Marcel Marien 19201993:

Minor Photography Mieke Bleyen, 2012 The first book to apply the concept of the minor to the theory of photography The notion of the minor developed by Gilles Deleuze and Félix Guattari in *Kafka Towards a minor literature* 1975 is introduced and connected applied here for the very first time to the field of photography theory Deleuze and Guattari defined minor literature in terms of deterritorialization politicization and collectivization By transferring the minor to the medium of photography this book enlarges the idea of the minor and opens it up to all kinds of mutations in the process The essays gathered in this book discuss the ways in which photography can make the dominant codes of representation stammer and how it can produce new effects and address people yet to come The authors consider the minor as a valuable tool to help photography research move beyond or in between binary and hierarchized ways of thinking of high and low art for example or centre and periphery As such it aims to contribute to a rethinking of photography as multiplicity and variation Consequently the term is connected with both marginal and canonical photographic practices covering photographers as different as Miroslav Tichy Paul McCarthy Tacita Dean Dan Graham and Paul Noug After developing a theory of the minor this book explores how the operations of the minor can be found in major art practices It closes by tackling the question of photography as variation in case studies of belated forms of surrealist photography This publication is GPRC labeled

Guaranteed Peer Reviewed Content Surrealism in North Africa and Western Asia Monique Bellan, Julia Drost, 2021-11-23 Der vorliegende Band beschäftigt sich mit dem Surrealismus in Literatur und Kunst in Algerien, Ägypten, Libanon, Syrien und der Türkei zwischen den 1930er und 1980er Jahren In einer transkulturellen Perspektive erscheint die zu Beginn der 1920er Jahre von Frankreich ausgehende Bewegung gleichermaßen als globales wie als lokales Phänomen das in den hier behandelten Regionen weniger auf kollektive als auf individualistische Weise vornehmlich auf dem Gebiet von Poesie und Sprache rezipiert wurde Die Studien in diesem Band verfolgen das Ziel ein klareres Bild von den Resonanzen des Surrealismus in diesen Regionen zu zeichnen und damit einen Beitrag zur Geschichte sowohl der Transmoderne als auch des Surrealismus zu leisten Methodisch geht es darum Verbindungen, Begegnungen und Austausch auf individuell, künstlerischer, politisch, institutioneller und soziohistorischer Ebene zu untersuchen Ein neuer Blick auf den globalen Surrealismus muss diese Netzwerke und Verbindungen auf der Mikroebene berücksichtigen wenn es um die Fragen geht wann, wo und was Surrealismus war Die Antwort könnten zeigen dass der Surrealismus weitaus weiter verbreitet war als bisher angenommen

A Concise History of Belgium Guy Vanthemsche, Roger De Peuter, 2023-03-23 Offers an accessible overview of the history of this small but important West European country from ancient times to the present Historical Dictionary of Surrealism Will Atkin, 2021-12-10 The Surrealist Movement is an international intellectual movement that has led a sustained questioning of the basis of human experience under twentieth and twenty-first century modernity since its founding in the early 1920s Influenced by the psychoanalytical teachings of Sigmund Freud Surrealism emerged among the generation that

had witnessed the insanity and horror of the First World War and was conceived of as a framework for investigating the little understood phenomena of dreams and the unconscious In these territories the surrealists recognized an alternative axis of human experience that did not align with the rational workaday rhythms of modern life and which instead revealed the extent to which individual subjectivity had been constrained by post Enlightenment rationalism and by the economic forces governing the post industrial world Against these trends the Surrealist Movement has sought to re evaluate the foundations of modern society and reassert the primacy of the imagination for almost a century to date This book offers focused introductions to numerous writers poets artists filmmakers precursors groups movements events concepts cultures nations and publications connected to Surrealism providing orientation for students and casual readers alike **Historical Dictionary of Surrealism** Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries on the Surrealist Movement s engagement with the realms of politics philosophy science poetry art and cinema and charts the international surrealist community s diverse explorations of specific thematic territories such as magic occultism mythology eroticism and gothicism This book is an excellent resource for students researchers and anyone wanting to know more about surrealism **Marcel Mariën** Marcel Mariën, Musée

way we think about art Famous for his men in bowler hats he inspired generations of later artists from Andy Warhol to Jasper Johns with his witty and provocative work In this illuminating new biography Patricia Allmer radically repositions Magritte s work in relation to its historical and cultural circumstances Allmer explores the significant influence of events and experiences in Magritte s early childhood and youth that are recorded in his letters and essays including his memories of visiting fairs and circuses of magical shows and performances of the cinema and in particular of his first encounter with his

future partner Georgette on a carousel Allmer's analyses of these events and their influence on both well known and less familiar images give new insights into Magritte's art The book will appeal to those who wish to know more about Magritte's life and work as well as to the wide audience for surrealism *International Cultural Centre Cracow Międzynarodowe Centrum Kultury w Krakowie, 2004*

Geary's Guide to the World's Great Aphorists James Geary, 2008-12-08 Both an expert and a collector James Geary has devoted his life to aphorisms and the last few years to organizing indexing and even translating them The result is Geary's Guide featuring aphorists like Voltaire Twain Shakespeare Nietzsche Woody Allen Muhammad Ali Emily Dickinson and Mae West as well as international practitioners appearing in English for the first time But it is more than just a conventional anthology It is also an encyclopedia containing brief biographies of each author in addition to a selection of his or her aphorisms The book is a field guide too with aphorists organized into eight different species such as Comics Critics Icons and Painters Poets The book's two indexes by author and by subject make it easily searchable while its unique organizational structure and Geary's lively biographical entries set it apart from all previous reference works A perfect follow up to Geary's New York Times bestseller *The World in a Phrase* Geary's Guide is eminently suitable for browsing or for sustained reading A comprehensive guide to our most intimate idiosyncratic literary form the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers
