Mapping Women, Making Politics Lynn A. Staeheli, Eleonore Kofman, Linda Peake, 2004 This reader demonstrates the ways in which gender interacts with other dimensions of difference to shape political processes and the politics of space

Mapping Women, Making Politics Lynn Staeheli, Eleonore Kofman, Linda Peake, 2013-03-07 Mapping Women Making Politics demonstrates the multiple ways in which gender influences political processes and the politics of space The book begins by addressing feminism's theoretical and conceptual challenges to traditional political geography and then applies these perspectives to a range of settings and topics including nationalism migration development international relations elections social movements governance and the environment in the Global North and South **The SAGE Handbook of Political Geography** Kevin R Cox, Murray Low, Jennifer Robinson, 2007-12-18 A thorough and absorbing tour of the sub discipline An essential acquisition for any scholar or teacher interested in geographical perspectives on political process Sallie Marston University of Arizona This unique book is a true encyclopedia of political geography Vladimir Kolossov Institute of Geography of the Russian Academy of Sciences and Vice President of the IGU The SAGE Handbook of Political Geography provides a highly contextualised and systematic overview of the latest thinking and research in the field Edited by key scholars with international contributions from acknowledged authorities on the relevant research the Handbook is divided into six sections Scope and Development of Political Geography the geography of knowledge conceptualisations of power and scale Geographies of the State state theory territory and central local relations legal geographies borders Participation and representation citizenship electoral geography media public space and social movements Political Geographies of Difference class nationalism gender sexuality and culture Geography Policy and Governance regulation welfare urban space and planning Global Political Geographies imperialism post colonialism globalization environmental politics IR war and migration The SAGE Handbook of Political Geography is essential reading for upper level students and scholars with an interest in politics and space *A Companion to Social Geography* Vincent J. Del Casino, Jr., Mary Thomas, Paul Cloke, Ruth Panelli, 2011-03-01 This volume traces the complexity of social geography in both its historical and present contexts whilst challenging readers to reflect critically on the tensions that run through social geographic thought Organized to provide a new set of conceptual lenses through which social geographies can be discussed Presents an original intervention into the debates about social geography Highlights the importance of social geography within the broader field of geography *Political Geography* Sara Smith, 2020-02-17 Brings political geography to life explores key concepts critical debates and contemporary research in the field Political geography is the study of how power struggles both shape and are shaped by the places in which they occur the spatial nature of political power Political Geography A Critical Introduction helps students understand how power is related to space place and territory illustrating how everyday life and the world of global conflict and nation states are inextricably intertwined This timely engaging textbook weaves critical postcolonial and

feminist narratives throughout its exploration of key concepts in the discipline Accessible to students new to the field this text offers critical approaches to political geography including questions of gender sexuality race and difference and explains central political concepts such as citizenship security and territory in a geographic context Case studies incorporate methodologies that illustrate how political geographers perform research enabling students to develop a well rounded critical approach rather than merely focusing on results Chapters cover topics including the role of nationalism in shaping allegiances the spatial aspects of social movements and urban politics the relationship between international relations and security the effects of non human actors in politics and more Global in scope this book Highlights a diverse range of globally oriented issues such as global inequality that demonstrate the need for critical political geography Demonstrates how critiques of political geography intersect with decolonial feminist and queer movements Covers the Eurocentric origins of many of the discipline s key concepts Integrates advances in political geography theory and firsthand accounts of innovative research from rising scholars in the field Explores both intimate stories from everyday life and abstract concepts central to contemporary political geography

Political Geography A Critical Introduction is an ideal resource for students in political and feminist geography as well as graduate students and researchers seeking an overview of the discipline *Approaches to Human Geography* Stuart C. Aitken, Gill Valentine, 2014-12-01 The book covers some of the traditionally most obtuse and difficult to grasp philosophical ideas that have influenced geographers geography The fact that these are presented in an inclusive and accessible manner is a key strength Many students have commented that the chapters they have read have encouraged them to read more in this field which is fantastic from a lecturer s perspective Richard White Sheffield Hallam University A new edition of the classic *Approaches* text for students organised in three sections which overviews and explains the history and philosophy of Human Geographies in all its applications by those who practise it Section One Philosophies Positivist Geography Humanism Feminist Geographies Marxisms Structuration Theory Human Animal Realism Postmodern Geographies Poststructuralist Theories Actor Network Theory Postcolonialism Geohumanities Technologies Section Two People Institutions and Cultures Places and Contexts Memories and Desires Understanding Place Personal and Political Becoming a Geographer Movement and Encounter Spaces and Flows Places as Thoughts Section Three Practices Mapping and Geovisualization Quantification Evidence and Positivism Geographic Information Systems Humanism Activism Feminist Geographies Poststructuralist Theories Psychoanalysis Environmental Inquiry Contested Geographies and Culture Wars Fully updated throughout and with eight brand new chapters this is the core text for modules on history theory and practice in Human Geography

