Nuclear Strategy in a Dynamic World Donald M. Snow,1981 *Professional Journal of the United States Army* ,1992
Quarterly Review of Military Literature ,1992 **Military Review** ,1992 *National Security* Donald M.

Snow,2016-07-15 This text analyzes the history evolution and processes of national security policies It examines national security from two fundamental fault lines the end of the Cold War and the evolution of contemporary terrorism dating from the 9 11 terrorist attacks and tracing their path up to the Islamic State ISIS and beyond The book considers how the resulting era of globalization and geopolitics guides policy Placing these trends in conceptual and historical context and following them through military semi military and non military concerns National Security treats its subject as a nuanced and subtle phenomenon that encompasses everything from the global to the individual with the nation at its core New to the Sixth Edition Fully updated with expanded coverage of ISIS the new cool war with Russia cybersecurity challenges natural resource wars and development negotiations with Iran border threats and much more Includes a completely new chapter on lethal landscapes such as developing world international conflicts in Africa Asia and the Middle East the siren song of the Islamic State and the dilemmas of guns butter and boots on the ground Shifts the focus from globalization to a more widely ranging look at security from the individual level to the regional to the global **Air University Review** ,1984-05 **Naval**

War College Review Naval War College (U.S.),1986 Toward Nuclear Disarmament And Global Security Burns H Weston,2019-06-04 This text is designed to provide students and others with a theoretical and factual base for understanding the complex questions posed by continued reliance on nuclear weapons to protect geopolitical interests In Part One the authors examine the destructiveness and cost of modern nuclear arsenals and offer both normative and systemic explanations *The Necessary Peace* Donald M. Snow,1987 When Should America Fight? Donald M. Snow,2023-01-27 Donald M Snow invites readers to consider what criteria should be evaluated when considering whether the United States should engage in military action across the globe when its vital interests are at stake and when the endeavor can reasonably be considered feasible what Snow refers to as the IF factor It is hard to justify promoting an application of American military force to a situation where its use will not succeed or where US interests are not clearly vital but Snow argues that is exactly what has happened frequently since Vietnam The book is organized into three sections examining a historical overview of how the United States became involved in intervening in asymmetrical warfare the problem of internal war in the developing world and future American military involvement particularly in conflicts in the Global South and Ukraine Peace Education Ian M. Harris,1988 Here is a tool for teachers church leaders community activists and concerned citizens interested in using educational strategies to bring about a peaceful world It presents the goals and key issues of peace education describes the difficulties and obstacles educators are likely to meet and how to overcome them and suggests approaches and programs for different age groups Other information includes religious resources an annotated list of curricular materials an annotated

bibliography in several categories and grade levels and a directory of organizations providing resource materials

European Armies and the Conduct of War Hew Strachan, 2005-07-28 Through the eyes of the major theorists of the day and discussing the key issues of modern warfare Hew Strachan's work examines the theory and practice of land warfare in Europe since 1700 **Political Science Quarterly** Columbia University.
