assignments that he believes will lead to the greater good When American Synergy Corporation oil executive Kingsman Helms begs Janson to rescue his wife Allegra from Somali pirates Janson and Kincaid view it as the perfect opportunity to infiltrate ASC and disrupt the company's scheme to subvert independent oil rich African countries into wholly owned ASC subsidiaries Once on the ground Janson and Kincaid discover that the pirates may be the least lethal threat in the violent chaos of anarchic Somalia Is Allegra's kidnapping for real or is she merely a pawn in her husband's machinations for control of the country Janson and Kincaid quickly find themselves embroiled in a bewildering storm of plots and counterplots and their fight to survive threatens to disrupt the entire region and beyond

**Robert Ludlum's The Bourne Evolution** Brian Freeman, 2020-07-28 America's most enduring hero Jason Bourne returns in a propulsive fresh story for the Bourne canon that tests old skills and uncovers new ones After the death of his lover in a mass shooting secret agent Jason Bourne is convinced that there is more to her murder than it seems Worse he believes that Treadstone the agency that made him who he is that trained him is behind the killing Bourne goes rogue leaving Treadstone behind and taking on a new mission to infiltrate and expose an anarchist group Medusa But when a congresswoman is assassinated in New York Bourne is framed for the crime and he finds himself alone and on the run hunted by both Treadstone and the tech cabal that had hired him In his quest to stay one step ahead of his enemies Bourne teams up with a journalist Abbey Laurent to figure out who was behind the frame up and to learn as much as he can about the ever growing threat of the mysterious Medusa group As more and more enemies begin to hunt Bourne it's a race against the clock to discover who led him into a trap and what their next move may be

*Robert Ludlum's (TM) The Bourne Objective* Eric Van Lustbader, 2010-06-01 New York Times bestselling author Eric Van Lustbader returns with another Jason Bourne thriller as he spars off against another deadly agent and he might be the perfect match for Bourne Facing down mercenaries in Africa Jason Bourne witnesses the death of an art dealer named Tracy Atherton Her killing dredges up snippets of Bourne's impaired memory in particular the murder of a young woman on Bali who entrusted him with a strangely engraved ring an artifact of such powerful significance that people have killed to obtain it Now he's determined to find the ring's owner and purpose But Bourne never knows what terrible acts he'll discover he committed when he digs into the past The trail will lead him through layers of conspiracy to a vicious Russian mercenary Leonid Arkadin who was also a graduate of the Central Intelligence training program Treadstone A covert course designed to create ruthless assassins for C I it was shuttered by Congress for corruption Yet before it was dismantled it produced Bourne and Arkadin giving them equal skills equal force and equal cunning As Bourne's destiny circles closer to Arkadin's it becomes clear that the eventual collision of these men is not of their own making Someone else has been watching and manipulating them Someone who wants to know Who is the more deadly agent
