other anthropological and sociological studies, historical accounts, official statements and religious census data. The volume will be of interest to students of sociology, anthropology and religion.

Ngā Mōrehu: The Survivors (2nd Edition) Judith Binney, 2013-06-11 For much of women's history, memory is the only way of discovering the past. Other sources simply do not exist. This is true for any history of Maori women in this century. All the women in this book have lived through times of acute social disturbance. Their voices must be heard. Judith Binney 1992. In eight remarkable oral histories, *NGA MOREHU* brings alive the experience of Maori women from the mid twentieth century. Heni Brown, Reremoana Koopu, Maaka Jones, Hei Ariki, Algie Heni, Sunderland Miria, Rua Putiputi, Onekawa and Te Akakura, Rua talked with Judith Binney and Gillian Chaplin, sharing stories and memoirs. These are the women whose voices must be heard. The title, the survivors, reflects the women's connection with the visionary leader Te Kooti Arikirangi Te Turuki and his followers who adopted the name *Nga Morehu* during the wars of the 1860s. But these women are not only survivors; they are also the chosen ones, the leaders of their society. They speak here of richly diverse lives, of arranged marriages and whangai adoption traditions, of working in both Maori and Pakeha communities. They pay testimony to their strong sense of a shared identity created by religious and community teachings.

Cannibal Jack Trevor Bentley, 2010-05-03 In a frontier society full of colourful characters in early nineteenth century New Zealand, Jacky Marmon, more commonly known as Cannibal Jack, was more colourful than most. Jumping ship off the New Zealand coast, he first lived among the Ngāpuhi at the Bay of Islands, where he acquired five wives and served his chief as a trader and white priest. Joining Hōngi Hika's great Musket Wars campaigns against the Tamaki and Kaipara tribes, he claimed to have served as Hika's personal war tohunga. He survived to settle in the Hokianga from 1823 and was involved in Hōne Heke's Flagstaff War of 1845. In this biography of a wonderfully curious character, the author of the bestselling *Pakeha Maori* traces Marmon's life and times, drawing on his own knowledge and research as well as on Marmon's own, not always reliable, personal accounts.
