Rift The Sino Soviet Conflict:

The Rift David C. Levine,1968 Sino-Soviet Conflict United States. Congress. House. Committee on Foreign Affairs. Subcommittee on the Far East and the Pacific,1965 Reviews Sino Soviet ideological and border disputes and their possible impact on U S policy and military objectives in Vietnam **Sino-Soviet Conflict, Report ... by the Subcommittee on the Far East and the Pacific ... Together with Hearings Held March 10-31, 1965** United States. Congress. House. Foreign Affairs,1965 **Sino-Soviet Conflict** ,1977 *Soviet Russia: Strategic Survey* United States. Department of the Army,1963 **The Cold War in Asia** J. Bruce Amstutz,1996-12 Cohesion and Conflict in International Communism Peter Mayer,2012-12-06 The current conflict which threatens the very existence of the inter national communist movement as a single coherent entity must be looked for in the roots of Marxian philosophy The central concept of pre Leninist communism is contained in the notion of proletarian internationalism Yet the emergence of the communist party states has been squarely predicated on the requirements of single national states as viewed through the training and experience of the various communist leaders Thus the Soviet version has been shaped by the nationalism of Lenin Stalin and Khrushchev The only aberrant case the internationalism of Trotsky was doomed to failure The Chinese version of communism has as its root concepts the spirit of prolonged struggle against a superior enemy whose ultimate defeat is ensured through the dialectics of political growth The non communist societies are by definition decadent The movement came to power by exploiting the nationalism engendered within China by the Japanese invasion Its mass support was based on the peasantry although the transparent fiction of proletarian leadership was strictly maintained Further communism is a term which has lost its original encompassing definition Peking now narrowly defines it as policies consonant with the thought of Mao Tse tung Thus both the Soviet and the Chinese interpretation of commun ism are based on a concept which was anathema to the intellectual founders of the movement *USSR: Strategic Survey* United States. Department of the Army,1969 **China In World Affairs** G. W. Choudhury,2019-03-01 This up to date textbook reviews China s foreign policy goals since the PRC s active reemergence in world affairs following the Cultural Revolution of 1966 1969 covering China s quest for security the breakthrough in China U S relations and the course of Sino Soviet rivalry *Sino-Soviet Dialogue on the Problem of War* S. Yin,2012-12-06 The author has spent upwards of ten years in working on this book His objective is to clarify the military aspect of the Moscow Peking dialogue which has not yet received its deserved treatment The apogee of that dialogue seems to have been passed toward the end of the rule of Khrushchev Yet the Vietnam war spawns fresh contention Our cover age will span the development from 1956 to the present The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era But the principle differences between the disputants are just as outstanding today as they were then The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely

bitter polemics evolving after Khrushchev left office There have been many new and startling views held by both sides since then views splitting them poles apart Ominously at issue now is the question of Sino Soviet peaceful coexistence Our work obviously cannot wait until that question is answered to be finished The final chapter concludes our study To write of subjects as dynamic as this one is a challenge because they are current affairs Due to the swift change of events no sooner is our typescript put to press than it needs a revision

The Fate of Nations Michael Mandelbaum, 1988-09-30 New interpretations of historic episodes in international relations result from a fresh analysis of national security policies and the demands and constraints imposed upon their development by the international system

The Cambridge History of China Roderick MacFarquhar, John King Fairbank, 1987

The Origins of the Cultural Revolution Roderick MacFarquhar, 1999-11 This is the final volume in a trilogy that examines the politics personalities economics culture and international relations of China from the mid 1950s to the mid 1960s It seeks to answer the central question Why did Chairman Mao Zedong launch the Cultural Revolution 1966-76 which plunged China into chaos and almost destroyed its Communist Party The Coming of the Cataclysm starts with the great famine of the early 1960s which resulted in tens of millions of deaths and set in train a series of emergency measures that increasingly divided Mao from his comrades in arms His anger that they were prepared to adopt capitalist methods to rescue the country was sharpened by his belief that Moscow had actually gone capitalist and sold out to the imperialist West From 1961 to 1966 the period covered by this volume the increasingly urgent question for Mao was how to prevent a similar revolutionary degeneration in China The Cultural Revolution was his answer Drawing upon new evidence from Party documents personal interviews books and journals MacFarquhar details the growing rift between Mao and his colleagues as they attempted to cope with domestic privation and an increasingly hostile international environment until the Chairman finally decided to smash the unity of the Yan'an Round Table by unleashing society against the party state

China and the Three Worlds: A Foreign Policy Reader King C. Chen, 2017-07-28 This title was first published in 1979 The reopening of China in 1971 by President Richard Nixon has already been regarded as a turning point of China's foreign policy and international politics It has facilitated the reestablishment of Peking's diplomatic relations after the Cultural Revolution broadened the dimension of China's international political economic and cultural activities and promoted China's campaign against hegemonism of the superpowers Its impact on China's relationships with the outside world particularly the United States and Third World countries is immeasurable This volume explores the the three world theory is China's Mao Tse-tung's new concept of world politics after the Sino American rapprochement This concept originally developed from the Soviet twocamp theory of 1947 has an immediate connection with Peking's intermediate zone theory of 1964

The Cold War J.P.D. Dunbabin,2014-01-14 The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin s account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it

Japan and the Sino-Soviet Alliance, 1950-1964 C. Braddick,2003-12-09 Japan and the Sino Soviet Alliance 1950 1964 reveals the divisive impact of the Sino Soviet Alliance on Japanese domestic politics and foreign relations during the turbulent years between 1950 and 1964 Drawing on extensive Japanese sources and unprecedented access to previously classified government documents C W Braddick exposes the myths shrouding this formative era in Japan s postwar development
