Marcel Goes Hollywood:

Marcel Goes to Hollywood Stephen Rabley, 2000-01-01 Marcel is a French mouse and a very fine detective He and his friend Celine are on holiday in Los Angeles They re staying at the home of Arnold Waldman a famous film director But on the first night of their holiday Arnold s daughter is kidnapped Another mystery story featuring the much loved Marcel Exiles in Hollywood David Wallace, 2006-07 Limelight Fleeing Nazi persecution half of Europe s creative talents including screen legend Greta Garbo and composer Igor Stravinsky were in Arnold Schoenberg s words driven into paradise settling in Los Angeles It was the greatest flight of European cultural and intellectual talent in history and for a time made Los Angeles a cultural capital Their presence enabling the evolution of film noir also changed American movies forever In *Exiles in Hollywood* David Wallace author of the national bestseller *Lost Hollywood* and whom columnist Liz Smith has called the maestro of entertainment history tells their dramatic stories His profiles of refugees include filmmaker Billy Wilder Alfred Hitchcock Nobel Prize winning writer Thomas Mann the screenwriter Salka Viertel and her controversial relationship with Greta Garbo the deeply conflicted actor Charles Laughton and many more The result is a rich page turning look at an era its triumphs and tragedies its gossip and hidden facts and its colorful personalities Hardboiled in Hollywood David E. Wilt, 1991 Covers the film careers of five screenwriters who were crime and mystery writers for the famous Black mask pulp magazine Also shows how these five writers applied their pulp writing expertise to the movies *Robert Altman and the Elaboration of Hollywood Storytelling* Mark Minett, 2021 Robert Altman and the Elaboration of Hollywood Storytelling reveals an Altman barely glimpsed in previous critical accounts of the filmmaker This re examination of his seminal work during the Hollywood Renaissance or New Hollywood period of the early 1970s including *M A S H* *Brewster McCloud* *McCabe Mrs Miller* *Images* *The Long Goodbye* *Thieves Like Us* *California Split* and *Nashville* sheds new light on both the films and the filmmaker reframing Altman as a complex pragmatic innovator whose work exceeds but is also grounded in the norms of classical Hollywood storytelling rather than someone who rejected those norms in favor of modernist art cinema Its findings and approach hold important implications for the study of cinematic authorship Largely avoiding thematic exegesis it employs an historical poetics approach robust functionalist frameworks archival research and formal and statistical analysis to demystify the essential features of the standard account of Altman s filmmaking history and profile lax narrative form heavy reliance on the zoom sound design replete with overlapping dialogue improvisational infidelity to the screenplay and a desire to subvert based in his time in the training grounds of industrial filmmaking and filmed television The book provides a clear example of how a filmmaker might work collaboratively and pragmatically within and across media institutions to elaborate upon their sanctioned practices and aims We misunderstand Altman s work and the creative work of Hollywood filmmakers in general when we insist on describing innovation as opposition to institutional norms and on describing those norms as simply assimilating innovation *Hollywood Goes Latin* María de las Carreras, Jan-Christopher

Horak,2019-05-01 In the 1920s Los Angeles enjoyed a buoyant homegrown Spanish language culture comprised of local and itinerant stock companies that produced zarzuelas stage plays and variety acts After the introduction of sound films Spanish language cinema thrived in the city s downtown theatres screening throughout the 1930s 1940s and 1950s in venues such as the Teatro El ctrico the California the Roosevelt the Mason the Azteca the Million Dollar and the Mayan Theater among others With the emergence and growth of Mexican and Argentine sound cinema in the early to mid 1930s downtown Los Angeles quickly became the undisputed capital of Latin American cinema culture in the United States Meanwhile the advent of talkies resulted in the Hollywood studios hiring local and international talent from Latin America and Spain for the production of films in Spanish Parallel with these productions a series of Spanish language films were financed by independent producers As a result Los Angeles can be viewed as the most important hub in the United States for the production distribution and exhibition of films made in Spanish for Latin American audiences In April 2017 the International Federation of Film Archives organized a symposium Hollywood Goes Latin Spanish Language Cinema in Los Angeles which brought together scholars and film archivists from all of Latin America Spain and the United States to discuss the many issues surrounding the creation of Hollywood s Cine Hispano The papers presented in this two day symposium are collected and revised here This is a joint publication of FIAF and UCLA Film Television Archive

National Board of Review Magazine ,1929 **Writers in Hollywood 1915-1951** Ian Hamilton,2011-11-17 Legend has it that Hollywood lures gifted writers into its service with sunshine and money only to treat them as glorified typists and plot mechanics peripheral to the main business of moviemaking This is what Ian Hamilton describes as the writer in chains saga that emerges from any study of Hollywood during its so called golden years the period I have marked as running from 1915 1951 But in this superb account of what befell the likes of Faulkner Fitzgerald Chandler and Huxley by working for the Dream Factory Hamilton argues that these writers were in the movies by choice they earned far more money than their colleagues who did not write for films and in several cases they applied themselves conscientiously to the not unimportant task at hand And they had a lot of laughs Fascinating and enjoyable New Statesman Abounds in marvelous stories apocryphal fabulous funny and even true Observer Faber Finds is devoted to restoring to readers a wealth of lost or neglected classics and authors of distinction The range embraces fiction non fiction the arts and children s books For a full list of available titles visit www.faberfinds.co.uk To join the dialogue with fellow book lovers please see our blog www.faberfindsblog.co.uk

the United States became the dominant world power many British films warned of the dangers posed by American culture Americans were frequently portrayed as disconcertingly ambitious reckless and irreverent Yet the same films that depicted the U S as an agent of chaos also suggested Britons might do well to embrace American style energy and egalitarianism Movies like *Love Actually* *The Quatermass Experiment* *28 Weeks Later* *Local Hero* and Alfred Hitchcock's *Secret Agent* have delved into the storied special relationship between the U S and U K These films and many more examined in this first book length study of British movies about America reveal much about British attitudes regarding power gender class sexuality and emotion
