Silversmiths of Lancaster, Pennsylvania, 1730-1850 Vivian S. Gerstell,1972 **Silversmiths of Lancaster, Pa., 1730-1850** Vivian Gerstell,1972 American Silversmiths and Their Marks Stephen G. C. Ensko,2012-08-02 So thoroughly is the American ethos embodied in the works of American silversmiths that it has given to their product a typical identity and it never can be mistaken for that of any other country Charles Messer Stow in the Introduction Forsaking the flourishes and ornamentation favored by their European contemporaries early American gold and silver smiths pioneered a new American aesthetic sensibility in creating for their well heeled clients finely worked luxurious metalware for the table which was marked by a simplicity and forthrightness of design These accomplished artisans have left us not only a stunning legacy of priceless silverware but also an opportunity to examine the culture lifestyle and values in short the developing ethos of young America For social and cultural historians as well as Americana buffs the study of silversmithing in this book will provide a unique perspective on a spirited new nation For serious connoisseurs of American gold and silver ware silver dealer Stephen G C Ensko s American Silversmiths and Their Marks is a rich and definitive directory Ensko has compiled an exhaustive list of over 3 000 gold and silversmiths working between the years 1650 and 1850 Biographical details and location of their shops are given wherever possible Maps of the great metropolitan centers of smithing Boston New York and Philadelphia with shop locations noted are appended Over 200 of the finest examples of the work of early American artisans are displayed in sharp clear black and white photographs Items include tankards cups candlesticks sugar boxes inkstands tea sets porringers plus a pitcher sauce dish teapot and other works by famous New England patriot Paul Revere The usefulness of this work is perhaps most apparent in the practical listing of identifying marks associated with gold and silversmiths With over 3 000 entries this feature alone renders American Silversmiths and Their Marks indispensable to enthusiasts interested in tracking down and identifying antique pieces Missouri's Silver Age , Collectively the entries and the illustrations shed light on the growth of enterprise in Missouri show the impact of the individual on the developing frontier economies of the Midwest and reveal how the production acquisition and possession of material goods reflected the culture and values of Americans during the 1800s Mack provides a brief but thorough history of silversmithing in America for novice collectors and historians detailing the various methods used in making silver and the range of styles that were popular providing insight into the methods of training apprentices and explaining the effects of mechanization on the trade *Colonial Silversmith* Henry J. Kauffman,1995-04-03 In Colonial America silversmiths produced objects of great merit crafting everyday articles with care and skill The products of the colonial period are well known but there is little authoritative research on the actual techniques of the silversmith Henry J Kauffman fills the gap with this study He describes the tools and the methods used by these colonial artisans in fashioning the wide variety of silver objects that today are so highly prized Photographs of the finished products together with detailed illustrations of the step by step fabrication of individual objects supplement the text

Cultures at the Susquehanna Confluence Katherine M. Faull, 2024-03-12 Located at the confluence of the north and west branches of the Susquehanna River Shamokin was a significant historical settlement in the region that became Pennsylvania By the time the Moravians arrived to set up a mission in the 1740s Shamokin had been a site of intertribal commerce and refuge for the Native peoples of Pennsylvania for several centuries It served first as a Susquehannock then a Shawnee and then a primarily Lenape settlement and trading post overseen by the Oneida leader and diplomat Shikellamy Cultures at the Susquehanna Confluence is an annotated translation of the diaries documenting the Moravian mission to the area Unlike other missions of the time the Moravians at Shamokin integrated their work and daily life into the diverse cultures they encountered demonstrating an unusual compromise between the Church's missionary impetus and the needs of the Six Nations of the Iroquois The diaries counter the dominant vision of the area around Shamokin as a sinister place revealing instead a nexus of vibrant cultural exchange where women and men speaking Lenape Mohican English and German collaborated in the business of survival at a pivotal time The Shamokin diaries which until now existed only in manuscript form in difficult to read German script in the Moravian Archives in Bethlehem Pennsylvania allow today's readers to experience the Susquehanna confluence and the rich intercultural exchanges that took place there between Europeans and Native Americans
