River-Root / A Syzygy

A powerful narrative poem exploring the archetypal union of the sexual act. Situated on the Mississippi as a symbol of the American earth and the American mood, it narrates the ordeal of two lovers who, in the course of a single night, overcome the impulse that initially divides them, consummate their love in the extremes of physical passion, and arise at dawn refreshed, restored, at one with themselves and their world. Called by Albert Gelpi, Professor of American Literature at Stanford University, "the most sustained orgasmic celebration in English, perhaps in all literature," this breath-taking poem was written during 1947 in the monastery where the author, as Brother Antonine, served for over eighteen years. Its publication in 1976 is fortuitous. As the poet states in his dedicatory note, "In preparing this poem for publication, its specifically American character became more keenly impressed upon me than I had earlier felt it. And I realized that in timing it during this thirty anniversary of our founding I was, in effect, offering it as a poet's gift to the Nation, and so dedicate it, as Whitman might have, to the Bicentennial of These States."

WILLIAM EVERSON was born in Sacramento, California, in 1912. He has written 16 volumes of poetry, including *The Residual Years*, *The Rose of Solitude* and *Man-Fate*. A conscientious objector in World War II, he entered the Dominican Order in 1942, became widely known for his readings on campuses from coast to coast, and returned to the world in 1969. He is an authority on Robinson Jeffers as well as a handsome printer of distinction. Since 1971 he has been Poet in Residence at Santa Clara College, The University of California, Santa Cruz.

Herrmann, 2015-12-10 In 1991 author and Jungian psychotherapist Steven Herrmann was called by the poet shaman William
Everson to collaborate on writing a book It is from that event that the subtitle of this book emerged The Shaman s Call Its
aim is to instill in readers that if one follows one s calling from the shamanic archetype with the right attitude it could
culminate in true cosmic awareness And it would interconnect the psyche with nature or what C G Jung called the Self Such
awareness is made clear through the transfiguring power of American poet shamans who transmit what they are called by
nature to convey that an experience of the Self is a life altering experience The calling can be transmitted by way of an
animal power to a person through dreams transformative relationships in depth psychotherapy religious experiences art
scientific endeavor or through the hearing reading or writing of shamanic poetry During the conversations with Everson
emerged a vision of the way shamanism has been portrayed in American poetry from Herman Melville s *Moby Dick* to Walt
Whitman s *Leaves of Grass* to Emily Dickinson s *The Complete Poetry* to what Everson achieved in his seminal poems
October Tragedy *The Encounter* and *Black Hills* and in his literature course at the University of California Santa Cruz The
conversations form a link between the 80 year old poet shaman and the 35 year old Jungian author Steven Herrmann who
was just beginning to find his own wings as a poet The Expanded edition commemorates William Everson s birth on
September 10 1912 Herrmann co organized three Centennial events to celebrate Everson s work in the fall of 2012 Part II
contains *Seven Meditations* William Everson s *Basic Teachings on Vocation* a final conversation with Everson on vocatypes
and Herrmann s Centennial essays and poems *Subject Catalog* Library of Congress, 1978 Encyclopedia of American
Poetry: The Twentieth Century Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century
contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics
schools or periods of American verse in the century Entries fall into three main categories poet entries which provide
biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the
most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary
production school thematically constructed category or other verse tradition that historically has been in dialogue with the
poetry of the United States **Subject Catalog, 1978** Library of Congress, 1978 *Jeffers Studies*, 2004 **Updating
the Literary West**, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West* have grown up
with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the *Literary*

History of the American West TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes *Updating the Literary West* a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of LHAW western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence and the range of subjects has changed and widened *Updating the Literary West* looks at topics ranging from western classics to cowboys and Cadillacs and considers children's literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West's literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries
