Marching Together Melinda Chateauvert, 2024-04-22 The Brotherhood of Sleeping Car Porters BSCP was the first national trade union for African Americans Standard BSCP histories focus on the men who built the union Yet the union's Ladies Auxiliary played an essential role in shaping public debates over black manhood and unionization setting political agendas for the black community and crafting effective strategies to win racial and economic justice Melinda Chateauvert explores the history of the Ladies Auxiliary and the wives daughters and sisters of Pullman porters who made up its membership and used the union to claim respectability and citizenship As she shows the Auxiliary actively educated other women and children about the labor movement staged consumer protests and organized local and national civil rights campaigns ranging from the 1941 March on Washington to school integration to the Montgomery Bus Boycott Chateauvert also sheds light on the plight of Pullman maids who relegated to the Auxiliary found their problems as working women neglected in favor of the rhetoric of racial solidarity **Marching Together** M. Brotherhood of Sleeping Car Porters Robert L Allen, 2015-11-17 The Brotherhood of Sleeping Car Porters created a sea of change in labour and race relations in the US For the first time in US history a black labour union played a central role in shaping labor and civil rights policy Based on interviews and archival research this new book tells the story of the union and its charismatic leader C L Dellums starting from the BSCP's origins as the first national union of black workers in 1925 In 1937 the BSCP made history when it compelled one of the largest US corporations the Pullman Company to recognize and negotiate a contract with a black workers union C L Dellums was a leading civil rights activist as well as a labor leader In 1948 he was chosen to be the first West Coast Regional Director of the NAACP This book is an inspiring testament to both him and the unions transformative impact on US society Women against Abortion Karissa Haugeberg, 2017-04-03 Women from remarkably diverse religious social and political backgrounds made up the rank and file of anti abortion activism Empowered by yet in many cases scared of the changes wrought by feminism they founded grassroots groups developed now familiar strategies and tactics and gave voice to the movement's moral and political dimensions Drawing on oral histories and interviews with prominent figures Karissa Haugeberg examines American women's fight against abortion Beginning in the 1960s she looks at Marjory Mecklenburg's attempt to shift the attention of anti abortion leaders from the rights of fetuses to the needs of pregnant women Moving forward she traces the grassroots work of Catholic women including Juli Loesch and Joan Andrews and their encounters with the influx of evangelicals into the movement She also looks at the activism of evangelical Protestant Shelley Shannon a prominent pro life extremist of the 1990s Throughout Haugeberg explores important questions such as the ways people fused religious conviction with partisan politics activists rationalizations for lethal violence and how women claimed space within an unshakably patriarchal movement **Women's Activist Organizing in US History**, 2022-04-12 Women in the United States organized around their own sense of a distinct set of

needs skills and concerns And just as significant as women s acting on their own behalf was the fact that race class sexuality and ethnicity shaped their strategies and methods This authoritative anthology presents some of the powerful work and ideas about activism published in the acclaimed series Women Gender and Sexuality in American History Assembled to commemorate the series thirty fifth anniversary the collection looks at two hundred years of labor activist legal political and community organizing by women against racism misogyny white supremacy and inequality The authors confront how the multiple identities of an organization s members presented challenging dilemmas and share the histories of how women created change by working against inequitable social and structural systems Insightful and provocative Women s Activist Organizing in US History draws on both classic texts and recent bestsellers to reveal the breadth of activism by women in the United States in the nineteenth and twentieth centuries Contributors Daina Ramey Berry Melinda Chateaufvert Tiffany M Gill Nancy A Hewitt Treva B Lindsey Anne Firor Scott Charissa J Threat Anne M Valk Lara Vapnek and Deborah Gray White

Philip Randolph* Cynthia Taylor,2005-12-01 Important insights into the life and mind of one of the most significant civil rights leaders of the twentieth century A Philip Randolph founder of the Brotherhood of Sleeping Car Porters was one of the most effective black trade unionists in America Once known as the most dangerous black man in America he was a radical journalist a labor leader and a pioneer of civil rights strategies His protege Bayard Rustin noted that With the exception of W E B Du Bois he was probably the greatest civil rights leader of the twentieth century until Martin Luther King Scholarship has traditionally portrayed Randolph as an atheist and anti religious his connections to African American religion either ignored or misrepresented Taylor places Randolph within the context of American religious history and uncovers his complex relationship to African American religion She demonstrates that Randolph s religiosity covered a wide spectrum of liberal Protestant beliefs from a religious humanism on the left to orthodox theological positions on the right never straying far from his African Methodist roots **For Jobs and Freedom** Robert H. Zieger,2014-04-23 Whether as slaves or freedmen the political and social status of African Americans has always been tied to their ability to participate in the nation s economy

