Seeds Of Success Entrepreneurship And Youth:

Seeds of Success William B. Walstad, Marilyn L. Kourilsky, 1999 *Entrepreneurship and Local Economic Development* Norman Walzer, 2007-10-08 Entrepreneurship and Local Economic Development delves into the current thinking on local entrepreneurship development programs and evaluates ways in which practitioners can implement successful entrepreneurship practices Examining the role and potential for entrepreneurship programs in local economic development strategies contributors to this edited collection have many years of experience working with entrepreneurship initiatives in state and local governments Focused on theory and case study Entrepreneurship and Local Economic Development examines conceptual issues involved in creating entrepreneurship programs as well as practical examples of programs organized by state regional and local agencies

#Fix Young America Young Entrepreneur Council, 2012 Our government is being strangled by partisan politics youth employment is at a 60 year low and student loan debt has surpassed 1 trillion and yet young Americans are starting businesses in record numbers all over the United States If we want Millennials and future generations to survive and thrive in the new economy then we need to funnel this entrepreneurial energy into something positive or risk turning the Millennial generation into a lost generation The solutions in this book represent the beginning of an important conversation about how to support and foster the real leaders of tomorrow From policy ideas and educational programs to private sector solutions and philanthropic activities FixYoungAmerica provides best practices and tangible solutions for solving the epidemic of youth unemployment straight from the individuals and organizations that are already in the trenches working to rebuild an entrepreneurial America right now Entrepreneurship in Nebraska Eric C. Thompson, William B. Walstad, 2008-12-02 Nebraska's entrepreneurs play a vital role in the state's economy This book investigates that role and analyzes the business and economic conditions that affect start ups in both the short and long run Using Gallup's extensive survey findings it reveals the attitudes of small business owners and the general public about topics such as starting a business entrepreneurship education economic development and business transition and succession Research into business conditions and attitudes in different regions of Nebraska provides an in depth understanding of the climate for entrepreneurship In its final chapter the book describes what actions can be taken to maintain the state's dynamic economy to foster further growth additional job creation and expanded wealth and philanthropy Through its scope and comprehensive analysis Entrepreneurship in Nebraska provides a model that any state can use to advance its own economic climate

Career Development in Childhood and Adolescence, 2007-01-01 In the past few years many career theorists have noted the dearth of literature in the area of career development in childhood and adolescence A growing need for integrating theory and research on the early stages of vocational development within a systemic life span developmental approach has been articulated This volume the first book dedicated to career development of children and adolescents provides a broad and comprehensive overview of the current knowledge about the key career processes that take place in

this age group Each of the eighteen chapters represents an in depth examination of a specific aspect of career development with a focus on integrating modern career theory and ongoing research and further developing theory practice connections in understanding child and adolescent career behaviour Twenty six authors leading experts from eight countries provide a state of the art summary of the current thinking in the field and outline directions for future empirical work and practice

Current Topics in Management M. Afzalur Rahim, M. Rahim, 2009-11-01 As the series editor M Afalur Rahim points out with justifiable pride for the past fourteen years Current Topics in Management has provided high quality research and theory on management concerns at the international as well as national levels and done so through with respect for the universality collegiality and need for broad involvement The present volume continues and expands on that tradition and is predicated on the need for high level interactions between human motivation and organiational performance While each essay is unique and can stand alone the volume demonstrates a linkage in four major sections organiational behavior and performance strategy structure and performance cognition common sense and effectiveness and entrepreneurship as a whole This makes possible a unique title for the volume as a whole Organiational Behavior Performance and Effectiveness This volume takes on innovative dimensions in its own right the relationship between competence performance and longevity in issues of social support networks and organiational turnover the issue of competence destroying technologies that are engulfed by uncertainty firm performance and cognitive differentiation of tasks management premises and cellular organiations both past and present and wider issues of cognition in the performance of tasks and the design of enterprises This is in short a cutting edge volume of potential wide use and interest in a variety of public and private managerial situations M Afalur Rahim is the founding editor of the International Journal of Organiational Analysis and International Journal of Conflict Management author of twenty books and numerous journal articles and is a University Distinguished Professor at Western Kentucky University Handbook of Research on Entrepreneurship Policy David B. Audretsch, Isabel Grilo, A. Roy Thurik, 2007 This book is a well written and handy source for readers Additionally it provides an overview of current issues relevant to the development of entrepreneurial policy which is based on interesting case studies across a number of nations Dessy Irawati International Journal of Entrepreneurial Behaviour and Research What is new in the world is the need to understand business dynamics the entry exit and growth of firms in the economy This dynamic firm structure as opposed to the static firm structure that dominated past thinking has spurred an outpouring of research The heart of the issue is that while many have identified the importance of business dynamics entry and exit we have only recently taken a closer look at the ecological system in which some companies must die for others to thrive Entrepreneurs are the predators of this system Public policy in an entrepreneurial economy dynamic must limit the forces that prevent firm exit and foster the forces that promote firm entry This book makes an important contribution to the debate Zoltan J Acs George Mason University US and Max Planck Institute of Economics Germany This unique Handbook provides a solid foundation for

essential study in the nascent field of entrepreneurship policy research This foundation is initially developed via the exploration of two significant propositions underpinning the nature of entrepreneurship policy research The first is that entrepreneurship has emerged as a bona fide focus of public policy particularly with respect to economic growth and employment creation The second is that neither scholars nor policy makers are presently equipped to understand the public policy role for entrepreneurship The contributors experienced scholars specialist researchers and dynamic policy makers thus grapple with novel questions of considerable policy relevance that few have previously posed The Handbook therefore provides some of the first crucial systematic analyses of important issues and key questions to be raised in order to move entrepreneurship policy forward are also presented Written by academics and practitioners drawing examples from both North America and Europe this stimulating new Handbook is a prerequisite for students scholars and practitioners in the incipient world of entrepreneurship policy