Rethinking Feminist Interventions into the Urban Linda Peake, Martina Rieker, 2013-05-29 In *Rethinking Feminist Interventions into the Urban* Linda Peake and Martina Rieker embark on an ambitious project to explore the extent to which a feminist re imagining of the twenty first century city can form the core of a new emerging analytic of women and the neoliberal urban In a world in which the majority of the population now live in urban centres they take as

their starting point the need to examine the production of knowledge about the city through the problematic divide of the global north and south asking what might a feminist intervention a position itself fraught with possibilities and problems into this dominant geographical imaginary look like Providing a meaningful discussion of the ways in which feminism gender and women have been understood in relation to the city and urban studies they ask probing and insightful questions that indicate new directions for theory and research illustrating the necessity of a re formulation of the north south divide as a critical and urgent project for feminist urban studies Working through platforms as diverse as policy formulations and telling stories the contributors to the book come from a range of disciplinary backgrounds and geographic locations ranging through the Caribbean North America Western Europe South East and South East Asia the Middle East and Latin America They identify a range of issues such as care work violence the household mobility intimacy and poverty that they analytically address to make sense of and reanimate resistance to the contemporary urban through articulations of new grammars of gendered geographies of justice

International Political Economy in the 21st Century Roy Smith, Imad El-Anis, Christopher Farrands, 2014-01-21 No approach to world affairs in the 21st century can afford to ignore the impact that processes of globalisation are having on governments economies cultures and individuals An understanding of the theories that underpin International Political Economy and their practical applications is therefore crucial to the study of international relations politics development and economics In this comprehensive and accessible introduction to the field the authors consider traditional and alternative approaches to IPE elucidating key concepts assumptions and the intellectual and historical context in which they arose and developed making clear at all times their relevance to issues from trade finance and government to environment technology development and culture The style of this book encourages independent reflection and critical thinking Each chapter relates theoretical analysis to contemporary issues by way of giving the student a better understanding of the theory and also demonstrating the value of theory in the real world

Gender, Conflict, Peace, and UNSC Resolution 1325 Seema

Shekhawat, 2018-01-15 There is an increasing amount of literature on various aspects of United Nations Security Council Resolution 1325 While appreciating this scholarship this volume highlights some of the omissions and concerns to make a quality addition to the ongoing discourse on the intersection of gender with peace and security with a focus on 1325 It aims at a reality check of the impressive to do list as the seventeen years since the Resolution passed provide an occasion to pause and ponder over the gap between the aspirations and the reality the ideal and the practice the promises and the action the euphoria and the despair The volume compiles carefully selected essays woven around Resolution 1325 to tease out the intricacies within both the Resolution and its implementation Through a cocktail of well known and some lesser known case studies the volume addresses complicated realities with the intention of impacting policy making and the academic fields of gender peace and security The volume emphasizes the significance of transforming formal peace making processes and making them gender inclusive and gender sensitive by critically examining some omissions in the challenges that the Resolution implementation confronts The major question the volume seeks to address is this where are women positioned in the formal peace making seventeen years after the adoption of Resolution 1325 **Feminist Frames** Mallarika Sinha Roy, 2025-02-21 This book revisits approaches to South Asian feminist politics through the lens of shared historical memories and their social spatialisation The author looks at borderlands socialist visions of internationalism cultures of travel theatre history artist activist performances and connected histories of discrete geo political formations Locating the book's spatial context in Bengal for its long tradition of militant movements and its historical cross border connections Sinha Roy attempts to release the spatial into South Asian feminism and historicise the space and place of Bengal in a dynamic relationship with time She argues that in addition to plotting a temporally progressive chronological story of gender violence and love in the inert space of Bengal bracketed by national and international borders the practices of spatialisation play an active role as temporal emplotment in organising and prioritising the major place based arguments *Geopolitics* Jason Dittmer, Jo Sharp, 2014-06-27 It has been increasingly impossible to think about our changing world without coming across the term geopolitics In the wake of the invasion and occupation of Iraq by the United States United Kingdom and others geopolitics has been offered as an explanation for the occupation's failure to reinvent the Iraqi state and as a blueprint for future action But what is geopolitics Drawing both on academic and political material this book introduces readers to the concept of geopolitics from the first usage of the term to its more recent reconceptualisations The concept of geopolitics is introduced through four thematic sections Imperial Geopolitics Cold War Geopolitics Geopolitics after the Cold War and Reconceptualising Geopolitics Each section includes key writings from a range of diverse and leading authors such as Said Agnew Dalby O Tuathail Gregory Barnett and Kaplan and is accompanied by a critical introduction by the editors to guide the reader through the material This Reader establishes the foundations of geopolitics while also introducing readers to the continuing significance of the concept in the 21st century This Reader provides an essential resource that exposes students

to original writing The Editors provide a pathway through the material with Section Introductions to assist the readers understanding of the context of the material and impacts of the writings The readings included draw from a range of authors writing from a range of locations The Reader concludes with the latest changes in geopolitical thought incorporating feminist and other perspectives

Border Politics in a Global Era Kathleen Staudt, 2017-06-16 Initially research in border studies relied mainly on generalizations from cases in the US Mexico borderlands before subsequently burgeoning in Europe Border Politics in a Global Era seeks to expand the study further to include the post colonial South in response to the major challenge of interdisciplinary border studies to explore borderlands in many contexts with and across a variety of states including the so called developing post colonial states Culled from decades of firsthand observations of borders from around the world and written with a critical and gender lens the text is framed with attention to history geography and the power of films and travelogues to represent people as others Professor Kathleen Staudt advances border concepts categories and theories to focus on trade migration and security highlighting the importance of states their length of time since independence and border bureaucrats discretionary practices Drawing on her Border Inequalities Database for a global perspective Staudt calls for reducing inequalities and building institutions in the common grounds of borderlands The book features maps and other visuals with lists of links at the close of most chapters Broadly comparative in nature Border Politics in a Global Era will appeal not only to students of border studies it will also stimulate attention in comparative politics international studies and political geography