Freedom in the post Civil War years did not guarantee equality and African Americans from emancipation to the present have faced the seemingly insurmountable task of erasing pervasive public belief in the inferiority of their race For Jobs and Freedom Race and Labor in America since 1865 describes the African American struggle to obtain equal rights in the workplace and organized labor s response to their demands Award winning historian Robert H Zieger asserts that the promise of jobs was similar to the forty acres and a mule restitution pledged to African Americans during the Reconstruction era The inconsistencies between rhetoric and action encouraged workers both men and women to organize themselves into unions to fight against unfair hiring practices and workplace discrimination Though the path proved difficult unions gradually obtained rights for African American workers with prominent leaders at their fore In 1925 A Philip Randolph formed the first black union the Brotherhood of Sleeping Car Porters to fight against injustices committed by the Pullman Company an employer of significant numbers of African Americans The Congress of Industrial Organizations CIO emerged in 1935 and its population quickly swelled to include over 500 000 African American workers The most dramatic success came in the 1960s with the establishment of affirmative action programs passage of the Civil Rights Act of 1964 and Title VII enforcement measures prohibiting employer discrimination based on race Though racism and unfair hiring practices still exist today motivated individuals and leaders of the labor movement in the nineteenth and twentieth centuries laid the groundwork for better conditions and greater opportunities Unions with some sixteen million members currently in their ranks continue to protect workers against discrimination in the expanding economy For Jobs and Freedom is the first authoritative treatment in more than two decades of the race and labor movement and Zieger s comprehensive and authoritative book will be standard reading on the subject for years to come

All Together Different Daniel Katz,2013-07-22 In the early 1930 s the International Ladies Garment Workers Union ILGWU organized large numbers of Black and Hispanic workers through a broadly conceived program of education culture and community involvement The ILGWU admitted these new members the

overwhelming majority of whom were women into racially integrated local unions and created structures to celebrate ethnic differences All Together Different revolves around this phenomenon of interracial union building and worker education during the Great Depression Investigating why immigrant Jewish unionists in the International Ladies Garment Workers Union ILGWU appealed to an international force of coworkers Katz traces their ideology of a working class based cultural pluralism which Daniel Katz newly terms mutual culturalism back to the revolutionary experiences of Russian Jewish women These militant women and their male allies constructed an ethnic identity derived from Yiddish socialist tenets based on the principle of autonomous national cultures in the late nineteenth century Russian Empire Built on original scholarship and bolstered by exhaustive research All Together Different offers a fresh perspective on the nature of ethnic identity and working class consciousness and contributes to current debates about the origins of multiculturalism *Historical Dictionary of Organized Labor* James C. Haverty-Stacke, Daniel J. Walkowitz, 2010-10-21 *Rights, Not Roses* Dennis Deslippe, 2000 Although the most visible banners of feminism were carried by educated white collar professional women in fact working class women were a powerful force in the campaign for gender equality Rights Not Roses explores how unionized wage earning women led the struggle to place women s employment rights on the national agenda decisively influencing both the contemporary labor movement and second wave feminism Drawing on union records oral histories and legislative hearings and debates Dennis A Deslippe unravels a complex history of how labor leaders accommodated and resisted working women s demands for change Through case studies of unions representing packinghouse and electrical workers Deslippe explains why gender equality emerged as an issue in the 1960s and how the activities of wage earning women in and outside of their unions shaped the content of the debate He also traces the faultlines between working class women who sought gender equality within the parameters of unionist principles such as seniority and middle class women who sought an equal rights amendment that would guarantee an abstract equality for all women A thoughtful and thorough study of working class feminism Rights Not Roses raises important questions about the meaning of equality for working women the connections of women to their unions the gendered nature of equal rights and more **Anna Howard Shaw** Trisha Franzen, 2014-03-15 With this first scholarly biography of Anna Howard Shaw 1847 1919 Trisha Franzen sheds new light on an important woman suffrage leader who has too often been overlooked and misunderstood An immigrant from a poor family Shaw grew up in an economic reality that encouraged the adoption of non traditional gender roles Challenging traditional gender boundaries throughout her life she put herself through college worked as an ordained minister and a doctor and built a tightly knit family with her secretary and longtime companion Lucy E Anthony Drawing on unprecedented research Franzen shows how these circumstances and choices both impacted Shaw s role in the woman suffrage movement and set her apart from her native born middle and upper class colleagues Franzen also rehabilitates Shaw s years as president of the National American Woman Suffrage Association arguing that Shaw s much belittled tenure actually marked a renaissance of both NAWSA and the suffrage movement as a whole Anna Howard Shaw The Work of Woman Suffrage presents a clear and compelling portrait of a woman whose significance has too long been misinterpreted and misunderstood
