We're Not Here to Entertain Kevin Mattson, 2020-05-14 Many remember the 1980s as the era of Ronald Reagan a conservative decade populated by preppies and yuppies dancing to a soundtrack of electronic synth pop music In some ways it was the MTV generation However the decade also produced some of the most creative works of punk culture from the music of bands like the Minutemen and the Dead Kennedys to avant garde visual arts literature poetry and film In *We're Not Here to Entertain* Kevin Mattson documents what Kurt Cobain once called a punk rock world the all encompassing hardcore indie culture that incubated his own talent Mattson shows just how widespread the movement became ranging across the nation from D C through Ohio and Minnesota to LA and how democratic it was due to its commitment to Do It Yourself DIY tactics Throughout Mattson puts the movement into a wider context locating it in a culture war that pitted a blossoming punk scene against the new president Reagan's talk about end days and nuclear warfare generated panic his tax cuts for the rich and simultaneous slashing of school lunch program funding made punks who saw themselves as underdogs seethe at his meanness The anger went deep since punks saw Reagan as the country's entertainer in chief his career from radio to Hollywood and television

synched to the very world punks rejected Through deep archival research Mattson reignites the heated debates that punk's opposition generated in that era about everything from straight edge ethics to anarchism to the art of dissent By reconstructing the world of punk Mattson demonstrates that it was more than just a style of purple hair and torn jeans In so doing he reminds readers of punk's importance and its challenge to simplistic assumptions about the 1980s as a one-dimensional conservative epoch

The Pleasures of Death Arthur Flannigan Saint-Aubin,2020-12-09 The year 2019 marked the twenty fifth anniversary of the death of Kurt Cobain an artist whose music words and images continue to move millions of fans worldwide As the first academic study that provides a literary analysis of Cobain s creative writings Arthur Flannigan Saint Aubin s *The Pleasures of Death* Kurt Cobain s Masochistic and Melancholic Persona approaches the journals and songs crafted by Nirvana s iconic front man from the

perspective of cultural theory and psychoanalytic aesthetics Drawing on critiques and reformulations of psychoanalytic theory by feminist queer and antiracist scholars Saint Aubin considers the literary means by which Cobain creates the persona of a young white heterosexual man who expresses masochistic and melancholic behaviors On the one hand this individual welcomes pain and humiliation as atonement for unpardonable sins on the other he experiences a profound sense of loss and grief seeking death as the ultimate act of pleasure The first person narrators and characters that populate Cobain's texts underscore the political and aesthetic repercussions of his art Cobain's distinctive version of grunge understood as a subculture a literary genre and a cultural practice represents a specific performance of race and gender one that facilitates an understanding of the self as part of a larger social order Saint Aubin approaches Cobain's writings independently of the artist's biography positioning these texts within the tradition of postmodern representations of masculinity in twentieth century American fiction while also suggesting connections to European Romantic traditions from the nineteenth century that postulate a relation between melancholy or depression and creativity In turn through Saint Aubin's elegant analysis Cobain's creative writings illuminate contradictions and inconsistencies within psychoanalytic theory itself concerning the intersection of masculinity masochism melancholy and the death drive By foregrounding Cobain's ability to challenge coextensive links between gender sexuality and race *The Pleasures of Death* reveals how the cultural politics and aesthetics of this tragic icon's works align with feminist strategies invite queer readings and perform antiracist critiques of American culture

I Shot a Man in Reno Graeme Thomson, 2008-08-15 Ask the gangsta rap devotee Ask the grizzled blues fanatic and the bearded folk fan Ask the goth and the indie kid Ask and they will all tell you the same thing death and popular music have forever danced hand in hand in funereal waltz time The pop charts and the majority of radio stations playlists may conspire to convince anyone listening that the world spins on its axis to the tune of I love you you love me and traditional matters of the heart The rest of us know that we live in a world where red roses will one day become lilies and that death is the motor that drives the greatest and most exhilarating music of all Death music is not merely a byword for bookish solemnity or the glorification of murder drugs and

guns Over the course of the last hundred years it has also been about teenage girls weeping over their high school boyfriend's fatal car wreck natural disasters sweeping whole communities away the ever evolving threat of disease changing attitudes to old age exhortations to suicide the perfect playlist for a funeral and the thorny question of what happens after the fat lady ceases to sing Which means that for every Black Angel's Death Song there is a Candle in the Wind and for every Cop Killer there is The Living Years Death like music is a unifying force There is something for every taste and inclination from murderous vengeance to camp sentimentality and everything in between Drawing upon original and unique interviews with artists such as Mick Jagger Richard Thompson Ice T Will Oldham and Neil Finn among many others I Shot a Man In Reno explores how popular music deals with death and how it documents the changing reality of what death means as one grows older It's as transfixing as a train wreck and you won't be able to put it down as an epilogue I Shot A Man In Reno presents the reader with the 40 greatest death songs of all time complete with a brief rationale for each acting as a primer for the morbidly curious listener

Shout to the Lord Ari Y. Kelman, 2018-06-19 How music makes worship and how worship makes music in Evangelical churches Music is a nearly universal feature of congregational worship in American churches Congregational singing is so ingrained in the experience of being at church that it is often misunderstood to be synonymous with worship For those who assume responsibility for making music for congregational use the relationship between music and worship is both promising and perilous promise in the power of musical style and collective singing to facilitate worship peril in the possibility that the experience of the music might eclipse the worship it was written to facilitate As a result those committed to making music for worship are constantly reminded of the paradox that they are writing songs for people who wish to express themselves as directly as possible to God This book shines a new light on how people who make music for worship also make worship from music Based on interviews with more than 75 songwriters worship leaders and music industry executives Shout to the Lord maps the social dimensions of sacred practice illuminating how the producers of worship music understand the role of songs as both vehicles for and practices of faith and identity This book accounts for the human qualities of religious experience and the practice of worship and it makes a compelling case for how sometimes faith comes by hearing
