## **Marc Mulders:**

**Marc Mulders** Marc Mulders, Jaap Goedegebuure, Beth O'Brien, 1996      Marc Mulders Marc Mulders, 2004 Marc Mulders is known for his paintings but this book focuses entirely on his photographs and photocollages Once created solely as sketches for paintings these works have increasingly become semi autonomous images Mulders composes objects often with flowers on the floor of his studio and photographs them with a cinematographer's discerning eye The resulting images are eerie yet strangely beautiful presented here these photoworks underscore that process is crucial to an artist and sometimes becomes a work of art in and of itself      Marc Mulders, 1992 Catalogus bij een tentoonstelling van recent werk 1987 1991 van de Nederlandse beeldend kunstenaar      Marc Mulders + Claudy Jongstra, Mapping Out Paradise Marc Mulders, Claudy Jongstra, 2008      MARC MULDER., 1991      **AMC art book** Sabrina Kamstra, Simon Knepper, Johan Kortenray, 2003 An art collector who was a patient at the Amsterdam Medical Center once expressed his gratitude with a donation of several works of art the seed for the extraordinary modern art collection that now flourishes at the Amsterdam Medical Center Since it began seriously cultivating its art collection in the 1980s the Center has amassed approximately 5 000 works by Dutch and Dutch resident artists The Amsterdam Medical Center Art Book is an extraordinary showcase of the Center's rich and diverse collection which focuses on Dutch art from the 1950s through the 1970s The book highlights several stunning examples within the collection of such benchmark art movements as CoBrA Mixed Media Art Zero Art and New Figuration Other fascinating pieces featured in the book were created by artists in residence who were allowed to draw from live scenes in the Center's operating theater and maternity ward This volume ultimately presents a fascinating survey of Dutch post war art with over 100 vibrant color illustrations that include works by Eugene Brands Karel Appel Constant Marc Mulders Roy Villevoe and Marlene Dumas      **New York Magazine**, 1997-09-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      The Ageing of Materials and Structures Klaas van Breugel, Dessi Koleva, Ton van Beek, 2017-11-23 This work is an overview of the state of art on Ageing of Materials and structures in the world Ageing of materials is a natural phenomenon Each material we use will age This ageing will influence the performance of the object where the materials is used Furthermore the ageing will be affected by the surroundings in which the object is placed The main focus of the book is on materials used in infrastructure energy buildings and industry The book in effect establishes the definition of ageing and its main research topics that are relevant for society      **Contemporary Painting of the Low Countries** Ludo Bekkers, Elly Stegeman, 1995      The Secret Language of Churches & Cathedrals Richard Stemp, 2016-07-19 Who is depicted in that stained glass window What is the significance of those geometric figures Why are

there fierce looking beasts carved amidst all that beauty Is there a deeper purpose behind the play of light and space in the nave Why is there a pelican on the lectern and ornate foliage on the pillars The largely illiterate medieval audience could read the symbols of churches and cathedrals and recognise the meanings and stories deliberately encoded into them For worshippers these were places of religious education and an awe inspiring feast that satisfied both the senses and the soul Today in an age less attuned to iconography such places of worship are often seen merely as magnificent works of architecture This book restores the lost spiritual meaning of these fine and fascinating buildings The Secret Language of Churches Cathedrals provides a three part illustrated key by which modern visitors can understand the layout fabric and decorative symbolism of Christian sacred structures thereby bringing back to life their original atmosphere of awe and sanctity Part One is an analysis of structural features outside and in from spires and domes to clerestories and brasses Part Two is a theme by theme guide which identifies significant figures scenes stories animals flowers and the use of numbers letters and patterns in paintings carvings and sculpture Part Three is a historical decoder revealing the evolution of styles from basilicas through Byzantine Romanesque Gothic and beyond For all those who seek to know more about Christian art and architecture this richly illustrated book will instruct and delight in equal measure [NL, Contemporary Art from the Netherlands](#) ,1998 *The Reformation* Pierre Berthoud, Pieter J. Lalleman, 2017-09-07 The papers in this volume are less a commemoration of the Reformation than a discussion of its meaning in the era after 2017 What is celebrated in 2017 is not the Reformation as such but the beginning of the Reformation It was the dynamics of the new theology of Luther and Calvin that caused a radical change with global effects Reformation is not just an historical event but an ongoing movement of renewal and change The message of the Reformation constantly challenges us to think through positions actions attitudes and programs This book presents contributions from eleven experts from all over Europe who deal with their various topics on the conviction that the essence of Luther s theology does not need to be adapted to make it relevant The papers originated at the 2016 conference of the Fellowship of European Evangelical Theologians which was held in Lutherstadt Wittenberg

**Beyond the Return of Religion: Art and the Postsecular** Lieke Wijnia, 2019-08-26 Beyond the Return of Religion Art and the Postsecular explores the conceptual potential of the postsecular for investigations of late modern art and religion Indicating a public co existence and merging of religion and the secular the postsecular is approached as an alternative to the return of religion narrative Rather than framing artistic concerns with religion as a recurrence after temporary absence Lieke Wijnia shows how the postsecular allows for seeing the interaction between art and religion as an enduring albeit transforming relationship of mutual nature Whereas secularization theories are intrinsically connected to modernity the postsecular requires a pluralized perspective covering the processes of secularization diversification and spiritualization The postsecular reinforces the interconnectedness of these processes which are in turn embodied in the concept s interdisciplinary nature While this book predominantly focuses on visual art and its institutional context of the museum the

postsecular has interdisciplinary relevance for broader artistic and academic disciplines The Artistic Sphere Roger D.
