**The Mississippi Valley Historical Review**, 1919 [Kearny's Dragoons Out West](#) Will Gorenfeld, John Gorenfeld, 2016-10-13 Having banished eastern Native peoples to lands west of the Mississippi President Andrew Jackson's government by 1833 needed a new type of soldier to keep displaced Indians from returning home And so the 1st Dragoons came into being Will and John Gorenfeld tell their story an epic of exploration conquest and diplomacy from the outposts of western history in this book length treatment of the force that became the U S Cavalry The 1st Dragoons represented a new regiment of horsemen that drew on the combined skills and clashing visions of two types of leaders old Indian killers and backwoodsmen such as loudmouth miner Henry Dodge and straight arrow battlefield veterans such as Stephen Watts Kearny who had fought Redcoats in 1812 but now negotiated treaties with Indian tribes and enforced the new order of the West Drawing on soldiers journals and other never before used sources Kearny's Dragoons Out West reconstructs this forgotten often surprising moment in U S history Under Kearny the 1st Dragoons performed its mission through diplomacy and intimidation rather than violence even protecting Indians from white settlers Following the regiment

up to the U S Mexican War when diplomacy gave way to open violence this book introduces readers to future Civil War generals Colorful characters appearing in these pages include Private Thomas Russell a young attorney tricked by a horse thief into joining the army James Hildreth who authored two books on the 1st Dragoons and English drill sergeant Long Ned Stanley whose tenure in the 1st reveals much about American immigrants experience in 1833 48 The promises made in Kearny s well intentioned treaty making were ultimately broken This detailed and in depth look back at his legacy offers a glimpse of a lost world and an intriguing turning point in the history of western expansion Washington Historical Quarterly ,1918 **The Washington Historical Quarterly** ,1917 *Book Bulletin of the Chicago Public Library* Chicago Public Library,1917 *Writings on American History* ,1911 Brigadier General John Adams, CSA Leslie R. Tucker,2013-11-13 John Adams is best remembered as one of the four Confederate generals who lay on the porch of the Carnton House dead when the Battle of Franklin ended on December 1 1864 Unfortunately he did not leave much in the way of personal papers and this biography has been pieced together from Army records and other sources including accounts of his contemporaries Adams s career in the U S Army gives us a good look at the military the concept of Manifest Destiny and the relations with those conquered by the Army the Indians This book also considers one of the more debated topics in Civil War history why did a man who served the United States for most of his life resign his commission and side with the Confederacy *Peace and Friendship* Stephen Aron,2022 For over 35 years the dominant histories of the American West have been narratives of horrific conflicts As dark and as bloody as western grounds have often been however there were also important episodes of concord instances of barriers breached accords reached and of people overcoming their differences as opposed to being overcome by them *Peace and Friendship* highlights the instances of cohabitation deepening our understanding of how the West came to be through colonization violence misunderstanding and surprisingly at times peace

**The Indian Frontier, 1763-1846** R. Douglas Hurt,2002 A sweeping history of the cultural clashes between Indians and the British Spanish Mexicans and Americans A story of the contest for land and power across multiple and simultaneous frontiers **The Great Medicine Road, Part 2** Will Bagley,2015-10 During the early weeks of 1848 as U S congressmen debated the territorial status of California a Swiss immigrant and an itinerant millwright forever altered the future state s fate Building a sawmill for Johann August Sutter James Wilson Marshall struck gold The rest may be history but much of the story of what happened in the following year is told not in history books but in the letters diaries journals and other written recollections of those whom the California gold rush drew west In this second installment in the projected four part collection *The Great Medicine Road* Narratives of the Oregon California and Mormon Trails the hardy souls who made the arduous trip tell their stories in their own words Seven individuals tales bring to life a long ago year that enriched some impoverished others and forever changed the face of North America Responding to often misleading promotional literature adventurers made their way west via different routes Following the Carson River through the Sierra Nevada or taking the Lassen Route to

the Sacramento Valley they passed through the Mormon Zion of Great Salt Lake City and traded with and often displaced Native Americans long familiar with the trails Their accounts detail these encounters as well as the gritty realities of everyday life on the overland trails They narrate events describe the vast and diverse landscapes they pass through and document a journey as strange and new to them as it is to many readers today Through these travelers diaries and memoirs readers can relive a critical moment in the remaking of the West and appreciate what a difference one year can make in the life of a nation     **The Great Medicine Road, Part 1** Will Bagley, 2014 Between 1841 and 1866 more than 500 000 people followed trails to Oregon California and the Salt Lake Valley in one of the greatest mass migrations in American history This collection of travelers accounts of their journeys in the 1840s the first volume in a new series of trail narratives comprises excerpts from pioneer and missionary letters diaries journals and memoirs many previously unpublished accompanied by biographical information and historical background
