**Thanks for Everything (Now Get Out)** Joseph Margulies, 2021-10-19 When a distressed urban neighborhood gentrifies all the ratios change poor to rich Black and Brown to white unskilled to professional vulnerable to secure Vacant lots and toxic dumps become condos and parks Upscale restaurants open and pawn shops close But the low income residents who held on when the neighborhood was at its worst who worked so hard to make it better are gradually driven out For them the neighborhood hasn't been restored so much as destroyed Tracing the history of Olneyville a neighborhood in Providence Rhode Island that has traveled the long arc from urban decay to the cusp of gentrification Joseph Margulies asks the most important question facing cities today Can we restore distressed neighborhoods without setting the stage for their destruction Is failure the inevitable cost of success Based on years of interviews and on the ground observation Margulies argues that to save Olneyville and thousands of neighborhoods like it we need to empower low income residents by giving them ownership and control of neighborhood assets His model for a new form of neighborhood organization the neighborhood trust is already gaining traction nationwide and promises to give the poor what they have never had in this country the power to control their future

*The Heroines of English Pastoral Romance* Sue P. Starke,2007 The figure of the woman as hero in pastoral romance is shown to grow in importance and complexity in this important new study The genre of pastoral romance flourished dramatically in Renaissance England between 1590 and 1650 One of its key elements is that it is the daughter not the son of the gentle family who increasingly becomes the subject of the romance s attempt to define and illustrate heroism The pastoral heroine s task is paradoxical to break out of her pastoral paradise in order to ensure its reconstitution She is the princess the shepherdess the Lady or the virtuous daughter who becomes a repository of honor and virtue in a changing society where traditional chivalric definitions of honor hold decreasing purchase This groundbreaking book examines the typical challenges faced by the pastoral romance heroine as she matures within the pastoral locus amoenus the founding dilemma the loop shaped quest the rhetorical battle the chastity threat the reconciliation of beauty to virtue and familial reunification It illustrates how the allegorical symbolic and psychological characterizations of pastoral heroines in the works of Sidney Spenser Wroth Fletcher Milton and Marvell anticipate developments in the representation of female subjectivities normally associated with the novel SUE P STARKE is Associate Professor of English at Monmouth University New Jersey      **God's Gift of the Universe** Paul O'Callaghan,2022-01-17 There are many ways of understanding the reality of the world we live in and experience Science philosophy art all offer us ample descriptions explanations and intuitions But Christian believers go

beyond all that for they attempt to understand the origins of the universe in terms of the creation of the world by God Revelation tells us what God had in mind when he made the world ex nihilo without presuppositions of any kind God's Gift of the Universe attempts to present the principal elements and stages of creation theology The doctrine is to be found fundamentally of course in Scripture both Old and New Testament which describes the world in the light of God's word Yet since God actually gave existence to the world down to the last detail our reflection on God's word not only explains the reality of creation how it works its nature as science does It also explains how creation came into being in the mind and heart of the Triune God and ultimately why God created the world In God's Gift of the Universe a considerable effort has been spent throughout the book on the Christological and Trinitarian aspects of creation particularly in the theology of Church Fathers Creation is presented besides in a deeply eschatological key for God created the world for purpose of making his glory eternally manifest The book also considers the way God intervenes in the life of the created world through conservation in being and providence The meaning of time matter and spirit are considered The need for ecological awareness is central One aspect of the mystery of creation that receives special attention is the presence of evil in the world This is of particular importance once we accept that God made the world whole and entire thus assuming responsibility for the world as it is The origin of evil through the sin of spiritual creatures provides the ultimate though not the only explanation of the mystery of evil Particular consideration is given to the reality of original sin
