*The products of Binns Road* ,1977      **The British Toy Business** Kenneth D. Brown,1996-01-01 At its height British toymaking was a significant industry with famous names such as Britains and Meccano known throughout the world While in essence a specialised form of small scale engineering its products and market have always been unique reflecting the current priorities of both parents and children Yet while individual toys and marques have been catalogued extensively no previous history of toymaking as a whole exists The British Toy Business provides a fascinating example of the development of a specific industry Many early early toys were home made From the eighteenth century with its growing recognition of children as something other than small adults date the beginnings of specialised toys usually produced by small workshops and sold by street sellers The nineteenth century with its industrial growth and middle class prosperity saw an expansion of toymaking The 1960s and 1970s were the most successful years of British toymaking with companies like Lesney making record profits Yet British toy makers failed to solve a number of fundamental problems Following an unexpected sudden downturn in sales at a time of high interest rates the major names in British toy making Lesney Airfix Mettoy and Dunbee Combex Marx all collapsed between 1979 and 1985 leaving the business to be dominated largely by importers      **Meccano** Roger Marriott,2012-07-20 It has now been over a century since Frank Hornby invented a toy to amuse his sons and called it Meccano coining a word which has entered the dictionary as a term in common usage and is now known all over the world Hornby s vision of an educational toy became the basis of perhaps the most successful British toy business of the twentieth century Meccano has amused generations of children encouraging many to become successful engineers Roger Marriott here explores the long history of Meccano charting the development of the various sets and components which for decades have been interchangeable and explains the endless fascination of this iconic construction toy      **Antiques Roadshow Collectibles** Carol Prisant,2003-01-01 Offers tips on identifying collecting and caring for furniture photographs posters and illustration art costume jewelry and wristwatches dolls toys advertising and sports memorabilia and glass and pottery      *Whitaker's Cumulative Book List* ,1977      [Business History: pt. 2, Business organization](#) David J.
