In **The Polished Hoe**, winner of the Giller Prize and the 2003 Commonwealth Writers Prize, when an elderly Bimshire village woman calls the police to confess to a murder, the result is a shattering all-night vigil that brings together elements of the African diaspora in one epic sweep. Set on the post-colonial West Indian island of Bimshire in 1952, **The Polished Hoe** unravels over the course of 24 hours but spans the lifetime of one woman and the collective experience of a society informed by slavery. **Choosing His Coffin** is a selection of Clarke's finest work from more than forty years of storytelling, drawing on his Caribbean roots and his years in Canada. These stories range in theme from growing up in West Indian society and what it means to be black in both the United States and Canada to surviving as an immigrant in a predominantly Anglo-Saxon culture.

The Book of the Cheese Thomas Wilson Reid, 1901 [The book of the Cheese. Revised by W.H. Graham](#) Sir Thomas Wemyss Reid, 1901 **The Shows of London** Richard Daniel Altick, 1978

A berserk elephant gunned down in the heart of London, a machine for composing Latin hexameters and the original rock band 1841: these are but three of the sights that London curiosity seekers from every walk of life paid to see from the Elizabethan era to the mid-Victorian period. Examining hundreds of the wonderfully varied exhibitions that culminated in the Crystal Palace of 1851, this generously illustrated book sheds light on a vast and colorful expanse of English social history that has thus far remained wholly unsurveyed. Drawing on a wealth of never before used information, Mr. Altick traces London exhibitions as they evolved from the display of relics in pre-Reformation churches through the collections of eighteenth-century virtuosi to the first science museums and public art galleries. He also narrates for the first time the history of the panorama and diorama as an influential genre of nineteenth-century popular art. At every point the London shows are linked to the prevailing intellectual atmosphere and to trends in public taste. The material is fresh and fascinating, the range from freaks to popular science, from the funeral effigies at Westminster Abbey to Madame Tussaud's waxworks, impressive. Like the exhibitions that best served the Victorian ideal of mass culture, **The Shows of London** is both entertaining and informative.
