**Journey of Your Soul** Shepherd Hoodwin, 2013-04-23 A fascinating discussion of the Michael teachings an extraordinary body of channeled work that addresses the fundamental questions of what it means to be human from an expert Michael channel Michael is a group of souls who teach that we are eternal beings journeying from the Tao and back again in an adventure of exploration and creativity Each step along the way we make choices that shape our experience For example after committing to a series of lifetimes we choose one of seven roles or soul types server priest artisan sage warrior king or scholar These teachings address many age old questions such as How did we become who we are Why are we here Where are we going and How does the universe work In addition Journey of Your Soul sheds light on the channeling process itself answering questions such as How does channeling work Why do different channels receive conflicting information and What does it take to become a channel Hoodwin shows us that it is possible and indeed beneficial to engage all parts of the human consciousness His unique analytical approach to channeling will help readers gain a firm intellectual understanding of what is involved In his foreword Jon Klimo PhD author of Channeling Investigations on Receiving Information from Paranormal Sources says Shepherd Hoodwin has given us one of the best books to date about the phenomenon of channeling Journey of Your Soul may well also be the best of the Michael books due to its clarity thoroughness and detail and thanks to the fact that the author an exceptionally clearheaded Michael channel himself brings real integrity and authenticity to our understanding of Michael in particular and to the channeling process in general

*Channeling* Jon Klimo, 1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it He profiles recent channels and their sources goes back to preliterate societies and the

advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide     *Loving from Your Soul* Shepherd Hoodwin,1995 People everywhere are looking for a higher perspective on love than the popular view of romance *Loving from Your Soul* Creating Powerful Relationships an inspiring and unusual book by Shepherd Hoodwin goes to the core of the issue by exploring the nature of love itself It is a collection of discourses and counseling Hoodwin channeled from the Michael entity that views love as an eternal reality not dependent on other people or situations it is something we can learn to access all the time through connecting directly with our soul Michael is well known to readers of metaphysical books There are several Michael books in print from the work of various channels and most of them deal with a technical body of information called the Michael teachings However *Loving from Your Soul* is not a technical book It deals with topics such as sexuality anger body image loneliness boundaries listening friendship finding a mate and alternative lifestyles These subjects are framed within a larger context of explorations such as *Loving Yourself Being at Your Source Different Ways of Loving Oneness Communicating Your Whole Being and Expanding Love* According to *Loving from Your Soul* Love is a unified experience that does not cut off any portion of your reality When you are loving yourself you are loving others When you are loving others you are loving yourself When you are having joy in what you are doing you are giving joy to the world there is no separation between you and the world What does it mean to love and to be loved People everywhere are seeking a higher perspective than the popular view of romance This outstanding book goes to the core of the issue by illuminating the nature of love itself as a reality that is always available Topics include sexuality anger body image loneliness boundaries listening and finding a mate framed within a larger context With vibrant clarity it will have a resounding impact on the way we look at love from now on Sheila Andersen Leading Edge Review This book positively radiates love There is genuine wisdom here Key Carey author of *The Starseed Transmissions* *Loving from Your Soul* is quite beautiful Michael comes through loud and clear I m delighted that Michael is around Ram Dass author of *How Can I Help and Be Here Now* This is channeling at its best *Loving from Your Soul* is more than just excellent it captures a lovely combination of compassion and intellectual clarity John Friedlander author of *Psychic Psychology* *Loving from Your Soul* is superb and brings great joy It touches the profound depths of who we are It is far and away the best book on love I have ever read exploring how we can love from the deepest and strongest part of ourselves I experienced tears of recognition as I read it Mayo Gray author of *The Savage Season* The truths emerge powerfully in this loving compassionate material A wonderful experience Catalyst     *Meditations for Self-Discovery* Shepherd Hoodwin,1995 Meditation is becoming increasingly popular with both groups and individuals Corporations are finding that meditation increases productivity School teachers are using meditation with children and

doctors are recommending it for their patients There are many approaches to meditation but they fundamentally fall into two categories guided and unguided Unguided meditation is free form one simply seeks to empty the mind and come into the present moment Guided meditation is directed one invites particular experiences Guided meditation audio recordings abound However Meditations for Self Discovery Guided Journeys for Communicating with Your Inner Self is one of the first collections of guided meditations in book form It is perfect for group facilitators who would rather lead meditations themselves than play recordings For individuals these journeys can be read silently as meditations or poetry or be read aloud and recorded it has been found that listening to guidance in one s own voice can make it more powerful These meditations are designed take readers and listeners to new places within themselves helping them feel uplifted and energized Afterward the meditation experience can be interpreted like dreams providing insight into where one is mentally emotionally and spiritually There are forty five meditations in this ebook each lasting about fifteen minutes although they can be shortened or extended to meet the needs of those using them Titles include Journey Through Your Mind The Crystal Cave Visiting Venus The Angel s Gift A Friend Across the Universe and The Great Mother Meditations for Self Discovery is a valuable tool for leaders of personal growth groups including support and therapy groups healing circles and classes of all kinds The meditations can promote relaxation and self knowledge as well as help bring their group together Doctors nurses therapists and other healers can use the imagery in this book to create a healing atmosphere in their patients and among their staff Members of the clergy may wish to use this book with their congregations Children love meditation and the vivid images in Meditations can stimulate their imagination as well as their self knowledge parents or teachers can invite children to draw dance or musicalize what they experienced in meditation and can discuss their experience with them afterward
