[A History of Interior Design](#) John F. Pile, 2005 Delivers the inside story on 6 000 years of personal and public space John Pile acknowledges that interior design is a field with unclear boundaries in which construction architecture the arts and crafts technology and product design all overlap

[Breuer's Bohemia](#) James Crump, 2021-09-14 Breuer's Bohemia explores a vibrant period of midcentury modern design and culture as seen through the influential New England houses designed by Marcel Breuer for his circle of clients and friends. The iconic twentieth century architect Marcel Breuer was a prolific designer of residential architecture which is often overshadowed by his early renown as a Bauhaus furniture maker and his large scale projects. Breuer's Bohemia surveys the houses he designed in Connecticut and Massachusetts from the 1950s through the 70s many of which were commissioned by a few culturally progressive clients chiefly Rufus and Leslie Stillman and Andrew and Jamie Gagarin who coalesced around him into a dynamic social circle. Included in this scene were prominent cultural figures such as Alexander Calder Arthur Miller Francine du Plessix Gray Philip Roth and William Styron and more marking a unique intersection of postwar architecture art and letters. The publication of Breuer's Bohemia coincides with the feature length documentary of the same name by author and filmmaker James Crump exploring Breuer's explosive residential practice on the East Coast. Through original research and interviews the voices of principal characters from Breuer's circle and notable figures from the field of architecture help tell the story of Breuer's collaborations with his friends and clients breathing new life into the history of the rich cultural atmosphere of which they all played a vital part. Heavily illustrated with vintage and contemporary photographs as well as rarely seen archival materials Breuer's Bohemia is a unique glimpse of a twentieth century milieu that produced an aesthetic intellectual and sometimes sybaritic community during a fertile period of American design and culture.

Francis Bacon Mark Stevens, Annalyn Swan, 2021-03-23 THE TIMES BEST ART BOOK OF THE YEAR FINALIST FOR THE PLUTARCH AWARD AND THE APOLLO AWARD There are not many biographical masterpieces but Mark Stevens and Annalyn Swan have produced one wrote the novelist John Banville of Francis Bacon Revelations By the Pulitzer prize winning authors of *de Kooning* An American Master this acclaimed biography contains a wealth of never before known details about one of the iconic artists of the 20th century a singularly private darkly funny eruptive man and his extraordinary art whose iconoclastic charm keeps the pages turning The Washington Post Francis Bacon created an indelible image of mankind in modern times and played an outsized role in both twentieth century art and life from his public emergence with his legendary Triptych 1944 its images so unrelievedly awful that people fled the gallery to his death in Madrid in 1992 Bacon was a witty free spirit and unabashed homosexual at a time when many others remained closeted and his exploits were as unforgettable as his images He moved among the worlds of London's Soho and East End the literary salons of London and Paris and the homosexual life of Tangier Through hundreds of interviews and extensive new research the authors probe Bacon's childhood in Ireland he earned his father's lasting disdain

because his asthma prevented him from hunting his increasingly open homosexuality his early design career never before explored in detail the formation of his vision his early failure as an artist his uneasy relationship with American abstract art and his improbable late emergence onto the international stage as one of the great visionaries of the twentieth century In all Francis Bacon Revelations gives us a more complete and nuanced and more international portrait than ever before of this singularly private darkly funny eruptive man and his equally eruptive extraordinary art Bacon was not just an influential artist he helped remake the twentieth century figure
