Secrets Of The Sphinx Mysteries Of The Ages Revealed:

The Zodiac Conspiracy Atara, Dr Atara, 2011-11 The appearance of an astronomer who was discussing the 13th constellation on national TV last year caused a huge outcry from the public The big question was How can my sun sign be different Many people concluded that the astronomer did not know what he was talking about People wanted to know how their Sun sign could be different than what they had been told all these years Actually the astronomer was very correct he was telling everyone the truth as indicated by the science of astronomy which the psychological art of astrology is based upon There are 13 constellations and has always been 13 This is why the book also features a section on Ophiuchus which is the 13th constellation and the only constellation sign named after a human being Imhotep an African Egyptian There has been a conspiracy of silence among Western astrologers to misrepresent the history of astrology and ignore the truth of astronomy Since astrologers did not adhere to the science of astronomy as dictated by the constellations they created an alternative paradigm called the Koch zodiac system which only acknowledges 12 constellations and therefore 12 signs Astrologers who live in the Eastern part of the world practice the truth of astronomy by using the Sidereal zodiac system Most people in the Western world actually believe that on January 1st their Sun sign is Capricorn However the truth is that the Sun is actually in the constellation of Sagittarius This is the truth of astronomy and the sidereal zodiac system So if you were born on January 1st of any year your Real Sun Sign is Sagittarius not Capricorn This book shows everyone who wants to continue believing in their old sign while embracing the truth of their Real Sun Sign how to blend these two systems so that who you REALLY ARE and what you are destined to learn about yourself is anchored in the truth It is a gentle reminder that you are not living your most authentic self Are you the Virgo Selfless Servant or Aquarius The Giver Read the Zodiac Conspiracy and be introduced to the truth and Your Real Sun Sign

The All-seeing Eye, 1926 *The Secret Doctrine: The Synthesis of Science, Religion, and Philosophy (Complete)* Helena Petrovna Blavatsky, 2020-09-28 Since the appearance of Theosophical literature in England it has become customary to call its teachings Esoteric Buddhism And having become a habit as an old proverb based on daily experience has it Error runs down an inclined plane while Truth has to laboriously climb its way up hill Old truisms are often the wisest The human mind can hardly remain entirely free from bias and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made This is said with reference to the prevailing double mistake of limiting Theosophy to Buddhism and of confounding the tenets of the religious philosophy preached by Gautama the Buddha with the doctrines broadly outlined in Esoteric Buddhism Any thing more erroneous than this could hardly be imagined It has enabled our enemies to find an effective weapon against Theosophy because as an eminent Pli scholar very pointedly expressed it there was in the volume named neither Esotericism nor Buddhism The esoteric truths presented in Mr Sinnett's work ceased to be esoteric from the moment they were made public nor did the book contain the religion of Buddha but simply a few tenets from a hitherto hidden teaching which are now explained and supplemented by many more in the

present volumes And even the latter though giving out many fundamental tenets from the Secret Doctrine of the East raise but a small corner of the dark veil For no one not even the greatest living Adept would be permitted to or could even if he would give out promiscuously to a mocking unbelieving world that which has been so effectually concealed from it for long ones and ages Esoteric Buddhism was an excellent work with a very unfortunate title though it meant no more than does the title of this work The Secret Doctrine It proved unfortunate because people are always in the habit of judging things by their appearance rather than by their meaning and because the error has now become so universal that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Budh ism
